By order of the Republican District Committee

D. BLAKELY, Chairman.

COMPOSITORS WANTED.—We want six or eight first class compositors immediately. Apply at the office of the DAILY PRESS.

WAR FUND.

At a meeting of the Committee to receive and apportion the war fund held at the City Hall on the 13th of Aug., 1862.

Present—Messrs. J. C. Burbank, Wm. H. Forbes, Horace Thompson, Peter Berkey, Wm. Dawson, and Edmund Rice.

Mr. Burbank in the chair. Mr. Rice, Secretary.

On motion of Mr. Rice, Horace Thompson was unanimously elected Treasurer to receive and pay out the funds raised for volunteers and their families.

On motion of Mr. Berkey, it was

Resolved, That all moneys drawn from the Treasurer be paid upon the orders of his Honor the Mayor of the city, endorsed upon proper certificates of enlistments, and approved medical examination, in conformity with the resolution adopted by the Committee yesterday, to wit;

That fifty dollars bonn. be appropriated to each volunteer, being a resident of Ramsey county, who shall enlist on and after to-day, the 12th, and before the 25th inst., in any of the Companies now being or to be raised in said county, or in any of the Minnesota regiments or detached companies already in the field; that all remaining funds that have been or may be raised be all appropriated for the support of the families of such volunteers.

EDMUND RICE, Secty.

WAR MEETING IN WEST SAINT PAUL.

An enthusiastic war meeting was held in West Saint Paul last evening. A liberal bounty fund was raised—enough to pay $20 to each recruit for the township's quota. This added to the County bounty, $35, makes $55.

Mr. N. N. Thompson is recruiting a company for which quite a number volunteered at the meeting last night.

BISHOP GRACE.

We invite the special attention of the citizens of Minnesota, both Catholic and Protestant, to the letter of Col. Robertson in this morning's paper, respecting the position of Right Rev. Bishop Grace in regard to the duty of the loyal citizens in the present crisis, and especially in regard to the obligations and duties of our naturalized citizens.

INDUCEMENTS TO ENLIST.

The war meeting at Ingersoll's Hall, on Tuesday evening, was a remarkable success. Such manifestation of earnest, substantial enthusiasm, said Senator Wilkinson, "I have not seen all along the line of travel from the seaboard to the Mississippi." Nearly ten thousand dollars were reported, as subscribed to the war fund, for the benefit of volunteers and their families. The pay and bounty offered by the Government are without a parallel in the history of any other people. Private generosity goes still farther for the benefit of the soldier; so that between the general providence of the government of the city, and of the private citizen, the soldier is the pet child of the country, from his enlistment, to the close of his life—armed, clothed fed, *protected*, PAID. Was there ever the like before? Not only patriotism but interest beckons the soldier to the field. Not only does he earn the title of defender of his country, but he earns material aid. No other profession pays so well as that of arms. The soldier has fame—he has besides, if not wealth, a competence.

He treads a pathway, not strewn with flowers, it is true; but still, one which a free citizen may be proud to tread. Bounty from the Government, bounty from the State, bounty from the private citizen, food, clothing, medical assistance—all free of charge,—and a farm after the close of the war.

What more than this can the soldier ask?

—The reports about the evacuation of Richmond, the prevalence of pestilence, &c., &c., turn out to have been the purest *canards*. A gentleman just returned from that city, reports that on the contrary, the rebels are making the most formidable preparations for its defense, and that a large army is encamped in that vicinity. And we guess he tells the truth. The possession of their Capital is the very sheet anchor of the hopes of the enemy. Abandoning that, they abandon all.

WAR IN EARNEST.

Nothing can be plainer than that a change of policy has been resolved upon by the administration at Washington. The strength of the Government is to be effectively used. The enemy is to be overpowered by numbers, and peace and order re-established in the insurgent districts. What has been done at Nashville, Memphis and New Orleans can be and must be done at Richmond, Montgomery, Vicksburg, Mobile and Charleston. Severity comes first, lenity afterwards. The police of the city holds no parley and offers no clemency to burglars incendiaries and robbers. The police of the State, the army and navy of the nation, is bound to act on the same principle with reference to all rebels, pirates and traitors. Submission first, the exercise of clemency afterwards. Thus far in the history of this war the the order has been reversed, in many cases, and some temporary reverses have consequently been experienced.

The demands of mercy, as well as the the instincts of self-preservation, demand a short war, and a severe regime. To talk of conciliation with armed traitors, seeking the life blood of the Republic is an indication, not only a want of self-respect, but of positive dishonor, if not of actual sympathy with the rebels.

The Government and the people, with few exceptions, are aroused and thoroughly in earnest. No longer shall we hear of exposure to superior rebel forces. Never again, we hope, will our gallant officers be under the necessity of raising sieges or of abandoning favorable and fortified positions, because reinforcements cannot be obtained.

Soon there will be more than a million of soldiers in the field, supported by a population able and willing, if necessary, to supply a million more. Henceforth we meet the rebels with superior numbers at every point, while the negroes pressing within our lines relieve our soldiers of servile labor and aid in the construction of fortifications. No longer will our brave troops be compelled to guard the property of rebels seeking their lives, nor to suffer of hunger and thirst, tantalized by the presence of fruits and fountains which they dare not touch.

All this is changed. The people enlist for the war, and war means confiscation: war means destruction; and now the mighty forces are collecting which will pour their steady columns across the rebel territory and down to the Gulf without check or hindrance, repairing the reverses of the last few weeks and making an entire revolution in that current of misfortune which has followed the brilliant successes of the spring.

The new order of things removes many of the objections to entering the army, because it opens the way clear to victory and honor.

CHAPLAINS.

We find in the Philadelphia correspondence of the New York *Observer*, very sad statements concerning the "shepherds" in the United States army. One Chaplain is "gone" to have "preached but twice since he entered the regiment." Another took no notice of the privates, but was "very attentive to the officers." A third "played cards regularly every day; had preached but once, and then to a little squad, a portion of whom played cards during the service." Many of the soldiers seemed astonished when they were informed, on a certain occasion, that it was Sunday—remarking that they did not know they ever had any Sundays in their regiment.

This is a subject in which every one is interested, who has a son, brother or friend in the army. The appointment of a Chaplain for every regiment, is a dictate of humanity as well as of religion, but the appointment should be made with care, of regularly ordained clergymen, bearing credentials of good standing from the constituted ecclesiastical bodies of their respective denominations. This would obviate the danger of being imposed upon by such as have assumed the office merely to serve a purpose.

There are doubtless incompetent and unworthy Chaplains, as there are incompetent and unworthy Captains, Colonels and Generals.

If a military officer plays cards, and drinks intoxicating liquors, and uses profane oaths, it excites no special notice. If a Chaplain does so, he is broken, and ought to be. The moral requisitions demanded of a Chaplain, are of a higher order.

We regret to know that some officers, otherwise good and true men, do thus degrade themselves and set a bad example before their men. We trust that the number of Chaplains who do so, are few, and far between.

s respects the preaching service, the Chaplain is placed in a difficult position. He is subject to the control of the Colonel, as is the Colonel to that of his superior. A devoted Chaplain, whom we happen to know, greatly endeared to the men of the regiment, stationed first in Missouri and afterwards at Pittsburg Landing and at Corinth, was unable for three consecutive Sabbaths to preach, though sustained by the high moral tone of the regimental commander, because the General in command, for no reason that could be discovered, chose to have camp removals and other servile labors done on the Sabbath, rather than on Saturday or on Monday, or even at a later hour on the Sabbath, than that appointed for public worship. As the men were assembling for worship, an order was received for removal from the camp, and of course the service could not be performed.

Let justice be done to the Chaplains, than whom a more laborious and disinterested class of men cannot be found in the armies of the Republic.

BISHOP GRACE'S VIEWS ON THE WAR.

From the Pioneer, of yesterday.

ST. PAUL, August 12, 1862.

CAPT. EARLE S. GOODRICH:

MY DEAR SIR: It is a fact well known among intelligent citizens of this State, that quite a large class of our population is avowedly hostile to the enlisting necessary measures of the Government, which all loyal men should applaud, for the suppression of the Southern rebellion.

It is not essential, at this time, to refer more specifically to this class of erring citizens, than whom none are more indebted to our munificent institutions for the great privileges and advantages they enjoy: than whom none should be more ready to defend on the battle-field, our imperilled nationality; and among whose countrymen those now in the war have won imperishable glory, setting them a noble example.

Their conduct is really inexplicable. There must be some hidden influence operating on their minds—some strange infatuation, which seems to extinguish in their hearts every spark of true patriotism. Yet I cannot believe they *mean* to be disloyal. In any cause in which they engage with heart, no people are braver or more chivalrous; and they have hitherto enjoyed the reputation of sincern devotion to American institutions. And yet, from them alone, (if we except a few rabid secessionists in our midst, who are now silent as the grave,) we hear of threats of resistance to the law and authority of the Government—of refusal to submit to a draft; of a refusal to give their names or those of their friends and relatives to the Assessors for the enrollment of the militia. Such conduct cannot and will not be tolerated. I say this because I have this day been informed by Assessors that in consequence of such conduct they will need my official aid to enforce the full enrollment of the militia of this county.

I address you this communication for the purpose of advising you of these facts; and to request that you will exert the influence of your journal for the enlightenment of these misguided citizens, and thus kindly remedy this evil. I desire you, also, to state emphatically that any further attempt, in this county, to resist or prevent the enrollment of all persons liable to military duty, will be immediately followed by the arrest and punishment of every one so violating the law; and that I will, as authorized by the statute, employ all necessary force to vindicate this declaration.

This is not a time to hesitate in the discharge of duty, or trifle with traitors, secession sympathizing, or resisting populations, in the midst of communities now being depleted by the enlistment of patriotic citizens.

I deem it proper, in this connection, to say to you, for such as you may think expedient, that the imputation or suspicion, which I have heard in various parts of the State, that Bishop Grace of this city, sympathizes with hostility to the Government, or is in any way tolerant of its manifestation in our midst, is utterly unfounded, and inequalifiedly unjust to that distinguished gentleman.

I can assure you that a more truly loyal and patriotic citizen does not live among us. Although by birth a South Carolinian, and undoubtedly a supporter, at the time of their agitation, of the "compromise measures" devised by many patriotic citizens, with the hope of averting rebellion, he has been since the agitation has progressed beyond compromise, as always before, a true Union man in views, feelings and expressions. I know this fact from others, upon whom I can implicitly rely, as well as from conversation with that gentleman.

As late as yesterday morning I called upon the Right Reverend Bishop, who is confined to his room by illness, and stated to him that I had lately visited several counties in the State and found the opinion, or rather impression, to be widespread among the Protestant population that the influence of his presumed views among the Catholics of this State is unfavorable to the Union cause; an imputation which I know to be unjust, and which I have everywhere sought to remove. The Bishop said in reply, that he took no part in public affairs, but that he had always encouraged any of his people who spoke to him on the subject to support the Government and cheerfully obey the laws to submit to the draft and encouraged all to volunteer who spoke to him on that subject, mentioning cases of which I had been previously informek.

He authorized me to state publicly at my discretion, his sentiments in this regard, and said—(I wrote down in his presence the following words of his conversation, which he uttered with emphasis and emotion,

"The saddest day for humanity ever known would be that on which the American Union would be destroyed.

Whenever spoken to on the subject, I have always encouraged my people to enlist in defense of their country. I have discouraged them from trying to avoid a draft—and that any of them have thought of doing so, I know only from rumor—and have always told them that they have enjoyed the protection of the Government and ought to be ready at all times to defend it."

He also stated to me some facts which it may not be proper to give in detail, but which I refer to, as evidence of the loyalty of the Bishop. The substance is this: the day previous he received a letter, informing him of a rumor of a movement on foot, in a certain part of the State among Irish and French Catholics, contemplating resistence to the proposed draft. He immediatel wrote a letter to the Catholic Priest in charge there, (the letter war mailed a few hours before this conversation) saying to him—"If there was any truth in the rumor, to discourage this movement in every possible way, and, to impress upon the Catholics there a sense of their duty to obey the Government and the laws of the country; that their conduct might be that of good and loyal cittzens."

I give you this information which I deem important, as data for any articles or strictures which you may think proper to write upon the subject referred to.

Yours very truly,

D. A. ROBERTSON.

—A New Orleans correspondent of N. Y. *Times* says there are symptoms of insubordination among the slaves of that city, and donbts if another sixty days go by without a woolly-headed demonstration a formidable character.

THE CITY.

APOLOGY.—Owing to a great press of news and a lack of help, our paper has been late in its issue for the last few days, and may have missed the morning mail on some occasions. We trust our readers will bear with us for a little, till we shall secure more help.

LIBERAL BOUNTY.—We omitted yesterday to notice specially the very liberal bounty offered by the principal and employees in the Surveyor General's Office—$800—for the support of the families of volunteers, to be equally divided between the counties of Ramsey and Hennepin. In addition to this, they have contributed one of their number, Mr. Geo. W. Bray, to fill up the quota of Ramsey county.

Subscriptions for Volunteers.

The following subscriptions were made at the two meetings at Ingersoll's Hall, on Monday and Tuesday evenings, for the purpose of raising bounties to those enlisting from Ramsey county. In addition, we learn that the committees obtained a good many subscriptions during yesterday, which we were unable to obtain last evening:

DAKOTA RIFLES.—J. E. Chapman of Hastings was yesterday commissioned as Second Lieutenant in the Dakota Rifles. They have seventeen men sworn in, and are to go into the Ninth Regiment.

CAPT. JOHN O'GORMAN is right on the war question all the time. He is too old and has too many small children to be able to go to the war himself. But he has done far better. His contribution is better than gold: it is his two sons, who were yesterday sworn into the Minnesota Grenadiers for the Sixth Regiment.

SALE OF FURS.—The Hudson Bay Company have disposed of a lot of their fine furs to Messrs. J. & C. M. Daily of this city, instead of sending them to the Eastern markets. St. Paul is one of the best markets for the sale of furs in the country.

MESSRS. STRONG & WYLIE authorize us to say they will give ten dollars each to the families of the first ten men in Ramsey county who will enlist on and after to-day.

THE Young Men's Guard last evening numbered about 70 men men. At this rate they will reach the minimum to-day. The young men are aroused.

BOB BAXTER is getting along finely with his company. He has upwards of 30 men.

SHERIFF STROUT is recruiting for the 7th Regiment Minnesota Volunteers. We are happy to learn that he is doing a successful work, and will no doubt fill up his company this week. He has about thirty entered for the first day's work.

NINTH REGIMENT.—The following are the appointments of Second Lieutenants in the Ninth Regiment, up to yesterday afternoon: Charles J. Stees, of Ramsey county, E. A. Folsom, Washington county, Geo. Bradley, Scott county, John S. Cady, Anoka county, Ernst Klinkerfues, Ramsey county, Wm. Thompson Rockwood, Ramsey county, J. E. Chapman, Dakota county.

TUITION BOUNTY.—I will give a years' tuition to each of four pupils from four different families of citizens of St. Anthony, who will enlist for the war, on being certified of such enlistment by G. A. Camp.

J. F. BUTTERFIELD,
Principal Select School.

ST. ANTHONY, Aug. 11, '62.

SARSFIELD GUARDS.—This is a company just about organizing for the Eighth Regiment, under the auspices of John Grace, M. H. Sullivan and Thomas Howard, gentlemen of respectability and influence among the adopted citizens of Irish birth. Their recruiting office is in Rogers' Block.

CORCORAN GUARDS.—This company, the first to organize in the Eighth Regiment, offers great inducements to all Irishmen to join them. Some sixteen or more were sworn in yesterday afternoon, and among them M. J. O'Connor, John Bell, Matthew Flood, Hugh Dunn, and others of great influence and prominence. Ald. O'Connor was commissioned as Second Lieutenant.

HUTCHINSON FAMILY.—The public will bear in mind that the Hutchinson Family will sing at Ingersoll's Hall this evening. We bespeak for them a full house to hear their soul-stirring songs for the times. This is the same company that were recently among the camps in and around Washington.

WHO WILL BE THE HIGHEST BIDDER?—Owing to the rain yesterday morning, the sale of the fine carriage horse presented to the Young Men's Guard by Edmund Rice, Esq., was postponed until this morning at 10 o'clock, when the sale will take place at Bridge Square. There will also be sold for the benefit of the needy of the company, a fine Cow, donated for that purpose by Dr. D. C. Price of this city.

OUR EMPLOYEES.—Since the last call for 300,000 men, we have lost a great portion of our employees by enlistment for the war. In addition to those mentioned the other day, Messrs. E. S. Lightbourn and A. W. DeLany joined Lieut. Gilfillin's company, in the Seventh Regiment, day before yesterday, and W. R. Marshall, Charles R. Stuart, and W. W. Defoe, were yesterday sworn in as privates in Marshall's Company for the Ninth Regiment, and J. P. Owens was sworn in as a private in the Minnesota Grenadiers.

GENERAL MORRIS.

To Brigadier General Morris, of Indiana, engaged in the three months' service, the country is indebted for the successful and brilliant campaign in Western Virginia, during the early period of the war.

Where is he now, and why does not the Government avail itself of his valuable services? The wisdom and energy of so skilful an officer cannot well be dispensed with in the present crisis.

The great want of the hour is that of well qualified military leaders. Our battles though often badly planned, or not planned at all, the troops being taken by surprise have been the best fought of any since Napoleon's day. Our rank and file are splendid fighting men,—but where are the fit leaders for the new levy of more than half a million of soldiers?

HOUSTON COUNTY.

The Republicans of Houston County held their Convention at Caledonia on Tuesday last, for the nomination of Delegates to the District Convention to be held at Owatonna on the 20th instant, for the purpose of nominating a Representative to Congress in the 1st District.

The following delegates were nominated: Hon. Charles H. See of Brownsville; Geo. F. Potter of LaCrescent; Daniel Cameron of LaCrescent; D. L. Clements of Hokah; Wm. H. Bunee, of Caledonia.

Strong war resolutions were adopted, also resolutions endorsing the Congressional action of the Hon. Wm. Windom, and expressing the wish of the Convention for that gentleman's re-nomination.

—Wm. L. Yancey, according to the New Orleans *Delta*, has been making a speech in Richmond, in which he advocates the crowning of Jeff. Davis with supreme power, with the title of dictator.

News Items.

—The Grand Jury of the United States District Court of Indiana has performed a good service in ferreting out a secret traitorous organization in that State. The investigation has been thorough, and the result presents a rather startling record. No less than fifteen thousand citizens of Indiana are banded together in this organization—which turns out to be a revival of the infamous K. G. C. order—for the avowed purposes of preventing enlistments, resisting taxation, and, in the event of obtaining sufficient numerical power, betraying our armies to the enemy. Enough has been discovered of their schemes to show that they are well laid, and that, to some extent, they have been put in effective operation.

—A very large share of the importations from foreign countries into the rebellious States arrive at Charleston. A semi-secessionist, who is doubtless well informed on the subject, has declared that more foreign goods have been landed at Charleston within the last twelve months than during any previous year in its history. It is understood that nearly the whole of the vessels which run the blockade at that port carry British papers. It is from this source that the rebels obtain a large proportion of those articles which they stand in such dire need of, including fire-arms. With all its vast resources cannot our Government make the blockade of Charleston thoroughly effective?

—In accordance with the request of many citizens, Governor Andrew, of Massachusetts, has authorized the organization of a new Boston regiment for the war, to consist of ten companies of infantry, two of rifles, and a battery of artillery. Lieut. Col. Batchelder, of the 13th Massachusetts, is to be the Colonel, and the Governor suggests that the regiment be mainly officered from soldiers now in the field who have earned the right of promotion for gallant services. Governor Andrew has granted permission to the Independent Cadets and the 4th battalion of infantry to form the nucleus of two new regiments for nine months' service.

Editors of the Press:

You will be pleased to hear how the work goes on in this part of the State. A rousing meeting was held at this place on Saturday evening, and to-day we had a glorious meeting at Owatonna. The meeting was large, and nobly did they come up to the work. Over sixty men were sworn in on the spot, and $4,500 subscribed at once, to be paid in immediately.

Truly yours, &c. A. MCKINNEY.

We are not willing to give utterance to the thoughts and feelings which the remarks reported to have been made by the Hon. C. A. Wickliffe yesterday in the Democratic Convention at Indianapolis are calculated to excite, until we shall receive more authentic intelligence as to what he actually said. *If* he said that the people of the United States ought now to pause in this war while the rebels are raging for the destruction of our nationality, that we ought to stay our hands and let the rebels have their own way until we can satisfy ourselves that our views as to Slavery, &c., will be in no respect interfered with by the prosecution of the war for the Union, he is about as good a rebel already as can be found North or South. But we hope the distinguished Kentuckian is misrepresented.

SENATOR WILKINSON.

We invite the attention of our readers to the patriotic and eloquent remarks of Senator Wilkinson at the war meeting on Thursday evening, reported for the PRESS by CHARLES BREWSTER, Esq.

Senator Wilkinson said:

Mr. President, Fellow-citizens:

Since this war commenced, there has been scarcely an event but that has crowned Minnesota with honor and with glory. There has been scarcely a battle field upon which her sons have not trod nor a conflict in which they have not borne an honorable part. (Applause.) From the West, to the Mississippi and along the lines of this great river, down to the State of Alabama and Mississippi, clear to the Atlantic coast your soldiers have written or established for Minnesota a name as proud and honorable as any which was ever won upon the battle field. (Applause.) And, my fellow-citizens, the exhibition here to-night furnishes the strongest possible proof that the State of Minnesota intends hereafter as she has heretofore, to bear her portion of the conflict which is now going on in the land.

I have attended since the adjournment of Congress very many meetings of this kind,—war meetings. I have watched the enthusiasm from the old states of the East, to the city of Chicago; and I assure you now in all candor and with all frankness without wishing to flatter you, or the people of St. Paul, that I have never seen a meeting yet where such universal enthusiasm was exhibited as that which characterises this gathering. (Applause.)

I thought while sitting here, a moment ago, that I would not ask a gentleman to do what I would not do myself, and drew a small check intending to put it in with the other contributions, when it occurred to me what a citizen of my town had to-day told me about volunteers from that region. That Mr. ——— had *ninety recruits* on the way from Mankato, and would be here in a day or two. (Loud applause.) They have brave men up there, but no rich men. They have generous and patriotic hearts up there, but no money to pay the families which were left behind. And I thought it was my duty after consulting with a friend—considered it my duty that whatever I have to give should be to the noble men who have been enlisted for this war from the county of Blue Earth. (Applause.) I hope you are generous enough to give me credit in your hearts at least for making an appropriate distribution of what little I have to pay. (Applause.)

Now, my fellow-citizens, I don't intend to detain you but a very few minutes. You want no sparring up for this conflict. The West scarcely wants it. But, now that I am at home here in Minnesota, I may be permitted to say that which, when further east, my modesty, perhaps, prevented. And I tell you, my fellow-citizens, the honor, the safety, the permanence, and the final glory of this nation, depend upon the Western states. (Applause.) I don't wish to speak disparagingly of anybody, for the people of the North everywhere have manifested a devotion for principle, and have rallied around the standard of the country with devotion such as never was exhibited on the face of the earth before. But in the uprising of this wonderful people, the Western man stands up like Saul, head and shoulders above any among them. (Loud applause.) And I verily believe, my fellow-citizens, that the valor of the Western troops upon the battle field, with the firmness and devotion of Western men in the councils of the nation, have done more to maintain the honor and glory, the undivided union of these states, than all other influences combined. This is the sublimest era in the history of the war. We sometimes, in our schoolboy days, regretted that we did not live in those stirring times of the past, when men wrote their names in the high niches of glory; and regretted that the dull, steady paths of peace prevented us from thus recording our names in the temple of fame by distinguished achievements. But we need not have any such regrets now. We live in an hour big with momentous events, an hour greater than that of any other in the history of the world before, if we except the Christian era, as we may see if we look over the old world, trembling at the issues which are agitating the Union. But look at our armies in the field, and the government at Washington, and say whether this people, fired with the most patriotic emotions, shall live or die; whether its eternal fame shall be upheld and maintained by her sons, or whether the government shall go down, States separating away, and our united individuality utterly and entirely disgraced? (Cries of "Never" and applause.) It is for the people to say whether they will have a name in future, a page in history to which all good men of future ages will turn with pride; or to say if we are to have no history, at all; or (if at all) only a disgraceful one. (Sensation.)

I have no doubt of this event my fellow-citizens, and never had; the only question with me was, "are the people of the country sufficiently stirred up?" Do they sufficiently comprehend the momentous issues at stake—do they realize the terrible conflict that is going on? These were the questions with me my fellow-citizens.

This meeting, such as I have seen all over the country, indicate too plainly to be misunderstood that your people do realize it. When before did you ever see such a meeting away out here in St. Paul—away from the terrible influences of war—the devastating influences of carnage and the bloody battle fields, two thousand miles away. But my friends this exhibition exists from St. Paul to Portland in Maine. Your county is being shaken as with the throes of an earthquake: and the power and majesty of the people is being felt as majesty and power was never felt on the face of the earth before. In a few days you will have nearly a million of men in the field. (Deafening applause.) England and France talk of intervention. Why my fellow-citizens, from the city of New York to St. Paul this country is nothing but one great granery: (applause.) golden harvests delight the passers by, and stand out with fatness. England has not wherewith to feed her people to-day, nor France. They dare not interfere with this war because they have not grain with which to feed their people. They talk of "cotton, cotton" but bread is a stronger power in the State than cotton—as the rulers of the old dynasties well know, when the poor, half-starved people crowd the streets, demanding relief and crying "bread, bread." (Applause.)

Yea, more: neither England nor France have the power to land one hundred thousand men upon a coast of this country. They cannot find a port where they can run their ships and land their men, before their forces will be swept into the ocean. (Vociferous applause.)

I have no doubt there is a lurking, secret enmity in their breasts, and that they would like to see this government destroyed. But there is a power in the government which the despotisms of the old world do not possess—and it exists, my fellow citizens, in these great broad acres which we have—your great granary for the supplies of the old world as well as our own. (Applause.)

A great people and a brave people are always magnanimous—always generous. Now permit me to say that success in the war is necessary if we would preserve our own individual personal respect and our honor—our honor as a nation, or our honor as individuals. For I tell you, in my humble judgment and limited reading of history, no nation yet ever maintained an honorable position in the earth that did not exhibit valor and prowess on the battle field. It is not that the triumphs or victories of war are so much more endowing than the triumphs of peace, or ennoble them so much more, but, it is because the requirements of war demand the development of certain characteristics—of a self-sacrificing devotion to principle—a heroism as necessary to success in peace as it is to victo y in war. It is because the people who succeed in war are brave, noble, generous men: and without these qualities no nation can succeed, either in peace or war. Those who succeed in war are the most prosperous in peace: because brave men are always great men, and great men make great nations. And, my friends, with the *will*, we have *power* to succeed; and it is only for us to say are we brave enough, generous enough, devoted enough, to succeed. I believe we are: and therefore, knowing that we have the power to do it, I believe we will do it. (Applause.)

Now just one word more, for I know you do not want to hear a long speech, and I am done. (Cries of "go on, go on.")

This is a terrible conflict: you all know it and feel it. It comes to the doors of many of you. It has wrought, or rather uncapped the sepulchre in your gardens. It has brought anguish and desolation to your homes, and has torn open the bosom of hundreds before me to-night. But terrible as are the issues of war, there may be a disaster visit this nation which is worse than the terrible calamities of war. It is the loss of our national home and glory—the subduing of every lofty opinion in this country.

We will succeed: because God is just, and never will permit a great and glorious people, fighting for so great and noble a cause as ours to be defeated. Never. [Applause.]

I wish to say a word or two in regard to the way in which this war is now likely to be conducted. We may have had different opinions upon what has taken place in the past, as we have always differed upon different questions before the country here to fore. I know but one class of persons in the country now. I am for the man that is for my country. Am opposed to and regard as my enemy he who is an enemy of my country. I ask not what has been the opinion upon questions which are gone, if his soul is leaping up towards the country, I am for him. Just as I have co-operated with my colleague in the Senate, so I am ready to co-operate with any men who is ready to uphold our cause—the cause of justice and humanity. [Applause.]

I believe that this war is to be pushed forward, (and I so state it upon evidence satisfactory to myself) with all the powers of the nation. There has perhaps been too much kindness with our noble hearted President—too great a desire to conciliate the rebels—to prevent them from having any just cause in prosecuting this war.

But, gentlemen, I know Mr. Lincoln well. I admit I have not always agreed with him as to the mode of conducting this war, but I know his heart to be as pure and true as any man's in America. (Tremendous applause.) He is as tender in his affections as a woman, and as kind as a child, and would not harm a hair of any man—(a voice, "or any other man")—and yet with all this tenderness he is as true and devoted to the best interest of our country as was the peerless Washington before him. (Window-breaking applause.) I have no doubt but that Lincoln sees now that his former humanity has been of but little avail to these black hearted rebels of the south—that he has long since become convinced that war, now, bloody war, means desolation and nothing else. And I believe the war is to be conducted with all the means of destruction and death. It is not to be carried on with jack-planes or trowels, not to build up such edifices as this, but to bare them down if in the way of our army. War means destruction and death to the enemies of our country: and the President of the United States is fully convinced that the most feasible, the most humane way to triumph is through all the powers of the battle field, crushing everything that stands in the way of the advance of our victorious, glorious army. (Loud applause.)

It is not that we wish to desolate and destroy, but that we bring peace by the exercise of power.

And now, my fellow citizens, shall our country be preserved—that old banner rich with the history of the past—that old flag borne by the immortal Washington? Shall it be dishonored, or shall it be the ensign of a proud, defiant, lofty, brave, generous people. (Roof raising applause, with cries "it shall," "it shall.")

"Shall we Become Savages."

The New York *World*, a Republican journal, asks this question, and answers it thus wisely and properly:

It should be distinctly understood that if troops are permitted to give vent to their passions, and are not compelled to respect the rights of private property, it will not make them better but worse soldiers. The best armies to fight are not those composed of men that rob and murder their enemies, but those which contain the largest number of disciplined, civilized and law-abiding men. The Chinese commit all manner of bloody atrocities upon their prisoners, but notwithstanding they are a cowardly race upon the battle-field. The miserable savages under the poet Pike, who scalped and mangled our wounded at Pea Ridge, were a weakness as well as a disgrace to the army that they formed a part of. The rule is imperative the world over—the more civilized and merciful the army the better does it fight. Yet in view of this fact, which is patent upon every page of history, Mr. Sherman of Ohio, in a debate in the Senate said:

"They (the rebels) hang Union men, but we must not think of hanging traitors. In such a way we will never end this contest, and he thought the time had come when we should carry the whole force of the Government in earnest, and put down the rebellion. Unless we do this we shall never succeed. We cannot war against savages unless we become part savage ourselves."

This last sentiment is as untrue as it seems to us atrocious.

We believe the time is coming when Senators will be heartily ashamed of giving utterance to such reprehensible sentiments. They are unworthy of them, of the Senate, and of the country.

While this "rose-water treatment of the rebels," as it is termed, excites so much bile in certain circles at the North, it is profitable to notice its effects abroad. An able article in the Liverpool *Post*, in reply to Mr. Spence, who has tried to do so much to discredit the North abroad, contains the following passage:

"The American Government has proved its capacity to take care of itself, to discomfit those who malign it, to teach the nations of the world what a united people can accomplish What are the effects of all this? In the first place, the North has conducted itself in a way that no government ever before did conduct in the face of rebellion. The executive has sharpened no axe, erected no gallows, contrived no new instrument of torture; it has not visited treason with death, massacred prisoners, or starved them; confiscation, except under conditions not acted upon, has not been resorted to. It has done precisely, as nearly as possible, the reverse of all this. Confident in its strength, it seeks to reclaim, not punish. Its example on the world will not be lost; the lesson it has taught to a fine humanity and true policy will be learned by governments on this side of the Atlantic."

This, too, will be the verdict of history if the "base, bloody, and brutal" policy advocated in the Senate be not adopted by the administration.

"But," it is urged, "the rebels ill-treat prisoners, hang our scouts, fire upon our scalded and drowning sailors, and make ornaments and drinking cups of the bones and skulls of our soldiers." Well, let them do so: the South may spawn such monsters, but not the North. Our civilization, our Christianity, our position as the most advanced of the nations of the earth, demand that we should be influenced by the highest and purest considerations in our treatment of this unhappy rebellion.

A MILLION MORE! A MILLION MORE!

BY H. L. C.

The Nation calls aloud again,
And Freedom writhes in dying pain'
Gird on your armor, Northern men:
Drop cyzhe and sickle, spade and pen,—
A million, legions gleam and flash!
A million stand on rebel dust and ash!
Brothers and sons have gone before;—
A million more!—a million more!

Fire and sword!—*war, sword and fire!*—
Let war be fierce, and grim, and dire;
Your path be marked by flame and smoke,
And scattered fetters cut and broke;
Stay not for fiend's uplifted hand,
Sheathe not the sword, quench not the brand!
Till Freedom reigns from shore to shore,
Or Might and Right are trodden o'er!

Let leader stay the vengeance-cord,
Let him beware the wrath of God:
The outraged millions, long his trust,
Will crush his puny bones to dust.
And hold in his palsied grasp the key,
Shall be The bar of hope and free!
Come, then, our sons are red with gore,—
A million more!—a million more!

Form and file and file and form!
This war is but God's thunderstorm,
To purify the festered land,
And free the fettered foot and hand!
Forged by grim Fate our Chiefs at last
Shall blow dear Freedom's bugle-blast;
And, Lo! leap up from shore to shore,
Four millions more!—four millions more!

CLEARWATER, MINN., Aug. 6, 1862.

GENERAL ORDERS—NO. 26.

HEADQUARTERS ARMY OF THE OHIO,
IN CAMP, NEAR FLORENCE, ALA.,
June 23, 1862.

There are 14,000 officers and soldiers absent from their duty with the various Divisions of this army. Some of them have gone off without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in very many cases the cause has no notoriety, and exists only and men remain away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—

1. All officers and soldiers who are now absent without authority from these Headquarters, the period for which has not been prescribed, will, on or before the 10th of July, proximo, join their companies or regiments wherever they may be. If ignorant of their locality, they will report to the commanding officer at Louisville or Nashville, by whom they will be directed to their regiments, or put on such light duty as they may be able to perform, if they are not entirely fit for active service; and those will be promptly reported to their regimental commanders by the officer so assigning them.

The cases of those who fail to join as above required, will be disposed as follows:

2. If any absent officer or soldier, in consequence or sickness or wounds, is absolutely unable to report for duty as above required, he will award be sent to "The Assistant Adjutant General, District of the Ohio, Nashville, Tennessee" a *Certificate of Disability*, according to the following form:

CERTIFICATE OF DISABILITY.

I declare on oath that I have carefully examined.....of the.....Company, Colonel.....Regiment of .....Volunteers, now in this place and under treatment by me, and find him incapable of performing the duties of a soldier for the following reasons: [Here state all the *facts* known concerning the disease or wound, or cause of disability; the time, place, manner, and all the circumstances under which the the injury occurred or disease originated; the duty or situation of the officer or soldier at the time the injury was received or disease contracted; and whatever facts may add a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.]

Place: (Signed).
Date: Surgeon [or Physician.]

Sworn and subscribed to before

This certificate must be subscribed and sworn to by a Surgeon or private Physician in good standing, and known as such by the magistrate or other officer by whom the oath is administered; and on it a discharge will be ordered from these Headquarters, or the case otherwise disposed of according to the circumstances.

3. The death of any officer or soldier which has occurred since the 1st of January last, while he was absent from his regiment or company, and which has been reported by the Surgeon of the Hospital in which the death occurred, or by the friends of the deceased if not in Hospital, will be immediately reported by the Surgeon of the Hospital, or by the affidavit of friends, to "The Assistant Adjutant General, District of the Ohio, Nashville," setting forth the date of decease and other material circumstances.

4. All absent officers and soldiers who do not join their companies and regiments, or are not satisfactorily accounted for as above by the 30th of July next, will be reported on their muster-roll as deserters, dating from the time they may have been absent without authority.

By Act of Congress every deserter forfeits all claim on the Government for pay and allowances, besides being liable to arrest and trial by Court Martial. Any person who apprehends and returns a deserter to the commanding officer of a military post is entitled to five dollars.

By command of MAJOR GEN. BUELL.

MACHINE AGENCY.
One door East of Davenport's Bookstore, on Third Street.
The "FLORENCE" SEWING MACHINES make FOUR DIFFERENT stitches on one and the same machine. Thus the LOCK, DOUBLE-LOCK, KNOT AND DOUBLE-KNOT, all of which make the same alike on both sides of the fabric. Either or all can be produced while the Machine is in motion.
They have the REVERSIBLE FEED MOTION, which enables the operator to leave the work carry either way, or to change the direction, and fasten the end of seams, welch, together with making a long and a short stitch, is done simply by turning a thumb screw.
Their motions are all positive. There are no springs to get out of order. They are so simple that the most inexperienced can work them perfectly and with ease. They are NOISELESS, and can be used where quiet is necessary.
They are the FASTEST SEWERS in the WORLD, making five stitches to each revolution. They oil no dresses. Their stitch is the wonder of all, because of its combined ELASTICITY, STRENGTH and BEAUTY.
Prices No. 1, $47.00, No. 2, $57.00, No. 3, $67.00, No. 4, $73.00, No. 5, $77.00, No. 6, $83.00, No. 7 Cabinet cover, $90.00, No. 7 Cabinet case, $95.00, Mahogany $97.00, Rosewood $105.00, Hemmers and all necessary tools included in the above prices.
On hand different kinds of lower priced Machines. Call and see the "Florence Machines."

NOTICE TO HOLDERS OF RAMSEY COUNTY BONDS AND SCRIP.
The following resolutions were adopted by the Board of County Commissioners, July 28st, 1862.
Resolved, That the County Scrip and all over due Bonds of this County, (except Fort Street Bonds,) may be exchanged for Bonds running fifteen years, bearing interest at the rate of seven per cent. premium, payable semi-annually in Cash; and the Board shall levy annually an amount sufficient to meet such interest.
Resolved further, That all Bond holders who are willing to receive such new Bonds may, if they desire so to do apply one tenth of the over due Bonds so to be exchanged upon County Taxes prior to 1860.

PRIVATE BOUNTY.
Traitor hands are clutching at the Nation's vitals; the shadows lie deep and dark upon our loved country, and all the air is heavy with the wail of broken hearts and desolated homes,—in such an hour, how lifting that every patriot recognize the duties and obligations of the crisis.
Prevented, by the inexcusable nature of confidential business engagements, from offering my life upon the altar of my bleeding country, I hereby agree to pay FIVE DOLLARS per month each, for the support of five families, represented in the person of Husband, Father or Guardian, in any of the companies now forming in St. Paul, for service in the armies of the Union, payments to date from the mustering in of the several applicants (upon the certificate of proper official character), and continue during the ensuing six months, if in actual service.
May God nerve the avenging arms, that soon the shadows may be lifted from our stricken land, and our full hearts thrill and pulses tingle with the inspiration of victory, final and complete.
WILLIAM R. CARVER.
The application of the above bounties is confined to those who shall enlist and report themselves after the publication of this notice. a9-1w

MORE BOUNTY.
RECRUITS FOR THE 6TH AND 7TH REGIMENTS.
We will pay ten dollars ($10) to each of the first ten (10) men who will enlist, between this date and the 16th of August, in any of the four following companies of the Sixth Minnesota Regiment, viz: Minnesota Groundgers, Union, Sigel or McClellan Guards, or in Lieutenant James Gilfillan's company for the Seventh Regiment, on producing evidence of full enrollment in said service.
St. Paul, August 8th, 1862.

NATIONAL BLUES!
ENLIST AND GET YOUR BOUNTY!
I have opened an office for recruiting, at Rauch's, Third street, near the Bridge, St. Paul. All pay, bounties, &c., that are offered by others will be paid those who enlist in this company.
a5-tf J. B. CARTER.

MORE BOUNTY!! FALL IN!!!
MINNESOTA GRENADIERS TO THE RESCUE.
I will give to the wife or children, or widowed mother, of the first fifteen (15) men, who will enlist between this date and the 15th of August, in the Grenadier Guards, Sixth Regiment M. V., ONE SACK OF FLOUR EACH, on presentation of the recruiting officer's certificate of such man's enlistment. (a6-9t) C. W. WOOLLEY.

BOUNTY!
The undersigned will give to the families of the first ten married men who will enlist before August 25th, in the Union Guards, Sixth Regiment, one barrel of Flour each.
R. MARSHALL, City Mills,
St. Paul, August 6th, 1862. a5-1d

MINNESOTA GRENADIERS—6TH REGIMENT.
$14.5 BOUNTY.
$30 cash in hand to the recruit as soon as sworn in—
$40 paid by Government when mustered with the company—

BOUNTY TO RECRUITS FOR
"The Minnesota First."
The undersigned will give to the first fifteen (15) men, (be they old, middle aged or young,) who will enlist IMMEDIATELY in the "First Minnesota," of glorious memory, now with "the Army of the Potomac," ONE SACK OF FLOUR EACH to be delivered to the wife, or orphaned children, or widowed mother, of each recruit, upon the presentation of the certificate of the recruiting officer of the Regiment, of such man's enlistment. This offer to hold good from date to the 25th instant.
I deem it of paramount importance to reinforce General McClellan, by filling up the thinned ranks of "our Gallant First."
C. W. WOOLLEY.
St. Paul, August 5th, 1862.

FIFTH REGIMENT.
Recruits wanted for this Regiment, now stationed near Corinth, Mississippi. Those wishing to enlist in this Regiment will make application to Sergeant Baxquelet, or E. R. French, or at the recruiting rendezvous, opposite First Presbyterian Church, Sibley, St. Paul, Minnesota.
LIEUT. WM. A. VAN SLYKE,
jy30-1f Recruiting officer, 5th Reg. Min. Vol.

$70 BOUNTY—7TH REGIMENT.
I will pay to each volunteer who enlists in my company, for the 7th Regiment, Thirty dollars, to be paid when the recruit is sworn in and inspected by the surgeon. This is in addition to the forty dollars bounty and advance pay, paid by the Government to each recruit upon his mustering in of the Company, making seventy dollars to each recruit
a9-1w JAMES GILFILLAN.

BOUNTY TO THE FAMILIES OF VOLUNTEERS.
POST OFFICE, SAINT PAUL, MIN., August 11, 1862.
I will pay one dollar per week toward the support of the families of each of the first five married men having children, and citizens of Ramsey county, who shall enlist after the publication of this notice, as *privates* in any Company of Volunteers being recruited in this county, and claim this offer. Payment to commence when said private is mustered into the service of the U. S., and to continue only during the period that he shall remain a private or non-commissioned officer under this enlistment.

HOME

INSURANCE COMPANY,

NEW YORK.

Extract from Third Annual Report of the Superintendent of the Insurance Department of the State of New York. WM. BARNES,

Superintendent.

There are now ninety-five joint stock fire insurance companies incorporated by the State of New York, engaged in the transaction of business; of these companies, fourteen only received premiums during the last year, amounting to over one hundred thousand dollars; four only received premiums above the sum of two hundred thousand dollars, and the premium income of one only exceeded three hundred thousand dollars. The premium receipts of this Company, the HOME, with a capital of $1,000,000, were $829,993.33. The premium income of thirty of the smaller companies was $5,057,885.0 only, with capitals, however, amounting in the aggregate to the sum of $4,980,000.

The state of things should be improved: the premium income of the mass of our fire insurance companies is by far too small for their capitals, and inadequate to the proper support of a separate and independent corporation. The experience of the HOME, PHŒNIX, (of Brooklyn) and some other companies, has demonstrated that, with proper skill, tact and sagacity, business can be increased and managed to an indefinite extent, with entire safety, and even additional security to the company. We have now the machinery and organization in working order for nearly one hundred joint stock fire insurance companies. In the course of a few years their business can be safely doubled, and even quadrupled, without doubling or quadrupling the yearly expenses. Any considerable expansion of business must of course be mainly effected through the instrumentality of reliable, safe, and well managed agencies. The premium income of the HOME amounts to nearly one-eighth part that of the ninety-five companies combined, so that eight corporations like the HOME could conduct the entire business of all these companies. If each company transacted the same amount of business as the HOME the aggregate premium income would reach the enormous amount of over seventy-eight millions of dollars per year. Our companies are not too numerous for the great future of this country, if managed on the progressive scale demanded by the spirit of the American people.

The annual statement of this our foremost local fire and inland company, made up to the first of January last, shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, President, A. F. Wilmarth, Vice President, and John McGee, Secretary, those well accredited officers very justly say: "The well-known reputation of the HOME for fair and honorable dealing, together with its capital of one million dollars, and surplus of over half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our State, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the first of January last summed up to $1,221,288.98, against an actual liability of only $55,080.43; and, moreover, it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company; bonds and mortgages $910,219.53, secured on real estate worth $1,715,000, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,635. Any one not satisfied with the security of the HOME as an insurance institution, must be hard to please.

In 1861 the HOME wrote $106,715,748, taking $829,993 premium, and paid losses $335,775, including some losses for the year 1860. A dividend of ten per cent. was paid on the million capital; and after reserving an ample reinsurance fund, the company shows a "nett surplus" of $160,644 clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

LA CROSSE AND ST. PAUL

PACKET COMPANY.

SUMMER ARRANGEMENT

During the summer of 1862, till the close of navigation, the LaCrosse and St. Paul Packet Company, having completely equipped their Line and made large additions to their business facilities, will offer to shippers and passengers on the river greater inducements and conveniences, and QUICKER TIME, than was ever offered by any company on the river.

All the boats on the Chippewa, Minnesota, St. Croix and the upper Mississippi rivers, and the different lines of stages north of LaCrosse, will, the coming season run to connect with the Davidson boats and the LaCrosse and Milwaukee Railroad.

The LaCrosse and St. Paul Packet Company will run a

PASSENGER AND FREIGHT LINE.

The former will number two first class boats—the nicest and fastest on the river. They will be the McCLELLAN and NORTHERN BELLE.—The first will be the Lightning Line, making the run from La Crosse to St. Paul in EIGHTEEN HOURS, and returning will leave here in the morning, and arrive at La Crosse in twelve hours time to connect with the evening train, by which our passengers will make close connection and reach Milwaukee in time for cars, or boats on the Lake in TWENTY HOURS FROM ST. PAUL, and reach Chicago next morning, by Minnesota Junction or Milwaukee, in just TWENTY-FOUR HOURS FROM LEAVING ST. PAUL, and in time for close connection East! This will be twelve hours the qu

General Headquarters, State of Minnesota.

ADJUTANT GENERAL'S OFFICE,
ST. PAUL, Minn., August 12th, 1862.
[GENERAL ORDERS NO. TWENTY-FIVE.]

1. In pursuance of General Orders from the War Department, No. 99, Fort Snelling is hereby designated as the place of general rendezvous for the drafted militia and volunteer regiments of the State of Minnesota, now being or to be organized.

2. Agents will be appointed by the Commander-in-Chief, one in each county, whose duty it will be to visit each township in their respective counties, and ascertain if the assessor therein has performed his duties, in making the proper militia returns, as directed in orders numbered 22 and 23 from this office, and in case he has not, he, the said agent, shall at once proceed to perform said duties, and make proper return thereof. An order announcing the names of said agents will be made to-morrow.

3. Immediately upon the completion of the enrollment, the lists of enrolled persons must be filed in the offices of the Sheriffs of the counties in which such enrolled persons reside.

4. The Commander-in-Chief will appoint a commissioner for each county of the State, whose duty it shall be to superintend the drafting and hear and determine the excuses of persons claiming to be exempt from military duty.

5. The enrolling officer shall immediately upon the filing of the enrollment lists, notify the said commissioner that said lists have been so filed, and the commissioner shall thereupon give notice by handbills posted in three public places in each township of his county, of the time and place at which claims for exemption will be received and determined by him. And he shall fix the time, to be specified in the notice aforesaid, (within ten days of the filing of the enrollment,) at which the draft shall be made; and all persons claiming to be exempt from military duty shall, before the day fixed for the draft, make proof of such exemption before said commissioner, and, if found sufficient, his name shall be stricken from the list by a red line being drawn through it, leaving it still legible.

The Commissioner shall in like manner strike rom the list the names of all persons now in the military service of the United States, all telegraph operators or constructors actually employed on the fifth day of August, eighteen hundred and sixty-two; engineers of locomotives on railroads, the Vice President of the United states, the officers, judicial and executive, of the United states; the members of both Houses of Congress and their respective officers; all Custom House officers and their clerks, all Post officers and stage drivers who are employed in the care and conveyance of the mails of the Post Office of the United States; all ferrymen who are employed at any ferry on the post roads, all pilots, all marines actually employed in the sea service of any citizen or merchant within the United States, all engineers and pilots of registered or licensed steamboats or steamships, together with the warden, deputy warden, clerks, inspectors, physician, assistant keepers and guards of the State Prison. The said exemption to be made by said Commissioner on sufficient evidence, or on his personal knowledge that said person belong to any of the aforesaid classes, whether the exemption claimed by them or not—exemption will not be made for disability unless it be of such permanent character as to render the person unfit for a period of more than thirty days, to be certified by a surgeon appointed by the Governor in each county for that purpose.

6. At the time fixed as before provided, by the Commissioner for making the draft, the Sheriff of the county, or in his absence such person as the Commissioner may appoint, shall, in the presence of said Commissioner, publicly place in a wheel or box of a like character to such as are used for drawing jurors, separate folded ballots containing the names of all persons remaining on said enrollment lists not stricken off as before provided—the names upon the enrollment list of each township in the county being however placed in the said wheel or box separately and drawn from separate by—and a proper person appointed by the said Commissioner and blindfolded, shall thereupon draw from said box or wheel a number of ballots equal to the number of drafted men to be furnished by each of said townships, the quota of each township to be ascertained by the County Auditor subject to an appeal by any citizen to the said Commissioner. The quota of each county, however, to be fixed by the Commissioner-in-Chief.

7. A printed or written notice of this enrollment and draft, and of the place of rendezvous of the drafted military force shall thereupon be served by a person to be appointed by the commissioner upon each person so drafted, either by delivering the same in person or by leaving it at his last and known place of residence.

8. Any person so drafted may offer a substitute at the time of the rendezvous of the drafted militia force; and such substitute, if he shall be an able-bodied man between the ages of eighteen and forty-five years, and shall consent in writing, and shall furnish the written consent of his parent or guardian (if a minor) to subject himself to all the duties and obligations to which his principal would have been subject had he personally served, he shall be accepted in lieu of such principal.

9. The persons thus drafted (and substitutes) shall assemble at the county seat of their respective counties, within five days after the time of drafting, whence transportation will be furnished them by the Governor to Fort Snelling.

10. As soon as the draft has been made, and the names marked on the enrollment list, the commissioner will send a copy of the draft to the commandant of the rendezvous and another copy of the same to the Adjutant General of the State, who will immediately organize the drafted men into companies and regiments of infantry, by assigning one hundred and one (101) men to each company and ten (10) companies to each regiment, and send a copy of the organization to the commandant of the rendezvous.

11. At the expiration of the time allowed for the drafted men to reach the rendezvous, the commandant shall proceed to complete the organization of the companies and regiments, by proclaiming the names of the regimental commissioned officers, who shall be designated by the Governor, the number and grade being the same as in the volunteer service. The line officers of each company shall be elected by the men thereof, under the directions of the commandant of the rendezvous, and reported forthwith to the Governor of the State, in order that they may be commissioned. And the non-commissioned officers may be appointed either before or after muster, as the Colonel of the Regiment may decide.

12. As soon as the officers of the companies and regiments are designated the muster-rolls shall be made out under the direction of the commandant of the rendezvous, and the troops inspected and mustered into the service of the United States by the mustering officers appointed for that purpose.

13. In case this State shall not by the 25th day of August, furnish its quota of the additional three hundred thousand volunteers called for by the President on the 2d of July, 1862, unless otherwise ordered, all incomplete regiments shall then be consolidated under the direction of the Governor: and an additional draft shall be made, as before provided, sufficient to fill such quota. The number to be drafted from each county, &c., to be fixed by the Governor.

14. Any county or township voluntarily furnishing its quota of the volunteers and drafted militia, as fixed by the Governor or the Auditor of the County, on or before the 15th day of August, or within such further time as shall be granted by the secretary of War, shall be exempted from said draft.

15. From and after the 15th day of August no new regiments of volunteers will be organized by the present bounties. Advance pay will continue to be paid to those volunteering to go into the old regiments.

By order of the Commander-in-Chief.
OSCAR MALMROS,
a13 3t Adjutant General.

BUSINESS LOCALS

We are pleased to learn of the continued good success of the Mutual Life Insurance Company of Wisconsin, throughout the northwest. This, in fact, is the only Life Insurance Company, whose interests are identified with the northwest, and whose patrons are not liable to be affected by the high rates of exchange, that often rule in favor of eastern cities. This Company selects its risks with the greatest care, and confines its business to WISCONSIN, MINNESOTA, and NORTHERN IOWA, the healthiest section of our Union, and as a consequence the ratio of loss, to amount insured, is very small, amounting last year, to only a little over one-fourth of one per cent. It stands among the first companies in the country, in point of security for its policy holders, and first in promptness to pay losses. This Company grants WAR PERMITS to all its members, and to all who may insure, and afterwards enlist, or be drafted, into the service of the United States. For particulars enquire of O. CURTIS,
General Agent for Minnesota, corner of Third and Minnesota sts., near Thompsons Bank.

A BEAUTIFUL COTTAGE

FOR $750.

A charming residence in Willis' Addition, built by the owner for his own use, with every comfort and convenience—well of pure water, stable and out-buildings, and a yard with shrubbery and gravel walks.

The house is not a mere shell or balloon, but built to resist the cold of our winters and the heat of our summers, and is located in an airy and elevated neighborhood.

MILLS,

SITUATED ON PHALON'S CREEK, WHERE THE STILLWATER ROAD CROSSES.

This Mill is just completed, and is in good running order. Our machinery embraces all the latest improvements, and was got up in the East, without regard to expense. It has two run of Burrs, which will be kept running night and day, so that farmers coming from a distance can be accommodated without much delay.

The need of a first class Mill of this kind has long been felt by the citizens of St. Paul and vicinity. We have secured the services of James Craigie, who has made milling the business of his life, and in whom we can place entire confidence.

All kinds of grain will be weighed when brought to the Mill, and also when taken away, if desired. We feel confident in saying to the public that we can make as good Flour and as good a yield to the bushel as any Mill in Minnesota, and respectfully solicit a fair trial.

Also a new Mill for grinding corn in the ear.

☞ All work done at this Mill is warranted.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold TWENTY-SEVEN THOUSAND. These instruments are now in use not only in the United States and Canada, but also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held.

AT ALL INDUSTRIAL EXHIBITIONS THEY HAVE INVARIABLY BEEN AWARDED THE HIGHEST PREMIUM WHENEVER EXHIBITED IN COMPETITION WITH OTHERS.

We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every Instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from date of sale, we bind ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

Agents for the sale of our Melodeons may be found in all the principal towns of the United States and Canada.

GENERAL ORDER NUMBER THIRTY-THREE.

GEN'L HEADQUARTERS—STATE OF MINNESOTA, ADJT. GEN'LS OFFICE—St. Paul, Aug. 14, '62.

For the information of all concerned, attention is called to the following order from the War Department, viz:

To GOV. ALEX. RAMSEY:

By Telegraph from War Department, Washington Aug. 14—P. M.

ORDER RESPECTING VOLUNTEERS AND MILITIA.

1. That after the fifteenth day of this month, bounty and advance pay shall not be paid to volunteers for any new regiments, but only to volunteers for regiments now in the field and volunteers to fill up new regiments now organizing, but not yet full.

2. Volunteers to fill up the new regiments now organizing will be received and paid the bounty and advance pay until the twenty-second (22d) day of this month, and if not completed by that time, the incomplete regiments will be consolidated and superilnous officers mustered out.

3. Volunteers to fill up the old regiments will be received and paid the bounty and advance pay until the first day of September.

4. The draft for three hundred thousand militia called for by the President will be made on Monday the fourth day of September between the hours of nine o'clock, A. M., and five o'clock, P. M., and continued from day to day between the same hours until completed.

5. If the old regiments should not be filled up by volunteers before the first day of September, a special draft will be ordered for the deficiency.

6. The exigencies of the service require that officers now in the field should remain with their commands, and no officers now in the field in the regular or volunteer service will under any circumstances be detailed to accept a new command. By order of the President.

(signed) EDWIN M. STANTON.

By order of the Commander-in-Chief.

OSCAR MALMROS, Adjutant-General.

THE INDIAN TROUBLES AT THE SIOUX AGENCY—ALL QUIET AGAIN.

We are informed that a dispatch has just been received by Col. C. W. Thompson, Superintendent of Indian Affairs, from Major Galbraith, U. S. Indian Agent at the Yellow Medicine, in relation to the recent rumors of difficulties between the Indians and the Government authorities at that Agency, growing out of the disappointment experienced by the various bands, in not receiving their annuity money.

The statement of the agent substantiates, to some extent, the rumors referred to, but we are glad to be able to say, the difficulties at the Agency have not been so serious as they were represented.

It would appear that the U. S. Interpreter at Fort Ridgley is in part responsible for the acts of aggression committed by the Indians—he having suggested to them the *criminal act of taking forcible possession of the goods and provisions stored in the Government Warehouse at the Agency.*

The Interpreter has been deposed by Captain Marsh, the officer in command at the Fort, who, on hearing the facts of the case, promptly and properly arrested him, and conveyed him to Fort Ridgley, where he is now imprisoned.

The Agent held a council with the Sioux, on the 8th inst., at which they agreed to receive certain rations and return to their homes, and there await peaceably the arrival of their annuities. The provisions were supplied to them by Major Galbraith, and they left the Agency as they had promised to do. Thus by the energy and determination manifested by Major Galbraith, a serious disturbance on our frontier has been prevented, and we are happy to inform our readers that "*everything is quiet at the Yellow Medicine.*"

—Colonel Charles Anderson's regiment—the 93d Ohio—went into camp on the 13th, on the Dayton Fair Grounds. The 99th is encamped at Lima. It will be full this week.

MORE EVIDENCES OF TREASON.

We have all along believed that not only the platform adopted on the 2d of July, by the faction calling themselves the Democratic party was treasonable in itself, but that many of the leaders of that faction were at heart disloyal men.

It is, of course, difficult, at a time when the patriotic sentiment of the country is on fire, to obtain evidences of such disloyal sentiment. Nevertheless, evidences—straws showing the direction of the current—can be now and then detected.

In the town of St. Cloud there is published an obscure paper called the "St. Cloud *Union*," one of the organs of Major Cullen and Judge Chatfield, with the names of these nominees at the head of its columns, as candidates in the first and second districts for Congress. It is, however, especially devoted to the advocacy of Major Cullen. In its issue of the 8th inst. it publishes an editorial showing the amount of indebtedness already incurred by the nation in its efforts to suppress this rebellion. The article concludes as follows:

"And this is not all. You must add to these astounding figures the millions upon millions donated by private individuals, States, counties, and municipal corporations, all over the North. When we think of this unparalleled indebtedness, the question may be asked with melancholy significance, IS NOT THE COUNTRY ALREADY UNDONE?"

When it is remembered that this paper has its circulation principally, if not altogether, in the county of Stearns, inhabited in a large degree by naturalized citizens, and where, it is alleged, *steps have already been taken to resist a draft*, our readers can at once perceive the villainous and damnable character of the above suggestion.

But when, in addition, it is read in connection with the delaration in Major Cullen's platform, in reference to the "burden of national and State TAXATION" being "*enormously and unnecessarily increased*," we at once perceive a continuous and well defined intention to array a portion of the people of the country against the nation in this, the most terrible crisis of the nation's fate.

No words of ours are strong enough to stigmatize the man who would preach to the people—particularly to those who, from want of familiarity with our language, are the more liable to be imposed upon—the doctrine that the country is "ALREADY UNDONE!" No words of ours can even faintly express the loyal sentiment of the people against me faction or the candidate who would appeal to the base dread of *taxation* among our naturalized citizens, and thereby array them against the government.

If the nation is "*already undone*," why the expenditure of more money; why the raising of new regiments, why drafting, why war meetings, why war speeches? We should sit down amid the ruins of the nation, broken-hearted and despondent, and await the coming of our Southern masters!

The man who would preach such doctrine, even by insinuation, should be branded on the forehead with the word "TRAITOR," and driven headlong out of the country. The candidate who is represented by such advocates should be avoided by all loyal men as if he carried a pestilence about him.

If armed resistence to drafting is made in Stearns county, the State will hold Major Cullen and his newspapers responsible for it.

We caution all loyal men not to lose sight, in the midst of this great military excitement, of a few leading facts which show that treason is in our midst.

Let no professions of loyalty, no obstreperous declamations, deceive the people. As long as that platform continues in existence, with two living, act,ve representatives in the persons of W. J. Cullen and A. G. Chatfield, so long is a perpetual warning given to every loyal man to watch well the interests of his beloved country.

It is a patent fact that from some quarter, influences have been brought to bear upon large bodies of our naturalized citizens, to prevent them from enlisting, *and even to stop them when they themselves seemed inclined to enlist.*

Even more, we are informed that in many parts of the State they have expressed an intention to resist the process of drafting.

It is well that the people should understand this thing.

If any body of our citizens refuse to bear their equal share of the burdens of our just and beneficent Government, it is self-evident that they are acting as the tools of designing leaders. For every argument, made publicly, such as that we have quoted, from the St. Cloud *Union*, going to show that the Government is "already undone,"—we may be sure a hundred more desperate ones are made in secret.

We ask Major Cullen, himself a citizen of Stearns County, if it is true, that a large portion of the Germans of his own county, *those who are mainly expected to give him their votes*, have banded together and passed resolutions to resist drafting?

Why is it, as stated in Col. Robertson's letter, in yesterday's PRESS, that a rumored movement is on foot among certain classes, to resist drafting, a rumor so tangible that it has been made the subject of a correspondence with the Catholic Bishop of the State?

We trust that such rumors are unfounded, but no man can doubt that a feeling has been into these people sufficient to justify such reports, and to justify any reasonable apprehension upon the part of loyal citizens; and the villainous suggestions of the St. Cloud *Union* indicates pretty clearly the quarter from which has proceeded such results.

Again, we warn the people of the State to beware of lip-service at the shrine of the nation; and never to forget that a secession platform is still in existence in our State, that two men are now running for Congress on that platform, and that a large portion of our population have been educated into treason and disloyalty by the framers of that platform and the supporters of those candidates.

It will be indeed melancholy, if we save the nation in the field, to lose it in the council chamber.

THE PROGRESS OF THE WORK.

The majesty of the people has been vindicated. At the East and at the West the work of recruiting goes bravely on. In many of the States, the respective quota, under the call for 300,000 for three years, are filled, or so nearly so that a resort to drafting will not be necessary. In some of the States it is proposed to meet the call for nine months troops with volunteers. The papers from every quarter of the country represent the prospect as most encouraging. The people are in earnest to vindicate and maintain the honor of the old flag. The Administration at Washington are fully apprised of the peril of the hour, and also of the readiness of the people to meet it.

The country will be saved. Halleck holds the helm, and "Old Brains" has never yet proved unworthy of the sobriquet bestowed upon him by the army at Corinth. The instincts of the masses, in arms as well as elsewhere, detect with almost absolute certainty, and daguerreotype in significant terms, the characteristics of their leaders.

The first of the 300,000 are moving on to Washington. Massachusetts leads the van, New York presses closely on her heels,; and henceforth the railroads will be crowded with the armed thousands called for by the President. Within ten days or two weeks one hundred thousand men will be added to our armies in the field, with two hundred thousand more "coming right along;" and still they come—the army of the reserve, three hundred thousand more.

May we not hope and expect that, with an army in the field of more than a million of men, the months of September and October may prove to be the battle months, and that, with the blessing of that overruling Providence which always approves *the right*, the armed minions of rebellion may be scattered as chaff before the wind, and the war be speedily ended.

The progress of events indicates the approaching termination. Whatever may have been the record of the past, since the commencement of this unnatural and wicked war, the prospect of the future is all bright. The rebellion will be subdued, and the fact be demonstrated that we have a government, a nation: and not a rope of sand, a mere confederacy of independent, sovereign States. If such were the fact, if the doctrines of the secessionists were correct, it would prove the Fathers, with Washington at their head, who framed the Constitution, the veriest tyros in political science who ever sat in solemn conclave in a political assembly.

The people of America are now making history, the records of which may be written and read by future generations.

The nations look on and hold their breath, wondering as they gaze. Such an army as is about to be placed under the control of the President and his military advisers Europe never saw; and such a cause as that for which this army is to contend—the fate of the Republic and the destiny of the countless future millions of these States—the history of the world does not afford a parallel.

IMPORTANT GENERAL ORDERS.

We call attention to general orders published this morning.

No. 28 announces that the War Department has designated Fort Snelling as the general rendezvous for the State for both drafted militia and volunteers. (It had previously been designated for the militia by the State authorities.) Lieut. Col. B. F. Smith is appointed commandant.

No. 29 gives information in regard to passes to go out of the State.

No. 30 appoints an examining board o physicians before which applicants for appointments of surgeon for the new regiments must appear on the 23d of August.

No. 31 appoints commissioners, agents and examining surgeons in the several counties, in accordance with instructions ordering the draft of militia

No. 32 calls for the tenth regiment.

The Ram Arkansas Blown Up.

WASHINGTON, August 10.—The following is taken from the Petersburg *Express* of yesterday:

RICHMOND, August 8.—A dispatch from Van Dorn to Secretary Mallory states that the ram Arkansas, Lieutenant Stephens commanding, had been destroyed. She left Vicksburg on Monday to co-operate in the attack on Baton Rouge. After the passage of Bayou Sara her machinery became disabled, and while her crew were attempting to repair it, several of the enemy's gunboats attacked her. After a gallant resistance she was abandoned and blown up.

The officers and men reached the shore in safety.

LATEST NEWS.

BY TELEGRAPH TO ST. PAUL.

WINSLOW'S LINE.

Important from the Army of the Potomac.

It is to be Withdrawn from the Peninsula.

Pope Pressing Forward.

Sigel and McDowell Across the Rapidon.

The Enemy Offer no Resistance this side Gordonsville.

NEW YORK, August 14.

A Fort Monroe correspondent of the *Tribune* states that it is believed that the great body of the army of the Potomac is about to withdraw down the Peninsula, while the remainder re-embark in transports down river.

That this is the plan now in process of execution, is the current impression, and the result of the best information to be had.

It successfully carried out, it will prove a great disappointment and perplexity to the rebels and restoration of the army of the Potomac to a position of activity and usefulness.

Times' Washington correspondent says Pope is pushing forward.

Sigel and McDowell are understood to have crossed the Rapidon, and to be at Orange Court House.

The rebels had been expected to make some stand there, but it now seems probable that we will meet no opposition this side of Gordonsville.

Jackson is understood to be making every preparation for defending that as a vital point.

Some apprehensions are expressed that rebel Gen. Stuart, now with Jackson, may make an attempt to renew his Richmond exploit of making a cavalry dash around the rear of our army, with a view of breaking our lines of communication.

The bridge across the Rappahannock is the only point supposed to be in danger from such a movement.

Measures have been taken to foil an attempt of the kind.

Battle of Culpepper.

DETAILS OF OUR LOSSES.

CULPEPPER COURT HOUSE, VA., August 11.

Midnight: In an interview with some returned prisoners to-day, they stated that the enemy had treated them with kindness, but there was one instance of gross outrage. Capt. O'Brien of 3d Wisconsin regiment, who was mortally wounded, was told by the rebel surgeon that he could not live, who gave him some water and left him on the field.

Some rebel soldiers subsequently came up, took his watch and cut his pocket out, obtaining $260, and left him to die there.

This statement is from the dying man's lips.

The view of the battle-field was a sight never to be forgotten.

For nearly a mile the dead lay scattered or in heaps. At a point where Crawford's brigade twice dashed upon the enemy, the sight was fearful.

Rebel Gen. Charles Winder, and Major Snowden Andrews, of Baltimore, of Gen. Ewell's staff, were mortally wounded.

One of the rebel generals told a Union officer he would be in Culpepper to-night, but up to the small hours of morning he has not attempted to perform his promise.

It is now estimated that our wounded will reach 1,200 men.

The following statistics of General Williams' command, on the day of battle, are the only returns obtainable to-day:

Gen. Crawford's brigade—10th Maine went into action with 2 field and 21 line officers, and 2 acting lieutenants. Present to-day, 2 field and 12 line officers and 224 men.

In the 46th Pennsylvania regiment Col. Knipe, Major Mathews, Captains Eusebius, Luckenback, and Brooks; Lieutenants Selhermer, Craig and Scott were wounded. Missing—Captains Foulks and Grilliths, Lieutenants Greatrake and Wilson, Gorman Selfridge and A. Caldwell. The total in killed, wounded and missing reaches 246.

From the 28th New York regiment there is no report. It is completely broken up, and has been removed from the field. Brave and noble Col. Donnelly is now breathing his last. Lieutenant Col. Brown suffered amputation of his arm to-day.

Geh Gordon's Brigade—The 2d Massachusetts regiment went into action with 22 officers and 474 men. Captains Abbot, Cary, Williams, Goodwin, and Lieutenant Perkins, are known to be dead; 110 men are known to have been killed and wounded, and 80 are missing.

The 27th Indiana went into action with 510 men and 15 officers; one officer was killed, two wounded and one missing. 11 men were killed and 29 wounded.

In the 3d Wisconsin, Lieut. Col. Crane and Capt. O'Brien are killed, Maj. Scott is severely wounded and two officers are missing. This regiment went into action with 11 officers and 426 men; it was in the hottest of the fight. Lieut. Colonel Crane was shot three times, either of the wounds would probably have been fatal.

Cochrane's battery, attached to this brigade, lost three men on Saturday night when the enemy shelled our camp. This battery fired four shells which silenced the enemy. A Lieutenant, two men and eight horses belonging to the battery were found dead the next morning.

Skirmish with Morgan's Band.

FEDERAL SUCCESS.

Son of Rev. Dr. Breckinridge.

WASHINGTON, August 13.

Col. Miller, commanding this post, left for Gallatin last evening with two regiments, and surprised part of Morgan's force at Gallatin, killing 6, of whom three were officers; among them was Capt. W. C. P. Breckinridge, son of Dr. Robert J. Breckinridge, who joined Jno. Morgan in his late raid upon Lexington.

No loss on the federal side.

There are various rumors, which cannot be verified to-night, of skirmishes in the vicinity of Bowling Green.

Hanging Traitors in Missouri.

Mahony of the Dubuque Herald Arrested.

CHICAGO, August 14.

The Quincy *Herald* says, an officer of the Hannibal and St. Joseph Railroad, who left Macon City, Missouri, on Saturday morning, states that 26 rebel prisoners were shot at Macon City that morning for breaking parole.

By the same authority we learn that 12 other paroled prisoners at the same place will probably suffer a similar fate this morning.

D. A. Mahony, Editor of the Dubuque *Herald*, was arrested at an early hour this morning by the United States Marshal—charge, discouraging enlistments.

LOSSES IN THE WESTERN DEPARTMENT.—The following is an official estimate of the losses of the Western Department by battle, disease, and otherwise:

Casualties in the battles of Belmont, Mill Spring, Fort Donelson, Shiloh, Pea Ridge, deducting those slightly wounded and returned to duty	18,000
In other affairs of minor importance	3,000
By disease (dead and absent)	40,000
Discharged	2,000
Total	63,500

BISHOP GRACE'S VIEWS ON THE WAR.

From the Pioneer, of yesterday.

ST. PAUL, August 12, 1862.

CAPT. EARLE S. GOODRICH:

MY DEAR SIR: It is a fact well known among intelligent citizens of this State, that quite a large class of our population is avowedly hostile to the existing necessary measures of the Government, which all loyal men should applaud, for the suppression of the Southern rebellion.

It is not essential, at this time, to refer more specifically to this class of erring citizens, than whom none are more indebted to our munificent institutions for the great privileges and advantages they enjoy: than whom none should be more ready to defend on the battle-field, our imperilled nationality: and among whose countrymen those now in the war have won imperishable glory, setting them a noble example.

Their conduct is really inexplicable. There must be some hidden influence operating on their minds—some strange infatuation, which seems to extinguish in their hearts every spark of true patriotism. Yet I cannot believe they *mean* to be disloyal. In any cause in which they engage with heart, no people are braver or more chivalrous: and they have hitherto enjoyed the reputation of sincere devotion to American institutions. And yet, from them alone, (the few rabid secessionists in our midst, are now silent as the grave,) we hear of threats of resistance to the law and authority of the Government—of refusal to submit to a draft: of refusal to give their names or those of their friends and relatives to the Assessors for the enrollment of the militia. Such conduct cannot and will not be tolerated. I say this because I have this day been informed by Assessors that in consequence of such conduct they will need my official aid to enforce the full enrollment of the militia of this county.

I address you this communication for the purpose of advising you of these facts: and to request that you will exert the influence of your journal for the enlightenment of those misguided citizens, and thus kindly remedy this evil. I desire you, also, to state emphatically that any further attempt, in this county, to resist or prevent the enrollment of all persons liable to military duty, will be immediately followed by the arrest and punishment of every one so violating the law: and that I will, as authorized by the statute, employ all necessary force to vindicate this declaration.

This is not a time to hesitate in the discharge of duty, or trifle with traitors, secession sympathizers, or resisting populations, in the midst of communities now being depleted by the enlistment of patriotic citizens.

I deem it proper, in this connection, to say to you, for such use as you may think expedient, that the imputation or suspicion, which I have heard in various parts of the State, that Bishop Grace of this city, sympathizes with hostility to the Government, or is in any way tolerant of its manifestation in our midst, is utterly unfounded, and unqualifiedly unjust to that distinguished gentleman.

I can assure you that a more truly loyal and patriotic citizen does not live among us. Although by birth a South Carolinian, and undoubtedly a supporter, at the time of their agitation, of the "compromise measures" devised by many patriotic citizens, with the hope of averting rebellion, he has been since the agitation has progressed beyond compromise, as always before, a true Union man in views, feelings and expressions. I know this fact from others, upon whom I can implicitly rely, as well as from conversations with that gentleman.

As late as yesterday morning I called upon the Right Reverend Bishop, who is confined to his room by illness, and stated to him that I had lately visited several counties in the State and found the opinion, or rather impression, to be widespread among the Protestant population that the influence of his presumed views among the Catholics of this State is unfavorable to the Union cause: an imparation which I know to be unjust, and which I have everywhere sought to remove. The Bishop said in reply, that he took no part in public affairs, but that he had always encouraged any of his people who spoke to him on the subject, to support the Government and cheerfully obey the laws: to submit to the draft and encouraged all to volunteer who spoke to him on that subject, mentioning cases of which I had been previously informed.

He authorized me to state publicly in my discretion, his sentiments in this regard, and said—(I wrote down in his presence the following words of this conversation, which he uttered with emphasis and emotion):—

"The saddest day for humanity ever known would be that on which the American Union would be destroyed.

Whenever spoken to on the subject, I have always encouraged my people to enlist in defense of their country. I have discouraged them from trying to avoid a draft—and that any of them have thought of doing so, I know only from rumor—and have always told them that they have enjoyed the protection of the Government and ought to be ready at all times to defend it."

He also stated to me some facts which it may not be proper to give in detail, but which I refer to, as evidence of the loyalty of the Bishop. The substance is this: the day previous he received a letter, informing him of a rumor of a movement on foot, in a certain part of the State, among Irish and French Catholics, contemplating resistance to the proposed draft. He immediately wrote a letter to the Catholic Priest in charge there, (the letter was mailed a few hours before this conversation) saying to him—"If there was any truth in the rumor, to discourage this movement in every possible way, and, to impress upon the Catholics there a sense of their duty to obey the Government and the laws of the country: that their conduct might be that of good and loyal citizens."

I give you this information which I deem important, as data for any articles or strictures which you may think proper to write upon the subject referred to.

Yours very truly,

D. A. ROBERTSON.

HOMESTEADS! HOMESTEADS!

SECURE A GOOD ONE, AND THEREWITH BE CONTENT.

In selecting a *Home*, it should be the object of the settler to combine good soil, good water, and good meadow, with a pleasant location, accessible to markets, mills, and lumber.

The undersigned, residents for years of Morrison County, Minnesota, are convinced that there are at least one thousand vacant claims within the limits of said county, combining in a fair degree the above requisites, and now inviting occupants under the beneficent provisions of the *Homestead Law*.

Look at the facts: The area now settled is entirely a narrow strip lying along the Mississippi, having not only the bulk of the county but its richest lands, unoccupied. Emigration hitherto has mainly sought the west side of the Mississippi River, and hence thousands of acres of equally valuable lands now lie unclaimed on the east side, in the vicinity of towns, of markets, and pine lumber, thus *offering better returns for the various products of the farm*, and a *cheaper outlay in purchased articles* whether for permanent improvements or home consumption.

Grazing and Stock Raising Facilities.—We claim for Morrison County as great a capacity and as available a reputation in the future in these respects (if it lands are completed) as will be enjoyed by any county of equal area in the State. Her *streams, meadows and grazing lands* are alike luxuriant, and challenge competition with those of any other section.

We confess to an ambition that the rich heritage may be cropped by flocks and herds of a superior quality, as herein we think lies a great source of the wealth of Northern Minnesota.

Manufacturing and Commercial Privileges.—In water power this county has rare advantages. The Mississippi at Little Falls (the county seat) alone furnishing power enough to drive the machinery of a Lowell, while the Platte and its branches, together with other streams, afford numerous smaller and easily-improved powers. In this connection it must be noted that we not only have the *best kind of power* for manufacturing, but the *material to manufacture with*. Pine lumber is a *positive necessity* everywhere, and a great source of opulence.

In the tall majestic pine, nature has been storing up for ages elements of wealth and utility, drawn from the soil and atmosphere, on a scale of grandeur such as is only found in her own gigantic nurseries.

These "kings of the forest" have a voice for appreciative men, and a clink for appreciative pockets, and a place in appreciative homes—that makes them ennoble the first, enrich the second, and adorn and render comfortable the third.

Do you want to be within reaching distance of this source of wealth and comfort? Then come to Morrison County.

Come where the tall pine sighs!
Come where the tall grass thrives!
Come where the rich soil lies!
Come where the brick water runs!

Morrison County is so situated, that without a great perversion of "manifest destiny" she must ere long have not only the approaching railroad connection with St. Paul, but also one with Superior—its rich mining country, and the great chain of lakes—connecting by water with the east.

We as citizens abide these coming events, and invite other thousands to share with us our present and prospective advantages.

A CARD.

The undersigned, having for a long time had pupils in the St. Paul Female Seminary, under the care of Rev. J. G. Riheldaffer, pastor of the Central Presbyterian Church, beg leave to recommend this institution to parents who have daughters to be educated.

The course of study is as extended and comprehensive as in similar institutions in other parts of the country.

Thoroughness in all the branches taught, is a marked characteristic of the institution. The teachers are experienced and abundantly competent in their several departments.

Young Ladies boarding in the Seminary have a comfortable home and all the advantages that need be desired for them while at school.

The terms for board and tuition are as reasonable as such facilities can be afforded.

Mr. R. is making laudable efforts for the permanent establishment of a Female Seminary of a high order at the Capital of the state, and we rejoice in the prospect of its success. The school is now in the fourth year of its existence, and the intelligent can begin to judge of it by its fruits.

We would, therefore, offer as having made thorough trial of the St. Paul Female Seminary, recommend to all with whom we may have influence, to aid with their patronage in the support of an institution for the education of our daughters, in our own healthful and invigorating climate.

GENERAL ORDERS—NO. 26.

HEADQUARTERS ARMY OF THE OHIO,
IN CAMP, NEAR FLORENCE, ALA.,
June 21, 1862.

There are 14,000 officers and soldiers absent from their duty with the various divisions of this army. Some of them have gone on without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in very many cases the cause has notoriously ceased to exist, and men remain away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—

1. All officers and soldiers who are absent without direct authority from these Headquarters, for the period for which has not transpired, will, on or before the 10th of July, proximo, join their companies or regiments wherever they may be. If ignorant of their locality, they will report to the commanding officer at Louisville or Nashville, near whom they will be directed to their regiments, or put on such light duty as they may be able to perform, if they are not entirely fit for active service; and these will be promptly reported to their regimental commanders by the officer so assigning them.

The cases of those who fail to join as above required, will be disposed of as follows:

2. If any absent officer or soldier, in consequence of sickness or wounds, is absolutely unable to report for duty as above required, he will forward by mail to "The Assistant Adjutant General, District of the Ohio, Nashville, Tenn.," a *Certificate of Disability*, according to the following form:

CERTIFICATE OF DISABILITY.

I declare on oath that I have carefully examined.....of Capt.....Company, Colored.....Regiment of.....Volunteers, now at this place and under treatment by me, and that in my opinion he is incapable of performing the duties of a soldier for the following reasons: [Here state at length the facts known concerning the disease or wound, or cause of disability; the time, place, manner and all the circumstances under which the injury occurred or disease originated; the duty to situation of the officer or soldier at the time the injury was received or disease contracted; and whether, in my opinion, such disability is permanent or temporary, and the probable length of time it will last.]

Place: (Signed)
Date: Surgeon [or Physician.]

Sworn and subscribed to before

This certificate must be subscribed and sworn to by a surgeon or private Physician in good standing, and known as such to the magistrate or other officer by whom the oath is administered, and no if a discharge will be ordered from these headquarters, or the case otherwise disposed of according to the circumstances.

3. The death of any officer or soldier which has occurred since the 1st of January, 1862, while he was absent from his regiment or company, and which has been reported by the Surgeon of the Hospital in which the death occurred, or by the friends of the deceased, if not in Hospital, will be immediately reported by the Surgeon of the Hospital, or by the affidavit of friends, to "The Assistant Adjutant General, District of the Ohio, Nashville," setting forth the date of decease and other material circumstances.

4. All absent officers and soldiers who do not join their companies and regiments, or are not satisfactorily accounted for on or before the 10th day of July next, will be reported as their masters call as deserters, dating from the time they may have been absent without authority.

By Act of Congress, deserters forfeit all claim on the Government for pay and allowances, and are liable to arrest and trial by Court Martial. Any person who aids, abets, or harbors a deserter or the commanding officer of a military post is exposed to fine and imprisonment.

By command of MAJOR GEN. BUELL.

This Society was organized in the year 1859, with a cash capital of $100,000 deposited irrevocably with the Insurance Department of the State of New York, in United States bonds, on which it allows but seven per cent. per annum to the stockholders, and the entire profits of the business is shared by the policy holders. The nett profits in two years amounts to $.?2,000, which shows an unparalleled success in the history of Life Insurance. Its operations are managed by a Board of Directors composed of the the ablest business men of the country, and its business is conducted entirely on the cash plan. Dividends to the policy holders will be made every five years, and no Company in the country offers equal advantages to its dealers.

HOME
INSURANCE COMPANY,
NEW YORK.
Extract from Third Annual Report of the Superintendent of the Insurance Department of the State of New York. WM. BARNES,
Superintendent.

There are now ninety-five joint stock fire insurance companies incorporated by the state of New York, engaged in the transaction of business: of these companies, fourteen only received premiums during the last year, amounting to over one hundred thousand dollars: four only received premiums above the sum of two hundred thousand dollars, and the premium income of one only exceeded three hundred thousand dollars. The premium receipts of this Company, the HOME, with a capital of $1,000,000, were $829,993.53. The premium income of thirty of the smaller companies was $85,578.65 only, with capitals, however, amounting in the aggregate to the sum of $4,900,000.
The state of things should be improved: the premium income of the mass of our fire insurance companies is by far too small for their capitals, and inadequate to the proper support of a separate and independent corporation. The experience of the HOME, PHOENIX, (of Brooklyn) and some other companies, has demonstrated that, with proper skill, tact and sagacity, business can be increased and managed to an indefinite extent, with entire safety, and even additional security to the company. We have now the machinery and organization in working order for nearly one hundred joint stock fire insurance companies. In the course of a few years their business can be safely doubled, and even quadrupled, without doubling or quadrupling the yearly expenses. Any considerable expansion of business must of course be mainly effected through the instrumentality of reliable, safe, and well managed agencies. The premium income of the HOME amounts to nearly one-eighth part that of the ninety-five companies combined, so that eight corporations like the HOME could conduct the entire business of all these companies. If each company transacted the same amount of business as the HOME the aggregate premium income would reach the enormous amount of over seventy-eight millions of dollars per year. Our companies are not too enormous for the great future of this country, if managed on the progressive scale demanded by the spirit of the American people.
The annual statement of this our foremost local fire and inland company, made up to the first of January last, shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, President, A. F. Wilmarth, Vice President, and John McGee, Secretary, these well accredited officers very justly say: "The well-known reputation of the HOME for fair and honorable dealing, together with its capital of one million dollars, and surplus of over half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."
This is not saying one word too much for their company. The HOME is the crack company of our State, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the first of January last summed up to $1,521,368.48, against an actual liability of only $55,180.43; and, moreover, it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company; bond and mortgages $940,240.51, secured on real estate worth $1,775,000, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,693. Any one not satisfied with the security of the HOME as an insurance institution, must be hard to please.
In 1861 the HOME wrote $1,005,715,48, taking $829,993 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of ten per cent. was paid on the million capital; and after reserving an ample reinsurance fund, the company shows a "nett surplus" of $100,641 clear over capital and all claims, actual or possible, practical or theoretical.
The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

1862. 1862.
LA CROSSE AND ST. PAUL
PACKET COMPANY.
SUMMER ARRANGEMENT

During the summer of 1862, till the close of navigation, the LaCrosse and St. Paul Packet Company, having completely equipped their Line and made large additions to their business facilities, will offer to shippers and passengers on the river greater inducements and conveniences, and QUICKER TIME, than was ever offered by any company on the river.
All the boats on the Chippewa, Minnesota, St. Croix and the upper Mississippi rivers, and the different lines of stages north of LaCrosse, will, the coming season run to connect with the Davidson boats and the LaCrosse and Milwaukee Railroad.
The LaCrosse and St. Paul Packet Company will run a
PASSENGER AND FREIGHT LINE.
The former will number two first class boats—the nicest and fastest on the river. They will be the MOLLIE AND NORTHERN BELLE—The first will be the Lightning Line, making the run from La Crosse to St. Paul in EIGHTEEN HOURS, and returning will leave here in the morning, and arrive at La Crosse in twelve hours time to connect with the evening train, by which our passengers will make close connection and reach Milwaukee in time for cars, or boats on the Lake in TWENTY HOURS FROM ST. PAUL, and reach Chicago next morning, by Minnesota Junction or Milwaukee, in just TWENTY-FOUR HOURS FROM LEAVING ST. PAUL, and in time for close connection East! This will be by twelve hours the quickest time between these three cities ever made! Nothing but passengers, the mails, express matter, and express goods will be carried on these boats, which will be furnished in the best of style. Passengers will then have daylight to view the grand beauties of the river, and good sleeping cars from La Crosse to Chicago—a great item. Arrangements have

THE CITY.

Hon. J. H. Baker is up in Blue Earth and Faribault counties making war speeches with great success. He writes that the people in that section of country are thoroughly aroused, and will march en masse to the field.

Rev. Mr. Tunstall will speak for the Union at Ingersoll's Hall to-night. From the high reputation of this gentleman, as an eloquent speaker, we bespeak for him a large audience. He is lately from Louisiana.

Geo. W. Stewart, Esq., of LeSueur, was yesterday commissioned as Second Lieutenant in the Ninth Regiment. He has already made a good start in raising a company in that county, and has now received the requisite authority for swearing them in.

West St. Paul.—A meeting was held by our neighbors across the river last night, at which some $900 bounty money was subscribed, and recruits enough came forward to fill the quota of the town. Well done.

Wright County Company.—A company of forty-eight first class men from Wright county, have come down to the Fort and been mustered in. J. F. Bradley, Esq., and others of Minneapolis, joined the company. H. S. Brooklins has been commissioned Second Lieutenant.

Committee Meeting.—The committee on the "War Fund."—the eighteen and the six—are requested to meet this morning at the City Hall. All enlisting officers in the city will please hand in at that time their several enlistments of residents of Ramsey County entitled to bounty up to date.

J. C. BURBANK, Ch'n
Committee of Distribution.

Castle Rock Guards.—Leonard Aldrich, Esq., of Castle Rock, Dakota county, commenced on Monday morning to raise a company in his neighborhood, and in three days succeeded in getting fifty-five men. He was in town last evening, received his commission as Second Lieutenant in the Ninth Regiment, and returned in the night, so as to commence swearing in his men this morning. Lively times over there among the farmer's boys.

Chippewa Treaty. — Commissioner Dole, Senator Wilkinson, Superintendent Thompson, and A. S. H. White, Esq., of the Indian Bureau, will start from here in a day or two, to make the proposed treaty with the Northern Chippewas. The treaty will take place somewhere in the Valley of the Red River, probably at the confluence of the Red Lake river. Hon. J. G. Nicolay, Private Secretary of the President, will accompany the expedition.

Our printers have nearly all skedaddled. Three more of them enlisted yesterday—E. Richards, Frank Moore and Mike Pendergast—the two first in Marshall's company and the latter in the Sarsfield Guards. Two others tried to join, but were rejected by the medical inspector. This makes just a baker's dozen who have enlisted from the Press office within the last ten days. We warn all recruiting officers to keep away from us hereafter. We have a "nary nuther" able-bodied man left: hav'nt half force enough to set up our paper, as this number will fully attest. We want printers, and we'll give a high premium for some one-eyed and wooden legged ones.

Sword Presentation.—The Young Men's Guard had a busy day of it on Wednesday, swearing in men, notwithstanding the rain. In the evening there was a large gathering at the armory, when Rev. Mr. Mattocks addressed the company in a short but telling speech, and wound up by presenting to Lieut. Stees a beautiful sword, sash and belt on behalf of "thirty friends." The speaker added that he regretted not knowing what had been done at an earlier hour as there would have been thirty-one friends. Lieut. Stees handsomely responded in a true soldier speech. After which the Guard marched through the streets for an hour, headed by the Great Western Band.

The Irish Regiment.—The process of enlistment in the Eighth or Irish Regiment is going on with some activity. The two companies in this city—one represented by O'Conner, Flood and Cheever, and the other by Grace, Sullivan and Howard—made fair progress yesterday, each having about twenty-five men. A company has been started at Faribault, under the auspices of a leading and popular Irishman, who expects to raise a company there and in the neighboring towns of Shieldsville and Wheatland. Pat. Kelley, a leading merchant of St. Anthony, is recruiting a company in Hennepin county, and Matthew Donahue of Sibley county is recruiting in the Minnesota Valley.

House Raffle.—The horse presented to the Young Men's Guard, by Edmund Rice, Esq., will be disposed of by lot this evening at 8 o'clock, at the American House, the proceeds for the benefit of the company. Col. John L. Merium, Wm. Lee, Esq., and John Farrington, Esq., will act as a committee.

Tickets for sale at J. C. Burbank's office, Wm. Lee's store, at Culver & Farrington's, Merchant's and International Hotels.

—Allegheny county, Pennsylvania, has raised her full quota under the call for 300,000 volunteers, and nearly half of the number required by the draft. There will be no draft in that county. It is full of fighting men, and the enthusiasm of the people was never so great as now.

General Headquarters, State of Minnesota.

ADJUTANT GENERAL'S OFFICE,
ST. PAUL, Minn., August 12th, 1862.
[GENERAL ORDERS NO. TWENTY-FIVE.]

1. In pursuance of General Orders from the War Department, No. 99, Fort Snelling is hereby designated as the place of general rendezvous for the drafted militia and volunteer regiments of the State of Minnesota, now being or to be organized.

2. Agents will be appointed by the Commander-in-Chief, one in each county, whose duty it will be to visit each township in their respective counties, and ascertain if the assessor therein has performed his duties, in making the proper militia returns, as directed in orders numbered 22 and 23 from this office; and in case he has not, he, the said agent, shall at once proceed to perform said duties, and make proper return thereof. An order announcing the names of said agents will be made to-morrow.

3. Immediately upon the completion of the enrollment, the lists of enrolled persons must be filed in the offices of the sheriffs of the counties in which such enrolled persons reside.

4. The Commander-in-Chief will appoint a commissioner for each county of the State, whose duty it shall be to superintend the drafting and hear and determine the excuses of persons claiming to be exempt from military duty.

5. The enrolling officer shall immediately upon the filing of the enrollment lists, notify the said commissioner that said lists have been so filed, and the commissioner shall thereupon give notice by handbills posted in three public places in each township of his county, of the time and place at which claims for exemption will be received and determined by him. And he shall fix the time, to be specified in the notice aforesaid, (within ten days of the filing of the enrollment,) at which the draft shall be made; and all persons claiming to be exempt from military duty shall, before the day fixed for the draft, make proof of such exemption before said commissioner, and, if found sufficient, his name shall be stricken from the list by a red line being drawn through it, leaving it still legible.

The Commissioner shall in like manner strike from the list the names of all persons now in the military service of the United States, all telegraph operators or constructors actually employed on the fifth day of August, eighteen hundred and sixty-two; engineers of locomotives on railroads, the Vice President of the United States, the officers, judicial and executive, of the United States; the members of both Houses of Congress and their respective officers; all Custom House officers and their clerks, all Post officers and stage drivers who are employed in the care and conveyance of the mails of the Post Office of the United States; all ferrymen who are employed at any ferry on the post roads, all pilots, all marines actually employed in the sea service of any citizen or merchant within the United States, all engineers and pilots of registered or licensed steamboats or steamships, together with the warden, deputy warden, clerks, inspectors, physician, assistant keepers and guards of the State Prison. The said exemption to be made by said Commissioner on sufficient evidence, or on his personal knowledge, that said person belong to any of the aforesaid classes, whether the exemption claimed by them or not—exemption will not be made for disability unless it be of such permanent character as to render the person unfit for a period of more than thirty days, to be certified by a surgeon appointed by the Governor in each county for that purpose.

6. At the time fixed as before provided, by the Commissioner for making the draft, the Sheriff of the county, or in his absence such person as the Commissioner may appoint, shall, in the presence of said Commissioner, publicly place in a wheel or box of a like character to such as are used for drawing jurors, separate folded ballots, containing the names of all persons remaining on said enrollment lists not stricken off as before provided—the names upon the enrollment list of each township in the county being however placed in the said wheel or box separately and drawn from separate by—and a proper person appointed by the said Commissioner and Sheriff—and, shall thereupon draw from said box or wheel, a number of ballots equal to the number of drafted men to be furnished by each of said townships, the quota of each township to be ascertained by the County Auditor subject to an appeal by any citizen to the said Commissioner. The quota of each county, however, to be fixed by the Commissioner-in-Chief.

7. A printed or written notice of his enrollment and draft, and of the place of rendezvous of the drafted military force shall thereupon be served by a person to be appointed by the commissioner upon each person so drafted, either by delivering the same in person or by leaving it at his last and known place of residence.

8. Any person so drafted may offer a substitute at the time of the rendezvous of the drafted militia force; and such substitute, if he shall be an able-bodied man between the ages of eighteen and forty-five years, and shall consent in writing, and shall furnish the written consent of his parents or guardian (if a minor) to subject himself to all the duties and obligations to which his principal would have been subject had he personally served, he shall be accepted in lieu of such principal.

9. The persons thus drafted (and substitutes) shall assemble at the county seat of their respective counties, within five days after the time of drafting, whence transportation will be furnished them by the Governor to Fort Snelling.

10. As soon as the draft has been made, and the names marked on the enrollment list, the commissioner will send a copy of the draft to the commandant of the rendezvous and another copy of the same to the Adjutant General of the State, who will immediately organize the drafted men into companies and regiments of infantry, by assigning one hundred and one (101) men to each company and ten (10) companies to each regiment, and send a copy of the organization to the commandant of the rendezvous.

11. At the expiration of the time allowed for the drafted men to reach the rendezvous, the commandant shall proceed to complete the organization of the companies and regiments, by proclaiming the names of the regimental commissioned officers, who shall be designated by the Governor, the number and grade being the same as in the volunteer service. The line officers of each company shall be elected by the men thereof, under the directions of the commandant of the rendezvous, and reported forthwith to the Governor of the State, in order that they may be commissioned. And the non-commissioned officers may be appointed either before or after muster, as the Colonel of the Regiment may decide.

12. As soon as the officers of the companies and regiments are designated the muster-rolls shall be made out under the direction of the commandant of the rendezvous, and the troops inspected and mustered into the service of the United States by the mustering officers appointed for that purpose.

13. In case this State shall not by the 15th day of August, furnish its quota of the additional three hundred thousand volunteers called for by the President on the 2d of July, 1862, unless otherwise ordered, all incomplete regiments shall then be consolidated under the direction of the Governor; and an additional draft shall be made, as before provided, sufficient to fill such quota. The number to be drafted from each county, &c., to be fixed by the Governor.

14. Any county or township voluntarily furnishing its quota of the volunteers and drafted militia, as fixed by the Governor or the Auditor of the County, on or before the 15th day of August, or within such further time as shall be granted by the Secretary of War, shall be exempted from said draft.

15. Promptly after the 15th day of August no new regiments of volunteers will be organized by the present bounties. Advance pay will continue to be paid to those volunteering to go into the old regiments.

By order of the Commander-in-Chief.

OSCAR MALMROS,
Adjutant-General.

MILLS,
SITUATED ON PHALON'S CREEK, WHERE THE STILLWATER ROAD CROSSES.

This Mill is just completed, and is in good running order. Our machinery embraces all the latest improvements, and was got up in the East, without regard to expense. It has two run of Burrs, which will be kept running night and day, so that farmers coming from a distance can be accommodated without much delay.

The need of a first class Mill of this kind has long been felt by the citizens of St. Paul and vicinity. We have secured the services of James Craigie, who has made milling the business of his life, and in whom we can place entire confidence.

All kinds of grain will be weighed when brought to the Mill, and also when taken away, if desired. We feel confident in saying to the public that we can make as good Flour and as great a yield to the bushel as any Mill in Minnesota, and respectfully solicit a fair trial.

Also a new Mill for grinding corn in the ear.

☞ All work done at this Mill is warranted.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 18[illegible], and since that time have finished and sold TWENTY-SEVEN THOUSAND. These instruments are now in use not only in the United States and Canada, but also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held.

AT ALL INDUSTRIAL EXHIBITIONS THEY HAVE INVARIABLY BEEN AWARDED THE HIGHEST PREMIUM WHENEVER EXHIBITED IN COMPETITION WITH OTHERS.

We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

Agents for the sale of our Melodeons may be found in all the principal towns of the United States and Canada.

REMOVED.

EYE & EAR.

DR. UNDERWOOD

Of Chicago, Ill., the eminent and skilful operator on the Eye and Ear, whose name and fame is for extensively known throughout the United States, for his science, skill and success in performing formidable operations, and in removing difficult and dangerous diseases from those delicate organs, has arrived in St. Paul and may be consulted in INGERSOLL'S BLOCK for a short time only.

Dr. U., who is a regular Physician and Surgeon of the old school, has had an extensive experience in both hospital and private practice of twenty-eight years, and will be found competent to perform any operation necessary to restore lost sight or hearing, or by other mild and gentle means to remove any disease from those delicate organs within the reach of science and human skill.

CHRONIC DISEASES, of every grade and character, whether requiring medical or surgical treatment, POSITIVELY and PERMANENTLY CURED, when not clearly beyond the reach of science and human skill.

Dr. Underwood treats all diseases on regular and scientific principles as recognized by the medical profession both in Europe and America, and hence does not use or deal in those pretended new and never failing remedies—specifics, inhaling vapors, and clairvoyant prescriptions—which are so ostentatiously paraded before the public by those impudent traveling quacks and money-fleecing empirics, nine-tenths of whom never were inside of a medical college. Patients afflicted or laboring under diseases of long standing, can consult Dr. U. with the most confident hope and expectation of being perfectly cured, or receiving with unerring certainty all the relief that the highest skill, the most judicious and scientific treatment can possibly bestow.

COMPOSITORS WANTED.—We want six or eight first class compositors immediately. Apply at the office of the DAILY PRESS.

THE NEWS THIS MORNING.

The news by telegraph is of the most startling character.

The Federal troops at Cumberland Gap 3,000 strong, have been attacked, overwhelmed and captured by the rebel army under Stephenson, 15,000 strong.

The rumors by former telegrams of the evacuation of the Peninsula by McClellan are discredited, but all intelligence concerning the army of the Potomac seems to be confused and contradictory.

Pope is advancing, and Sigel appears in strong force.

The details of the late battle are horrible.

The elements are in commotion, the clouds lower, and there is heard the muttering of the coming storm.

Let the drum beat TO ARMS,—let the forces of the Grand Army be marshalled.

A SHORT WAR.

The large reinforcements in the field, are attended with a heavy increase of expense, but decisive action is the truest economy. By one grand effort the rebellion will be crushed, never to rise. We are raising armies and winning victories for future generations. We scorn to leave to our children the legacy of a broken, divided government, with the necessary attendants, anarchy and ruin.

The question is now to be settled for a century, whether we have a government. The war may be costly, but with such measures as are now adopted, it must be short.

The people regret that such measures were not adopted long ago, and that the means already furnished have not been made to subserve a better purpose. The force of the rebellion had not been properly apprehended, nor had the commanders been found capable of wielding effectively 50,000 or 100,000 men in arms.

Whatever be the sacrifice of men and of treasure, the people have determined it—the Union is, and must be, *one* and *indivisible*, NOW AND FOREVER!

ARMY LIST.

Official army list of the Western States, Illinois, Indiana, Wisconsin, Minnesota, Michigan, Iowa, Missouri, Kansas, Nebraska, and Colorado, by Geo. B. Smith, recently of the editorial staff of the Chicago *Tribune*, formerly of the Springfield, Mass., *Republican*. This work is offered to the public as the initial number of a series to be continued until the end of the war. Accuracy is the striking feature of this work, and the arrangement is good, giving the names of the officers of each regiment, the term of entering service, the place where recruited, promotions, the division to which it belongs, and the battles in which it has been engaged. The work has official sanction, and may be regarded as entirely reliable. As a matter of record and reference it is of the greatest value to all who wish to know the history and movements of the army.

Single copies may be obtained by forwarding 50 cents to

GEO. B. SMITH,
Box 1345, Chicago.

IMPORTANT---NO CREDIT FOR EXCESS.

The following dispatch received from the War Department by the Adjutant General, yesterday, settles an important question:

Minnesota has not furnished an excess of volunteers compared with other loyal States—but no regard is paid to numbers furnished before July second. We want the entire levy under the two last calls. By order of the

SECRETARY OF WAR.

STOP AT THE MINIMUM.

Many companies are now full to the minimum—83 men. They should stop at once and let other companies have all the men that are offering. In this way all the regiments may be filled by volunteers. But if companies now full keep on recruiting, in order to get the maximum—101, they take men that should go into companies not yet up to the minimum, and may prevent the organization of some of the regiments.

LATENT UNION SENTIMENT IN THE SOUTH.

An encouraging sign of the times is afforded in the unwillingness of the Tennessee prisoners of war at Cincinnati and Indianapolis to be exchanged. At Camp Morton 2,300 protested against being forced into the rebel ranks. They were forced into the war at the point of the bayonet, and many of them are now willing to take the oath of allegiance, and enter the service of the Federal Government.

Such are the circumstances under which, in accordance with the order of the Secretary of War, Gov. Andrew Johnson has appointed Gen. Wm. B. Campbell as commissioner to visit the Tennessee prisoners, and to make such a disposition of them as may seem right and proper. Those who are still disloyal will doubtless be exchanged, by the cartel, and sent home to the companionship of traitors.

The Union sentiment of the South, so manifest at the commencement of the rebellion, has been almost entirely suppressed; not only property but the lives of suspected persons being in jeopardy.

Suppose every lukewarm patriot of the North, driven from the country, or cast into prison, his property confiscated for the benefit of the State. Such is the actual state of things at the South with reference to all suspected persons. Many have escaped; multitudes have been pressed into the rebel service—not a few have perished by violence. The statement is sometimes made "if there is any Union sentiment in the South we would like to know where it is." *It has been suppressed.* But it will rise up again when the pressure is removed, and it will be created when the arm of power shall have vindicated the paramount authority of the Federal Government.

All men instinctively *respect power*, and *despise* the assumption of authority without the ability to maintain it.

The half way measures and abortive efforts of the Government have been adapted to excite and provoke rebellion. The gigantic measures now adopted, and the Cyclopean blows about to be inflicted will as certainly subdue and quell it. It has been said that the people of the South will not submit, and cannot be subdued; that they are Americans of Anglo-Saxon blood; that they will never yield. All this is nonsense. They are men, and men the world over—bow before the manifestations of power, and respect the hand that wields the scepter. As it was with the tories of the American Revolution, so will it be with the rebels of the great rebellion—fled, banished, perished, those who survive having changed their names, or sought refuge in foreign clines. There will remain only loyal men, so that in less than fifty years, an avowed descendant of a rebel cannot be found within the limits of the States.

It should be borne in mind that by the laws of war, the lives as well as the property of rebels in arms are forfeited. If the laws be enforced, and the penalties inflicted, the rebel leaders will be hung, imprisoned or banished, while many more having voluntarily expatiated themselves, the political destinies of the country will be left in the hands of the now deluded but repentant inhabitants who remain—strengthened and aided by emigrants from the Northern States, who having, while in arms, seen the beauty of the land, will, when peace shall have crowned our efforts, seek for homes in the sunny South

The question is often asked, "When the rebellion is subdued, *what next?*"—The operation of the laws of emigration will help to solve the question. There will be, after the war, a large contribution of Northern men to Southern society. Many of the soldiers will never return, or return only to prepare for a removal and permanent residence in the midst of those rich, vast plains and valleys, rescued by their valor from the hands of outlaws and traitors.

COL. J. H. SIMPSON.

It will be seen by our telegraphic report this morning, that Col. J. H. Simpson, of the New Jersey 7th, and formerly a citizen of this place, is among the recently exchanged officers, who were prisoner at Richmond.

—It is asserted that government is considering the propriety of drafting for the navy, and that such a draft will, in all probability, be resorted to before long. The reasons urged for this draft are: the urgent necessity for more sailors; second, the difficulty of enlisting seamen, and 3d, the number of persons who now represent themselves as sailors, in order to claim exemption from military duty.

—The rebels are cute in saving property. Thus C. G. Faulkner is in Dixie, and his wife maintains just loyalty enough to reside at Martinsburgh, within the lines, and save the truck.

—Military matters begin to absorb every thing else. By a general order issued on Saturday, all business houses, including bar-rooms, are required to close their doors at 4 p. m., to allow the whole population to engage in drilling and military exercises. The organization of the old National Guard has been revived with vigor.

—At a recent sale of negroes in Kentucky, two likely young negro men brought less than $300 each. Eighteen months ago they would probably have brought over $1,200, and now they sell for little more than good hands hired for two years ago. Here is a striking illustration of the effect of the rebellion upon slavery.

THE CITY.

STEAM ENGINE WANTED.—C. D. Elfelt wants a steam engine. See advertisement.

YESTERDAY was "Lady Mary Day," in the Catholic Church, and was observed as a holiday among the laborers in the city.

WE have got a new recruit—that is, we have a volunteer compositor. He is eighty-seven years old, so we have got a sure thing on him.

SOME of the boys of the Third Regiment, not liking their quarters at Benton Barracks, have taken French leave, and returned home. This is a dangerous experiment, and may subject them to the penalty of desertion.

"DAVENPORT'S GOT 'EM."—Just look at the advertisement in another column, and see what Davenport's got. Godey's Ladies' Book just received, is one of the best numbers ever yet issued.

WOMEN AT WORK.—We are told that the regular wages for women in the harvest field now is $1.50 per day, and a great many are employed in raking and binding.

WATER MELONS and Egg Plants have made their appearance in the market.—Blackberries, in limited quantities, have been among us for the last few days.

SHERWOOD HOUGH, Esq., has been appointed Deputy Clerk of the District Court for Ramsey county, who will administer the office during the absence of Mr. Prescott to the war. No better selection could have been made,

SCOTT COUNTY COMPANY.—We learn that Mr. J. R. Ashley had sworn in 78 men up to six o'clock last evening. It will be full to-day, and probably go into the Tenth Regiment.

HURRY UP.—The bounty offered by the Central War Committee, by its resolution, will close this day, as the quota of the county will have been obtained. It is understood that enough men will be had by 12 o'clock.

MARKING UP.—Happening in one of our wholesale houses yesterday when there were no customers in, we found them busy marking up the price of their goods to correspond with the late advances made in the Eastern markets. They said they made more money that way than in waiting upon customers.

SOLDIERS' CLOTHING.—There is no clothing here yet for any but the Sixth Regiment. It is not yet known, we believe, whether the clothing for the other regiments will be made in the State or not, but it probably will be.

PAY UP TO-DAY.—At a meeting of the Central War Committee last evening, the following resolution was adopted:

Resolved, That the committee on raising funds for bounties and support of families of volunteers, are requested to call upon all persons whose subscriptions are unpaid, and upon all citizens known to be able to contribute to this fund, who have not already paid or subscribed; and in all cases of refusal to report to the chairman of the committee their names with the reasons or excuses given for the purposes of publication.

MESSRS. FAIRCHILD & PEASE sell a large amount of household furniture at public auction this morning at 10 o'clock, in front of their rooms by the bridge—embracing parlor, chamber, and kitchen furniture. Go and buy bargains.

THE PASS SYSTEM.—Passes to go out of the State must be obtained from the Attorney-General at his office in the Capitol. Passes to go out of the county, or travel in the State, from the Sheriff of the county.

The pass given by Col. Robertson Sheriff of Ramsey county, we regard as a model in form. The person receiving it is required to sign his name, so that if there is any doubt of the identity of the holder, the truth may be ascertained by demanding his signature. Without some such, or equally effective precaution, these passes may go into the hands of disloyal citizens for improper purposes.

We have the form used by Sheriff Robertson, and will supply orders to the Sheriff of any county.

MUSTER BOOK LOST.—A regimental book for muster rolls has been taken, probably by mistake, from the Adjutant-General's office at the Capitol. It is of no sort of value to any one except to the office, and it is hoped it will be speedily returned.

I HEREBY rgree to pay Five Dollars a month to any one man enlisting in Wm. R. Marshall's Company, 9th Regiment Minnesota Volunteers, for three months, making the sum of $15,00.

R. MARVIN.

St. Paul, Aug. 10, 1862.

THE WRIGHT COUNTY COMPANY.—Fifteen recruits for this company came down yesterday. The men have been furloughed, and have gone back home to recruit. We met M. S. Croswell, Esq., at the Capitol attending zealously and efficiently to the business of the company in that quarter. We are glad to see men of energy and capacity such as Mr. Croswell rejoicing to be in the ranks. With such men in the ranks of a company, it must be successful, and an honor to the county it represents.

FREE LECTURE ON PHRENOLOGY.—Prof. O. S. Fowler, the well-known Phrenologist of New York, will give a series of Free Lectures on his celebrated science in this city sometime early in September. The Professor is an earnest Union man and possesses superior attainments as a lecturer. As soon as the present war feeling has in a measure subsided, the Professor, we feel sure, will be cordially greeted by a St. Paul audience.

STEELE COUNTY HAS FURNISHED HER QUOTA, AND MORE.—A company is on the march for the Fort from Steele county numbering ninety-one men, and will reach there to-day. The quota of the county is but ninety. Besides this, little Steele furnishes nineteen volunteers in other companies. Glorious little county—noble patriotic people.

SIGEL GUARDS FULL.—This company numbers eighty-five men, and will be either Company C or D, Sixth Regiment. They organized yesterday by the selection of Capt. Schoenemann to command the company; C. Exel, First Lieutenant; Matt. Holl, Second Lieutenant; J. B. Bell, Orderly Sergeant.

THE YOUNG MEN'S Guards will probably have men enough to be mustered in to-day. We saw in the ranks yesterday Mr. P. B. Cook, formerly of this city, but now of Hastings, who locked up his store and hastened up here to enlist in the defense of his country. Good for him.

TWO COMPANIES FULL FROM RICE COUNTY.—A company of one hundred men enlisted at Northfield, Rice County, reached the Fort early yesterday morning. Their officers are not yet designated.—The Faribault company is also full, and understood to be on the road to the Fort. These companies will probably go into the Seventh Regiment. Another company is also being raised in the county, beside an Irish company, and both of them are progressing fairly.

EDITORS ENLISTING.—W. F. Elliot, of the Valley *Transcript* at Carver, has enlisted, and was the first man sworn in in that county under the last call of the President. He has disposed of his interest in the *Transcript*.

Frank H. Pratt, editor and publisher of the Taylor's Falls *Reporter* has also enlisted for the war in a company from the St. Croix Valley.

LATEST NEWS.

BY TELEGRAPH TO ST. PAUL.

WINSLOW'S LINE.

FROM WASHINGTON.

Denial of Report of McClellan's withdrawal from Peninsula.

Rumors of Disaster to the Army of the Potomac.

News from Richmond.

Arrival at Richmoud of Prisoners from Pope's Army.

NEW YORK, August 15.

A Washington dispatch to the *Times* says secretary Seward stated last evening that the current stories published in some of the papers and generally believed here for the last three or four days, that Gen. McClellan's army had left the Peninsula, were untrue. Reasons are known here that, independent of Mr. Seward's statement, leads to the same belief. What may come in future, of course, remains uncertain. Military matters, therefore, assume a profoundly mixed appearance.

Secessionists have rumors of disaster to shipping, &c., but in a very vague form, and not regarded as creditable.

The Richmond *Examiner* of the 12th contains the following:

Among the prisoners who reached the city on Saturday and Sunday, was Brig. Gen. Prince and 34 other commissioned officers. They are all at the Libby Prison. The officers from Gen. Pope's command are kept in solitary confinement, in conformity with instructions, and the rule as enforced will not be departed from under any considerations. About 300 prisoners have arrived at the Libby prison from Pope's army.

FROM POPE'S ARMY.

ENEMY STILL RETREATING.

STONEWALL JACKSON'S ARMY 60,000 STRONG!

Heroic Death of a Union Soldier.

ELEVEN DEAD REBELS AROUND HIM.

SIGEL'S HEADQUARTERS NEAR RAPIDAN, August 14.

The enemy is still reported to be retreating beyond the Rapidan river, although they have a force on the other side, with guns in position, and a large body of cavalry in their neighborhood, to be merely covering the retreat of the main body.

Gen. Milroy is in the advance with Gen. Bayard's cavalry and some artillery.

The river is easily forded at many points.

It is stated that Stonewall Jackson's army numbers at least 60,000 men. He has managed to move them all off safely excepting a few straggglers. Some of the latter came into our camp last night, and said that almost all the Virginia soldiers would desert if they thought they would be well treated.

A Union soldier was found in the woods on Wednesday, with his musket barrel grasped in both hands. The stock was broken off, and eleven dead bodies were lying around him, some with their heads smashed and others bruised in various ways: all dead. This shows with what desperation the Union hero had fought for his life, but without avail. His body was pierced with three balls. Many of the enemy's dead were left unburied, while others only covered in many places—arms and feet were seen above the earth. Some thirty-six wounded prisoners, concealed near the battle-field in houses, were brought in to-day.

ANOTHER DISASTER IN TENNESSEE.

3,000 Federals Surrender to 50,000 Rebels.

BATTLE NEAR CUMBERLAND GAP.

CHICAGO, August 15.

[*Times'* Special, Memphis 13th.]—Battle commenced at Tazwell, seven miles from Cumberland Gap, between Confederate forces under Stevenson, numbering 12,000 to 15,000; Federals at that place number 3,000. A movement was made in front by Stevenson, while Gen. Barton gained the rear by forced marches, and surrounded the federal forces. A desperate fight continuing four hours ensued, and terminated in the surrender of the federals. They were driven by superior numbers in front, and when in full retreat were assailed by a flanking force. The rebels are thus in possession of East Tennessee again. The next move will be on Buell with overwhelming forces. Beauregard is at Chattanooga, co-operating with Bragg. Their combined forces are not less than 70,000.

The rebel Gen. Caswell was killed near his residence in Knoxville on the 5th.

Arrival of Sick from James River.

FORT MONROE, August 12.

The steamer Port Royal arrived early this morning with Gov. Sprague on board, from Acquia Creek.

The mail boat from Harrison's Landing arrived at 4 o'clock; she brings no news of importance.

The steamer George Washington arrived here last evening from Harrison's Landing, with 500 sick soldiers on board, most of whom are convalescent and will be able to return to duty in a day or two.

Negro Regiment at Port Royal said to be a Failure.

Rebels in North Missouri Disbanded.

Port Royal advices state the negro brigade has proved a failure and been disbanded.

Advices from Hannibal, Mo., says the Federal officer just returned from New Market, reports rebel Gen. Porter has disbanded his forces. Col. Guitar overtook Poindexter's Guerillas again routed and scattered them in utter confusion.

THE BATTLE OF CEDAR MOUNTAIN.

Gen. Pope's Official Report.

WASHINGTON, August 14.

Gen. Pope's official report of the battle of Cedar Mountain says:

On Thursday the army crossed the Rapidan in heavy force. Early on Friday it became apparent that the move on Madison Court House was a feint to drive Gen. Sigel at Sperryville, and the main attack would be on Culpepper, to which place I had thrown forward Banks and McDowell.

The artillery of the enemy opened early in the afternoon, but he made no advance until 5 o'clock, and Gen. Banks advanced to the attack; the engagement did not fairly commence until 6 o'clock, and for an hour and a half it was furious and unceasing throughout.

I had continued to receive reports from Gen. Banks that no attack was apprehended, and that no considerable infantry force of the enemy had come forward; yet towards evening the increase in the artillery firing having satisfied me that an engagement might be at hand, though the lateness of the hour rendered it unlikely.

I ordered Gen. McDowell to advance Rickett's Division to support Banks, and directed Gen. Sigel to bring his men on the ground as soon as possible. I arrived personally on the field at 7 o'clock, and found the action raging furiously.

I found Gen. Banks holding the position he took early in the morning. His losses were heavy.

Rickett's division was pushed forward, occupied the advance of Gen. Banks. Our troops rested on their arms during the night and in line of battle. Heavy shelling kept up on both sides till midnight. In the morning at daylight the enemy fell back two miles from our front our pickets at once advanced and occupied their ground. Fatigue of troops from long and excessive heat made it impossible for either side to resume action on Sunday. Men were, therefore, allowed to rest. On Monday night the enemy fled from the field, leaving many of his dead unburied.

Gen. Buford, with cavalry force, was immediately thrown forward in pursuit, and followed the enemy to the Rapidan. The behavior of Gen. Bank's Corps during the action was very fine. No greater gallantry and daring could be exhibited by any troops.

I cannot speak too highly of the coolness and intrepidity of Gen. Banks himself; during the whole of the engagement he was in the front and exposed as much as any man in the command. His example was of the greatest benefit. He merits and should receive the commendation of his government.

Gens Williams, Augur, Gordon, Crawford, Prince, Green, and Geary behaved with conspicuous gallantry. Augur and Geary were severely wounded.

I desire publicly to express my appreciation of the prompt and skillful manner in which Gens. McDowell and Sigel brought forward their respective commands and established them on the field. Brig. Gen. Roberts, chief of cavalry, was with the advance on Friday and Saturday, and was conspicuous for his gallantry and for valuable aid rendered. Our loss is about 1500 killed, wounded and missing.

JNO. POPE,
Brig. Gen. Commanding.

TERRIBLE CALAMITY!

Steamboat Disaster on the Potomac. 73 Lives Lost!

ACQUIA CREEK, Va., Aug. 14.

A collision occurred on the Potomac last night off Ragged Point, between the steamers Peabody and West Point, involving the loss of 73 lives. The West Point was bound to this place from Newport News, with convalescent soldiers of Gen. Burnside's army. She sunk in ten minutes. The Peabody brought the rescued soldiers and passengers to this point.

There were 254 soldiers, some ladies, and some officers—making 279 in all.

The accident occurred on Wednesday evening at 8 o'clock. The West Point commenced sinking past the Peabody, which was partially disabled, and could only render assistance with boats. There were several vessels in the river, which rendered all the assistance possible, and by their combined efforts, 203 persons were rescued. All the crew except a fireman were saved. A boat was beached as soon as possible, and sank in four fathoms. A portion of the missing may have been saved, as several small boats and schooners were seen to pick up men. The two captains have been put in charge of the Provost Marshal here, and the affair is being investigated.

FROM JAMES RIVER.

Released Prisoners from Richmond.

NEW YORK, August 15.

The *Herald's* Harrison Landing Correspondent of the 13th says, early this morning one of the truce boats arrived here with 147 of our released prisoners from Richmond; among them are Generals McCall and Reynolds, Col. Simpson, Major Binney of the 4th N. J. Regiment, Col. Stockton of the 16th Mich., Lieut. Col. Sweitzer of 62nd Penn., and other officers, captured in the battles on the Peninsula. Officers of high rank state they have been treated with marked indignity by the rebel authorities.

After 12 o'clock to-day these returned prisoners will be free to join their several commands.

Rebel troops in considerable numbers, were seen last evening and this morning, on the south side of James River.

Some of our returned prisoners state that the night before—last Monday night—over a hundred pieces of artillery passed their prison in Richmond on their way to reinforce Jackson in front of Pope.

For several days large bodies of troops have been marching off in the same direction.

From the South.

A schooner from Havana ran the blockade at Mobile on the 7th, with a cargo of ammunition, salt and cavalry equipments.

A Vicksburg letter says the streets of that city are beginning to assume their former lively appearance; the refugees are returning and opening their places of business. All damage to the city by Federal shells will be repaired within a month.

Order in Regard to Military Draft.

Apportionment to Counties and Towns of Volunteers Heretofore Furnished.

The following additional regulations were issued to-day:

Ordered 8th, that in filing all requisitions for militia the quotas of the several States will be apportioned by the Governors among the several counties and when practicable among the subdivisions of counties, so that allowance shall be made to such counties and subdivisions of counties for all volunteers heretofore furnished by them and mustered into the service of the U. S. and whose stipulated term of service shall not have expired.

A New Account of an Old Affair.

Attempt to capture Ram Arkansas

NEW YORK, August 15.

The *Herald* correspondent on board the gunboat Essex gives a graphic account of the attempt to capture the ram Arkansas on the 22d July. The Essex advanced to where the ram was moored under tremendous fire from all the batteries. When within a few rods of the ram, the latter's bow-line was let loose, and she swung round with the current, and thus partially escaped the blow from the Essex which grazed her side, causing the Essex to run ashore for several minutes, under water batteries, field artillery, musketry, and heavy land batteries. The Essex delivered at six yards distance, a raking fire from her three 9-inch guns into the ram, going through her plating and killing 16, and wounding 30 of the rebel crew. The remainder of the crew fled to shore, and if the fleet had properly supported the Essex as agreed upon, the Arkansas would have been captured. The Essex escaped with only three shots that took effect, killing one of her men and wounding three. The Union fleet remained passive spectators of the brave action. The Essex is covered with indentations all over from the shots of hundreds of cannon, and her smoke stack riddled, her wheelhouse shot through, and during the affair was hid from view by the splashing of the water thrown up around her.

Iron Vessels for River and Harbor Defense.

OEFICERS CASHIERED.

WASHINGTON, August 14.

The Navy Department advertised proposals for construction of iron vessels for river and harbor defense.

Lieut. Frank C. Goodrich, Geo. A. Rawley, Charles R. Noggle and T. S. Wright, of the regular army, were cashiered for misdemeanor before the enemy, and Capt. Carboy, 12th infantry, for drunkenness. Sentences confirmed by Gen. McClellan.

The Rebels know of McClellan's Movements.

NEW YORK, August 15.

The following dispatch appears in the Charleston *Courier* of August 1st:

RICHMOND, July 29.—The opinion gains ground here that McClellan is gradually evacuating his position at Berkley's, and is reinforcing Gen. Pope with the bulk of his army.

The number of Yankee transports in the James river is immense, and great activity is observable among them.

Commercial.

Milwaukee Market.

MILWAUKEE, Aug. 13.

A further decline in freights caused another advance in prices of wheat yesterday morning. The latest opened at 91c. for No. 2, and 88c. for No. 1 in store—an advance of 1c on Monday's closing prices. About 15,000 bushels changed hands on the platforms, including some 5,000 bushels logged wheat at 85@90c. for the standard grades $1 for extra club, and $1,04 for white winter delivered.

The flour market was at a stand. The offerings were trifling, and buyers and sellers not much disposed to meet each other views. Good country extra would bring $4,30 easy enough. Holders were asking $3,85@4,10 for ordinary brands.

Coarse grains were dull in consequence of the light receipts, and hardly up to our last quotations.

Chicago Market.

CHICAGO, Aug. 12.

Flour sales ranged $4,50@4,70 on good to choice spring extras, and $4,70@5,00 on fancy and favorite brands, the latter price reached by a city brand for the first season.

Wheat in store ranged $1,03 on No. 3 white and No. 1 red, 98@97c on No. 3 red, and 91c. rejected do, 95c. Amber Iowa, 98@97c No. 1 spring, 90@88 90c. No. do, and 86c rejected.

LETTER FROM NEW ORLEANS.

U. S. GUNBOAT, "CAYUGA," NEW ORLEANS, July 31, 1862.

Editors of the Press:

All of Commodore Farragut's fleet that went up to Vicksburg has come down the river, and now lies in front of the Crescent City. The few vessels belonging to it that have been on duty elsewhere are ordered to Pensacola, whither we all sail in a few days. That is the rendezvous for perfecting all arrangements for the work to be done at Mobile, as ship Island was for the capture of New Orleans.

The Vicksburg question, and the management of all difficulties on the river below, as well as above that place, has been left to Oommodore Davis, with his high pressure, flat-bottomed, river-built floating batteries. There is no longer a doubt that he is equal to this responsibility, and is well provided with the best boats and armament for carrying it out. The appearance of his floating batteries and their mode of warfare, has nothing of the picturesqueness of the fine modelled, proudly moving sea-vessels of Commodore Farragut's fleet: but let "handsome is as handsome does" be the phrase till the rebellion is finished.

When I last wrote to the PRESS we were about starting up the river from this city, to hunt out and engage the two only armed rebel hoats left on the river, one of them the supposed iron-clad, well-armed ram, Wm. H. Webb, famous as the most powerful tug ever known around New York, until it was purchased by a Southern party before the war. These boats were known to be mysteriously watching or working somewhere about the month of Red River, but were hard to find.

Arriving at Baton Rouge, we found our presence much needed at that place until existing threatening aspects culminated or passed off. A body of confederate troops, estimated at from five to twelve thousand, were a few miles outside the town, and are still there. Small reconnoitering parties of them were frequently seen by our pickets. The Federal force consisted of four regiments, two batteries and the single gunboat, Kineo. So we anchored near her in the stream until we should have orders to proceed.

Baton Rouge being the State capital, is the place, above all others, which they would strongly endeavor to re-occupy if there was any chance of success. It is terribly galling to them that the national flag floats from the tower of their State house, over the archives of the State: that the eagle will brood over the pelican's nest: that the

"Iron messengers,
That rode upon the violent speed of fire"

from our gunboats, have knocked holes in their walls and left marks on the fair face of their capitol and fifty other buildings. Yes, they take it very hard: and the resident population being nearly all secesh, show their feelings continually. These may be supposed to have advices of the designs of their kindred in arms. At any rate, a great many of them have *pits* dug in their gardens, with provisions, &c., stored in them, "reserved against the time of trouble: against the day of battle and war." This is no joke. I was introduced into three of those holes, "unbeknown" to the proprietors, by Capt. Griffin, of Co. A, 6th Michigan regiment.—These are their "last ditches" yet discovered: the good quality of the "material" found in many of them, however, indicates anything but an intention to "die" in them. A party of four from the Kineo, Cayuga, and 6th Michigan regiment, dined four different days in one of these subterranean chambers, and dined sumptuously, too, enjoying the coolness, smoking and joking, till the heat of the day was diminishing. Then we advised the proprietor, by note, to replenish his delicacies, as a battle would be going on above ground before many days, and we didn't wish him so ill as to have him find his hole of refuge depleted when it would be too late for him to mend the matter.

The first night we lay off Baton Rouge an alarm came in from the pickets. Our soldiers throughout the town were quickly ready to move. "All hands to quarters," was called on the Kineo and the Cayuga. That means every man take the place assigned him in engagement. The guns of both boats were run out at the ports.—Mr. Davis, signal-master on the Kineo, mounted the tower of the capitol with his guard, and colored lights, to direct the shots which the gun-boats might make. The city was all astir. We stood at our guns, itching with patriotic suspense, and mosquito bites till two in the morning, when "quarters" were "piped down," and the latter had it all to themselves.—The streets were soon as quiet as if there had been nothing but a second class dog fight. Next morning it was found that a true, Union loving, loyal federal horse, while quietly grazing, had been shot by a picket of the 14th Maine regiment. That was all. The same performance was gone through with one afternoon, only the depressing influence of day light, and the absence of mosquitoes, it was not so exciting. This time a small body of the enemy's troops, or else a guerilla band in uniform, had come up close to our ilnes.

When Commodore Farragut's fleet arrived at Baton Rouge on its way down, we proceeded to Red River with the Harriet Lane, the prettiest and most graceful vessel that ever run by steam. The next forenoon, (Sunday,) we turned a curve, nearing the month of Red River, and there were the rebel boats just coming out of the same. They had seen all the fleet that had been up at Vicksburg pass down the day before, and supposed their way was clear for a while.

I made for the deck with a glass, to get a fair look at them before we were called to quarters. Services had opened, I thought, with a forcible illustration of Daniel, 8th chapter, 3d verse: "For I lifted up mine eyes and saw, and behold, there stood in the river a ram, which had two"—smoke pipes; but it could not be recognized by any of us as the genuine Wm. H. Webb. It was smaller, and of different build. The other was the Music, an old-line river steamboat, flat and sharp, which is not *natural* as applied to music in general. She was loaded with cotton, and had but one gun visible, which was on her bow. The other boat had several guns.

They were two and a half miles distant, but we opened fire on them at once, with our 11-inch Dahlgren gun, and rifled cannon. The Harriet Lane followed, shelling the woods, under suspicion of guerrillas being in ambush. The rebel boats soon got turned and headed up Red river, where they hid behind a bend, out of our shot range, and our pilot would not take the responsibility of running up there in this low stage of water: our boat draws ten feet.

We fired fourteen times, and struck the ram twice, but could not tell what execution was done by our shots. The ram fired five shots at us, all of which fell short a quarter of a mile.

It being evident that Commodore Davis' light-draft river boats are the only ones to operate against those of the enemy, the Harriet Lane and Cayuga have rejoined the fleet at New Orleans, where we await the movement towards another inevitable triumph at Mobile.

NYM CRINKLE,

LINES

Suggested by reading Chaplain Fiske's letter relative to the lamented death of Rev. Lieut. R. A. JUDD, of the Minnesota Fourth.

BY MRS. H. E. BISHOP M'CONKEY.

"Servant of God, well done!"
With double armor on
Thine doubly glorious death
Is LIFE most richly won,
When, softly whispered, "Death has come,"
'Twas welcomed with, "*I'm going home.*"

In weary, foot-sore march,
Thy step was firm and bold,
And when the burning sun
Upon life's cordage told,—
Reluctantly thy place was left,
That waning strength find needful rest.

O, glorious boon to die
With sword and armor on;
But doubly glorious boon
When burnished by "the Son,"
For in the camp and march, he trod
The foot-prints of the SON OF GOD.

In that grove-guarded tent,
When human aid had failed,
A sacred presence glowed.
To light him thro' the vale;
With cheerful trust and strong desire,
He heard the summons, "come up higher."

Ah, me! the death thinned ranks!
Ah, me! the wails and woe!
Which flood our land to-day,
Whichever way we go!
O, come then, young men, strong and true,
In this dark hour, we look to you.

Go forth with courage bold,
To serve the cause of Right!
And that you victors be,
We'll pray both day and night;
And when your duty is "well done,"
You'll find a glorious *welcome home!*

But if on battle-field
You shed life's precious gore,
In the Nation's heart you'll live,
"Till time shall be no more."
Bright laurel wreaths we'll twine for thee,
To bloom throughout eternity.

ST. PAUL, August 13th, 1862.

Mr. Lincoln on Gen. McClellan.

A correspondent of the Cincinnati *Gazette*, writing from Washington, says:

I see the New York papers are quarreling about what the President said to Wm. Curtis Noyes, on his recent visit here, about the Generalship on the Peninsula. The *Herald* grows fierce because Mr. Noyes has repeated something Mr. Lincoln said, not quite in accordance with the established formula of puffery on the subject, which for months have been kept stereotyped.

I don't know anything about what Mr. Lincoln may have said of McClellan to Mr. Noyes and the New York delegation; but I do know precisely what he said a few evenings afterward. There has been so much wrangling over his views on this subject that his language becomes specially interesting. "McClellan must be a good military man," he said. "Everybody says he is. These military men all say so themselves, and it isn't possible that they can all be so completely deceived as some of you insist. He is well versed in military matters, and has had opportunities of experience and observation. Still there must be something wrong somewhere, and I'll tell you what it is, *he never embraces his opportunities*,—that's where the trouble is—he always puts off the hour for embracing his opportunities." People who insist on knowing "just what the President really thinks of McClellan," have it there as he unreservedly expressed it not a week ago.

—The new hotel de la Paix, at Paris, was thrown open to the public on the 15th ult. It is situated at the center of Parisian fashion, adjoining the new grand opera, and is an immense affair. There are 735 rooms in it, and some of the corridors extend 350 feet. The price paid for the site was 8,000,000 francs, and the house and furniture, which is of the most elegant description, have cost 14,000,000 more. Newly arrived guests with their baggage, are conveyed by machinery up to the third and fourth stories, so that there is no climbing up stairs. The hotel has been built by the Real Property Company of Paris, at the head of which is M. Emile Pereire, the founder of the Credit Mobilier.

A CARD.

The undersigned, having for a long time had pupils in the St. Paul Female Seminary, under the care of Rev. J. G. Rhieldaffer, pastor of the Central Presbyterian Church, beg leave to recommend this institution to parents who have daughters to be educated.

The course of study is as extended and comprehensive as in similar institutions in other parts of the country.

Thoroughness in all the branches taught, is a marked characteristic of the institution. The teachers are experienced and abundantly competent in their several departments.

Young Ladies boarding in the seminary have a comfortable home and all the advantages that need be desired for them while at school.

The terms for board and tuition are as reasonable as such facilities can be afforded.

Mr. R. is making laudable efforts for the permanent establishment of a Female seminary of a high order at the Capital of the State, and we rejoice in the prospect of its success. The school is now in the fourth year of its existence, and the intelligent can begin to judge of it by its fruits.

We would, therefore, after having made thorough trial of the St. Paul Female Seminary, recommend to all with whom we may have influence, to aid with their patronage in the support of an institution for the education of our daughters, in our own healthful and invigorating climate.

GENERAL ORDERS—NO. 26.

HEADQUARTERS ARMY OF THE OHIO, IN CAMP, NEAR FLORENCE, ALA., June 24, 1862.

There are 14,000 officers and soldiers absent from their duty with the various Divisions of this army. Some of them have gone on without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in very many cases the cause has notoriously ceased to exist, and men remain away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—

1. All officers and soldiers who are absent without proper authority from these Headquarters, the period for which has not transpired, will, on or before the 10th of July, proximo, join their companies or regiments wherever they may be. If ignorant of their locality, they will report to the commanding officer at Louisville or Nashville, by whom they will be directed to their regiments, or put on such light duty as they may be able to perform. If they are not entirely fit for active service; and these will be promptly reported to their regimental commanders by the officer so assigning them.

The cases of those who fail to join as above required, will be disposed of as follows:

2. If any absent officer or soldier, in consequence of sickness or wounds, is absolutely unable to report for duty as above required, he will forward by mail to "The Assistant Adjutant General, District of the Ohio, Nashville, Tennessee" a *Certificate of Disability*, according to the following form:

CERTIFICATE OF DISABILITY.

I declare on oath that I have carefully examined.....of Captain.....Company, Colonel.....Regiment of .....Volunteers, now at this place and under treatment by me, and find him incapable of performing the duties of a soldier for the following reasons: [Here state all the *facts* known concerning the disease or wound, or cause of disability; the time, place, manner, and all the circumstances under which the injury occurred or disease originated; the duty or situation of the officer or soldier at the time the injury was received or disease contracted; and whatever facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.]

Place: (Signed).
Date: Surgeon [or Physician.]

Sworn and subscribed to before

This certificate must be subscribed and sworn to by a Surgeon or private Physician in good standing, and known as such by the magistrate or other officer by whom the oath is administered; and on it a discharge will be ordered from these Headquarters, or the case otherwise disposed of according to the circumstances.

3. The death of any officer or soldier which has occurred since the 1st of January last, while he was absent from his regiment or company, and which has been reported by the surgeon of the Hospital in which the death occurred, or by the friends of the deceased if not in Hospital, will be immediately reported by the Surgeon of the Hospital, or by the affidavit of friends, to "The Assistant Adjutant General, District of the Ohio, Nashville," setting forth the date of decease and other material circumstances.

4. All absent officers and soldiers who do not join their companies and regiments, or are not satisfactorily accounted for as do so by the 10th of July next, will be reported on their muster-roll as deserters, dating from the time they may have been absent without authority.

By Act of Congress every deserter forfeits all claim on the Government for pay and allowances, besides being liable to arrest and trial by Court Martial. Any person who apprehends and returns a deserter to the commanding officer of a military post is entitled to five dollars.

By command of MAJOR GEN. BUELL.

[Official:] JAMES B. FRY,
A. A. G., Chief of Staff.

NOTICE OF MORTGAGE SALE.—DEFAULT has been made in the payment of the sum of seven hundred and eighty three dollars, which amount is claimed to be due and is due at the date of this notice, upon that certain mortgage executed, acknowledged and delivered by John Wesley Bond and Johanna A. H. Bond, his wife, of Ramsey county, Territory (now State) of Minnesota, to Lowman Hawes, of Bloomington, (late of Madison) State of Indiana, and which bears date August twentieth, (20th) A. D. one thousand eight hundred and fifty-seven (1857) and was given to secure the payment of six hundred and twenty-four dollars and twenty-five cents ($624.25) in one year from the date thereof, and interest thereon, as was duly recorded at three and a half (3½) of the clock, in the afternoon on the twenty-seventh (27th) day of August, in said year (1857), as a mortgage, in Book "G" of mortgages, pages three hundred and three (303) and three hundred and four (304), in the Registry of Deeds of said Ramsey county.

And the said Lowman Hawes, mortgagee, has duly paid the taxes upon the land therein described as lying in the said county of Ramsey, for the years 1858, 1859, 1860 and 1861, and all interest and charges thereon, and has the receipt of the treasurer of the said county of Ramsey therefor, and the amount so paid and the interest thereon, at the date of this notice, is twenty-eight and fifty-two one-hundredth dollars, $28.52) and claims an additional lien on the said land in the county of Ramsey, for the same; and no proceedings at law or in equity have been had to collect the said mortgage debt or any part of the same.

And whereas, said mortgagee, Lowman Hawes, deceased and died intestate on the eleventh (11th) day of February, A. D. 1861, and upon due application, Mary Hawes, of Madison, in the county of Jefferson, State of Indiana, was on the eleventh (11th) day of April, A. D. 1861, duly appointed administratrix of the estate, &c., of said Lowman Hawes, deceased by the Court of Common Pleas, being also a Court of Probate, of said county of Jefferson, and letters of administration have been duly issued to her out of said Court, as administratrix of said estate; and an authenticated copy of the said letters of administration and appointment are now on file in the Probate Court in and for the county of Ramsey, in the State of Minnesota.

Now, therefore, notice is hereby given that under and pursuant to a power of sale, in said mortgage contained, authorizing and empowering the said mortgagee, Lowman Hawes, his heirs, executors, administrators and assigns, to make sale of the premises therein described upon default being made in the conditions of the said mortgage, and under and pursuant to the statute in such case made and provided, the premises described in said mortgage, as follows, to wit: the south half (½) of the southeast quarter (¼) of section thirty-one (31) in township thirty (30) north of range twenty-three (23) west, lying and being in the county of Ramsey, and state of Minnesota; also the southeast quarter (¼) of section two (2), in township thirty-two (32) north, of range twenty-one (21) west, lying and being in the county of Washington and State of Minnesota, with the tenements, hereditaments and appurtenances belonging, or in anywise appertaining to the said tracts, will be sold at public auction, to the highest bidder or bidders, for cash, by the Sheriff of said county of Ramsey, at the front door of the Court House, in the city of St. Paul, in said county, at ten (10) of the clock in the forenoon, on Saturday, the sixteenth (16th) day of August, A. D. 1862, to pay said debt, taxes and interest and costs allowed by law.

Dated Saint Paul, Minn., July 1st, 1862.

MARY HAWES,
Administratrix of Mortgagee.

ROBERT P. LEWIS, Att'y for Mortgagee.

FLORENCE SEWING MACHINE AGENCY,

One door East of Davenport's Bookstore, on Third Street.

The "FLORENCE" SEWING MACHINES make FOUR DIFFERENT stitches on one and the same machine. Thus the LOCK, DOUBLE-LOCK, KNOT AND DOUBLE-KNOT, all of which make the seam alike on both sides of the fabric. Either or, all can be produced while the Machine is in motion.

They have the REVERSIBLE FEED MOTION, which enables the operator to have the work carry either way, or to change the direction, and fasten the end of seams, welts, together with making a long and a short stitch, is done simply by turning a thumb screw.

Their motions are all positive. There are no springs to get out of order. They are so simple that the most inexperienced can work them perfectly and with ease. They are NOISELESS, and can be used where quiet is necessary.

They are the FASTEST SEWERS in the WORLD, making five stitches to each revolution. They oil no dresses. Their stitch is the wonder of all, because of its combined ELASTICITY, STRENGTH and BEAUTY.

Prices No. 1, $47.00, No. 2, $57.00, No. 3, $67.00, No. 4, $72.00, No. 5, $77.00, No. 6, $82.00, No. 7 Cabinet opener, $80.00, No. 7 Cabinet case, $95.00, Mahogany $97.00, Rosewood $105.00. Hemmers and all necessary tools included in the above prices.

MORTGAGE SALE!—DEFAULT having been made in the conditions of a certain indenture of mortgage executed and delivered June 3rd, 1857, by Frank Weizel and Margaret Weizel, his wife, of the county of Ramsey, then Territory, now State, of Minnesota, to Ira Bidwell, of the city of Adrian, in the State of Michigan, and duly recorded in the Registry of Deeds of said county of Ramsey, June 4th, A. D. 1857, at 2½ o'clock P. M. in Book "K" of Mortgages, on page 402, &c., and also duly recorded in said Registry of Deeds of said county of Ramsey, May 11th, A. D. 1858, at 2½ o'clock P. M. in Book "N" of Mortgages, on pages 90 and 91, conveying to said Ira Bidwell, the west half of section twenty-one (21), the west half of the northeast quarter and the north half of the southeast quarter of said section twenty-one (21), and the north half of the southwest quarter of section number thirty-two (32), in township number thirty (30) north of range number twenty-three (23) west of the fourth principal meridian, containing according to government survey, five hundred and sixty acres, more or less, situated in said county of Ramsey, and State of Minnesota, and upon which mortgage there is claimed to be due at the date of this notice, the sum of $8,571.35, as per note signed by F. Weizel & Co., to said Bidwell of the same date of, and secured by said mortgage, and no suit or proceedings at law or otherwise have been had to recover any part thereof:

Now, therefore, notice is hereby given, that by virtue of the power of sale in said mortgage contained, and pursuant to statute, the said mortgage will be foreclosed and the premises therein described sold at public auction, to the highest bidder for cash, at the front door of the Court House, in the city of Saint Paul, in said county of Ramsey, and State of Minnesota, on the 15th day of September, 1862, at 10 o'clock A. M. to satisfy the amount then due on said note and mortgage, so far as the proceeds of said sale will pay the same, with the costs of sale.

Guardian of said minors, Anthony Frenier and Francis Chardon.
Dated July 30th, A. D. 1862. tu 35-3w

IN PROBATE COURT STATE OF MINNESOTA, Ramsey County, Special Term, June 23, 1862.

In the matter of the estate of Joseph Charles, deceased.

On reading and filing the petition of Edward Webb, Administrator of said estate, setting forth the amount of personal estate, the amount of debts, and a description of the real estate of which said deceased died seized, and the condition and value thereof, and praying that license be to him granted to sell the whole of said real estate; and it appearing by said petition that there is not sufficient personal estate in the hands of said Administrator to pay said debts, and that it is necessary, in order to pay the same, to sell the whole of said real estate. It is therefore ordered that all persons interested in said estate appear before the Judge of this Court on the 5th day of August, 1862, at ten o'clock A. M., at the office of the Judge of Probate, then and there to show cause, if any there be, why license should not be granted to said Administrator to sell said real estate.

And it is further ordered that a copy of this order be published for four successive weeks prior to said day of hearing, in the Saint Paul PRESS, a newspaper published at Saint Paul, Ramsey county.

This Society was organized in the year 1859, with a cash capital of $300,000 deposited irrevocably with the Insurance Department of the State of New York, in United States bonds, on which it allows but seven per cent. per annum to the stockholders, and the entire profits of the business is shared by the policy holders. The nett profits in two years amounts to $139,000, which shows an unparalleled success in the history of Life Insurance. Its operations are managed by a Board of Directors composed of the the ablest business men of the country, and its business is conducted entirely on the cash plan. HOME

INSURANCE COMPANY,

NEW YORK.

Extract from Third Annual Report of the Superintendent of the Insurance Department of the State of New York. WM. BARNES, Superintendent.

There are now ninety-five joint stock fire insurance companies incorporated by the State of New York, engaged in the transaction of business; of these companies, fourteen only received premiums during the last year, amounting to over one hundred thousand dollars; four only received premiums above the sum of two hundred thousand dollars, and the premium income of one only exceeded three hundred thousand dollars. The premium receipts of this Company, the HOME, with a capital of $1,000,000, were $820,903.33. The premium income of thirty of the smaller companies was $851,578.46 only, with capitals, however, amounting in the aggregate to the sum of $4,900,000.

The state of things should be improved; the premium income of the mass of our fire insurance companies is by far too small for their capitals, and inadequate to the proper support of a one hundred joint stock fire insurance companies. In the course of a few years their business can be safely doubled, and even quadrupled, without doubling or quadrupling the yearly expenses. Any considerable expansion of business must of course be mainly effected through the instrumentality of reliable, safe, and well managed agencies. The premium income of the HOME amounts to nearly one-eighth part that of the ninety-five companies combined, so that eight corporations like the HOME could conduct the entire business of all these companies. If each company transacted the same amount of business as the HOME the aggregate premium income would reach the enormous amount of over seventy-eight millions of dollars per year. Our companies are not too numerous for the great future of this country, if managed on the progressive scale demanded by the spirit of the American people.

The annual statement of this our foremost local fire and inland company, made up to the first of January last, shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin President, A. F. Wilmarth, Vice President, and John Meiers, Secretary, those well accredited officers very justly say: "The well-known reputation of the HOME for fair and honorable dealing, together with its capital of one million dollars, and surplus of over half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our State, in high credit all over the Union. Worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the first of January last summed up to $1,521,258.38, against an actual liability of only $53,680.43; and, moreover, it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company; nearly enough to pay mortgages $910,229.53, secured on real bonds and mortgages of the best kind, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,636. Any one not satisfied with the security of the HOME as an insurance institution, must be hard to please.

In 1861 the HOME wrote $496,715,48, taking $82,2.95 premium, and paid losses $333,775, including some losses for the year 1860. A dividend of ten per cent. was paid on the million capital; and after reserving an ample reinsurance fund, the company shows a "nett surplus" of $160,644 clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

1862. 1862. 1862.

LA CROSSE AND ST. PAUL

PACKET COMPANY.

SUMMER ARRANGEMENT

During the summer of 1862, till the close of navigation, the LaCrosse and St. Paul Packet Company, having completely equipped their Line and made large additions to their business facilities, will offer to shippers and passengers on the river greater inducements and conveniences, and QUICKER TIME, than was ever offered by any company on the river.

All the boats on the Chippewa, Minnesota, St. Croix and the upper Mississippi rivers, and the different lines of stages north of LaCrosse, will, the coming season run to connect with the Davidson boat and the LaCrosse and Milwaukee Railroad.

The LaCrosse and St. Paul Packet Company will run a

PASSENGER AND FREIGHT LINE.

The former will number two first class boats—the nicest and fastest on the river. They will be the NEILLAH and NORTHERN BELLE.—The first will be the Lightning Line, making the run from La Crosse to St. Paul in EIGHTEEN HOURS, and returning will leave here in the morning, and arrive at La Crosse in twelve hours time to connect with the evening train, by which our passengers will make close connection and reach Milwaukee in time for cars, or boats on the Lake in TWENTY HOURS FROM ST. PAUL, and reach Chicago next morning, by Minnesota Junction or Milwaukee, in just TWENTY-FOUR HOURS FROM LEAVING ST. PAUL, and in time for close connection East! This will be by twelve hours the quickest time between these three cities ever made! Nothing but passengers, the mails, express matter, and express goods will be carried on these boats, which will be furnished in the best of style. Passengers will thus have daylight to view the grand beauties of the river, and good sleeping cars from La

GENERAL VAN CLEVE.

We present to our readers a few extracts kindly furnished us, of a late letter from Gen. Van Cleve, late of the 2d Regiment:

"HEADQUARTERS 11TH BRIGADE, 5TH DIVISION ARMY OF THE OHIO, BATTLE CREEK, Tenn., July 31st, 1862.

* * * * * * *

Our affairs have been looking somewhat gloomy, but now the prospect is brightening. I have had sad forebodings, not about the final result, for that the rebellion must and will be crushed out I cannot doubt, but my fears were that the war might be protracted to an indefinite period, and that it might be one, two, or three years before I could return to my family. The hearty response given by our people to the call of the President for 300,000 more men has satisfied me that our Northern men are alive to the work in which we are engaged, crushing out this rebellion, and sustaining this Union. I have said "Northern men." I must not forget Maryland, Western Virginia, Kentucky, Missouri and Tennessee, who are manfully arising in this holy cause. Even Northern Alabama is throwing in her mite. Men from the northern part of the State are enlisting in the service.

Morgan's raid into Kentucky has done more good than harm. It has doubtless opened the eyes of the rebels to the delusion under which they have been laboring, viz: that Kentucky was ready to join them, and that there would be an uprising of her people as soon as a rebel force should show itself among them. They find they have been grossly misled by the misrepresentations made, and the warm invitations given by some disloyal traitorous citizens. The guerilla parties are doing mischief in some localities by their depredations: but they are strengthening us by rousing our loyal citizens from their slumbers and bringing them to our aid, and by opening the eyes of many who have been misled by the wiles of traitors to favor secession. From movements of the rebels at Chattanooga lately, I think they had made every preparation to follow John Morgan with a heavy force into Kentucky as soon as they learned of the uprising of the people there. The formidable uprising promised resulting in nothing more than the hurrying of John, with all speed, out of the State into East Tennessee, they prudently resolved not to make the proposed march."

Great Inducements to Volunteers.

For the St. Paul Press.

Besides the patriotism and glory of serving the country in this hour of peril, there are great pecuniary inducements for enlisting.

We think it but reasonable to suppose, under the present vigorous management, that the war will be brought to a victorious close in one year. If it should close in one year, every private who enlists in any of the companies now forming in St. Paul under the call for volunteers, would be entitled to and would receive for their year's service the following amount:

Citizen's bounty	$ 50 00
Government advance bounty	27 00
One month's advanced pay	13 00
Eleven months' pay $13 per month	143 00
Government bounty at close of war	75 00
One hundred and sixty acres of land, worth at Government price $1 25 per acre	200 00
	$508 00
One year's rations, at $9 per month	108 00
Clothing, about	20 00
Total to every private (single man)	$636 00
Additional inducements to married men:	
City bounty to families of married men, $5 per month	$ 60 00
County do do do	60 00
Citizens do do about $2 per month	24 00
Total one year's pay	$780 00

Further and additional inducements are offered by the several companies, to be *Soldiers of the Republic*—to engage in the best cause, with the best soldiers, in the grandest army of all history.

EMMETT GUARDS.

—As it is certain the Wisconsin Third Regiment was in the heaviest of the late severe battles, there may be truth in the reported death of Lieut. Col. Crane. Col Crane is of Ripon, Wisconsin. He entered the regiment as Adjutant, and reached his present position by successive steps of promotion. He was a gallant officer, of fine personal presence, and with qualities that made him highly popular. He is widely known in the state, and his death, will occasion a grief, sincere in its nature, and as wide-spread as his acquaintance.

—The lines—

"He who fights and runs away,
Will live to fight another day,"

may be altered to suit those trying to escape the draft, thus:

He who sneaks to Canada,
Like other dogs, will have his day.

—The Ontonagon *Miner* of July 26th, states that copper has advanced materially, and large sales have been made in Boston at 23 3-4 cents per pound. Copper stocks feel the influence of it. Quincy has advanced to 46 1-2 per share, and will pay a dividend of $3 per share: Pewabic is quoted at 28 1-2 per share and a dividend soon is talked about.—More strangers arrived recently than at any former period of the season. The steamers Northern Light, Iron City, Sea Bird and Traveler arrived within a few hours of each other, and all brought loads of passengers to Lake Superior, many of whom landed here, whilst a few went to Superior City, and thence by stage to St. Paul. Had the traveling public been notified in time, that tri-weekly stages were on the route between Superior City and St. Paul, the line would have been much more patronized.—The schooner Ellington, of Cleveland, brought three hundred tons of coal for the new Smelting Works Company. The City of Cleveland arrived with upwards of one hundred and sixty passengers, mostly an excursion party from Portage Lake.

News of the Day.

—The whole quota of the State of Wisconsin on the first was to be full by the 15th, and there are indications of a surplus. Many localities cannot be reached by telegraph or mail readily, or both calls would be filled by without a resort to drafting.

—A regular '76 spirt is prevailing in Milwaukee. Over $50,000 bounty fund has been raised to save the city the disgrace of drafting.

—A gentleman of Lexington, Ky., proposes to be one of twenty persons to subscribe two hundred and fifty dollars each to promote enlistments for the Federal army in Fayette county.

A Genuine Democrat.

No one can deny that Daniel S. Dickinson is a thorough straight-out Democrat. Read what he said at Bingham, no longer ago than the 12th of the present month:

He said he was not only for speedily and totally wiping out the rebellion, but the cause of it, so we would never have another. He was also in favor of confiscating all the property of the rebels, real, personal and mixed. He said he would confiscate their quadruped and their bipeds—their men servants and their maid-servants, and their oxen and their horses, and their asses, and all that is theirs. He appealed to every man to enlist in the Union armies who possibly could, and help to sustain the government. He said the President was entitled to great credit for what he had done, and that the administration was entitled to the support of every loyal citizen in the land.

—The Indianapolis *Journal* of Friday, makes the following report of the condition of the fifteen new regiments called for by the Governor of Indiana: The first, the 65th regiment at Evansville has 700 now and will be full in a few days: the 66th at New Albany has 500 and is now fast filling up—will be full next week; the 67th at Madison has three companies in camp and will be full next week; the 68th at Greensburg has 700 in camp and is full by this time; the 69th at Richmond is full and 100 over; the 70th at Indianapolis is full and 250 over; the 71st at Terre Haute is full; the 72d at Lafayette is full and 200 over: the 73d at South Bend is full and 100 over, and Mr. Colfax telegraphs it will have 300 over this week: the 74th at Fort Wayne is full: the 75th at Wabash is full and 400 over: the 12th, an old regiment at Indianapolis has 800 and will soon be full; the 17th, another old regiment reorganizing, has 800: the cavalry regiment at Indianapolis is full. Eight regiments of the fourteen are full, with a surplus of 1,250, which will make the 15th. The other six regiments will be full in a few days. These regiments are all ready to go to the war but for their arms.

—One of the new Monitors will be ready in a few days, and another by the 1st of September, and the others as quickly as possible. Eight are being constructed. Workmen are engaged day and night.

—We publish this morning reports of the progress of volunteering in over three fourths of the counties of this state, condensed from the local papers. It will be seen that from nearly every county the most encouraging accounts are given. If permitted, and granted a few days extra time to do it, there is not the least doubt of Ohio being able to raise the second quota of 300,000 men, without resort to a draft. We trust the opportunity will be given.—*Cin. Gazette.*

—All persons found in the streets of New York City, on the 14th inst., in military uniform, without proper passes, were arrested by the police.

—From the census returns it appears that New York has one-fifth of the whole manufactures of the country, while Pennsylvania ranks second, and Massachusetts third in the scale. The value of the annual product in New York is $379,023,000, in Pennsylvania $285,500,000, and in Massachusetts $266,000,000.

—The New York *Express* says: "Gen. Burnside's Division is reported as at Aquia Creek, on the Potomac, a few miles from Fredericksburg, which will be one of the points of advance towards Richmond. The Division is reported as considerably reinforced." The rumor is a probable one.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold TWENTY-SEVEN THOUSAND. These instruments are now in use not only in the United States and Canada, but also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held.

AT ALL INDUSTRIAL EXHIBITIONS THEY HAVE INVARIABLY BEEN AWARDED THE HIGHEST PREMIUM WHENEVER EXHIBITED IN COMPETITION WITH OTHERS.

We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

Agents for the sale of our Melodeons may be found in all the principal towns of the United States and Canada.

MORTGAGE SALE.—WHEREAS, default has been made in the condition of the mortgage executed by Eugenia L. Ingraham and George H. Ingraham, Jr., her husband, the mortgagors, to Otis Bartholomew, the mortgagee, dated the twelfth day of April, 1861, recorded in the office of Register of Deeds of Ramsey County, in the State of Minnesota, on the third certificate day of April, 1861, at one o'clock in the forenoon, in Book R of Mortgages, pages 500, 501, 502, 503, to secure the payment of the sum of six hundred dollars, and interest according to the condition of the note of said mortgagors of even date therewith, held by the said mortgagee, payable one year after the date thereof, with interest at the rate of eighteen per cent. per annum, of and upon certain real estate, in said Ramsey County, described in said mortgage, as follows, to wit: Lot number twelve (12) in block number four (4) of Dayton's Addition to the city of Saint Paul, according to the recorded plat thereof, together with the improvements thereon erected, being the same parcel of land conveyed by Lyman Dayton and wife to William Spencer, and by William Spencer and wife to William Baird, and by William Baird and wife to George H. Ingraham, Jr.," to which said mortgage there is attached a writing, of even date with said mortgage and therewith recorded, executed by the said mortgagors, whereby the said mortgagors waive and surrender to the said mortgagee, their right and benefit of redemption in the premises, as by reference to the same will more fully appear;

And, whereas, the said mortgage debt has not been paid, or any part thereof, and no proceedings have been instituted at law to recover the said debt, or any part thereof, and there is claimed to be due, and is due, at the date of this notice, upon the said note and mortgage, the sum of six hundred and eighty-four 84-100 dollars:

Now, therefore, notice is hereby given, that by virtue of the power of sale in said mortgage contained, and of the statute in such case made and provided, the said mortgaged premises will be sold at public auction or vendue, to the highest bidder, for cash, at the front door of the Court House, in the city of Saint Paul, in said Ramsey County, on the seventeenth day of September, A. D. 1862, at ten o'clock in the forenoon, to satisfy the amount due on said mortgage debt and expenses and costs allowed by law.

ANTAGONISM OF FREE AND SLAVE LABOR.

The institution of slavery is a vast monopoly, involving a large capital managed by conspiring minds. Like every other monopoly, it controls the prices of material and labor, influences legislation, and wields a power inimical to the individual and to the State. The interests of this gigantic monopoly are in collision with the interests of the people. By it the free citizens of this country, whether native or naturalized, are prevented from competition in the industrial resources of nearly half a continent. Prices are reduced, labor is forced, and the cost of production is limited to the lowest amount that will suffice to maintain the lives of the producers. Free competition is wanted in agriculture, in commerce, and in lines of trade and travel.

The conflict between slave and free labor, naturally antagonistic, has been made fierce and irrepressible by the mad ambition and violence of the Oligarchy. A few hundred thousand men presume to dictate the terms of service which shall prevail over half the continent. Not content with a monopoly where it exists, they have attempted to establish it in territories and states already free, thus practically excluding the presence and services of white men, unless they consent to put themselves on a level with slaves. Are the producing classes—the workers of the North, and especially of the Great West, willing to submit to such exclusion?

It is a noticable fact that the area of free labor has been extended by the abolition of slavery in the Northern states.—The black man naturally seeks a tropical clime. In the great cities of the border slave states, as Louisville and St. Louis, labor is practically free. The black race has given place to the white as the servator of capital and skill, and the line of separation will press onward toward the Gulf, as the conflict progresses.

In all the border states free labor will take the place of slave, while the black man, through the influence of climate and constitutional adaptation, will seek a congenial home farther south. The effect of general emancipation would be to free the northern cities and states of the resident negro population. Gen. Hunter stated, in his recent letter to Rev. Dr. Tyng, that the popular notion that the slaves, if emancipated, would come North was a delusion—that they greatly prefer a tropical climate, and that their freedom would draw them from the north to the south rather than from the south to the north. As an evidence of the correctness of this hypothesis, he stated that, though he gives passes to all who ask for them, not a dozen of the thousands of freed blacks on the Sea Islands have applied.

Even cotton may be successfully grown by free labor.

So says the Hon. Robert J. Walker, President Polk's Secretary of the Treasury, and long a citizen of Mississippi, which he represented in the U. S. Senate. In a letter to *The Washington Star* in favor of the President's Emancipation project, he says:

"I know it is asked, How shall we then cultivate the cotton lands of the South without slaves? This does not apply to the Border States; but before closing these letters I will prove conclusively by the census and other statistics, what, from long residence in the South, and from having traversed every southern State, I know to be true, that cotton is now raised there most exclusively and profitably by non-slaveholders, and upon farms using exclusively white labor. In Texas, especially, this is a great truth; nor is there a doubt that skilled, educated, persevering, and energetic free labor, engaged voluntarily for wages or its own use, would, in time, especially when aided by improved culture and machinery, produce much larger crops and better cotton than is now raised by the forced and ignorant labor of slaves, and at a much cheaper rate, at a far greater profit, than any crop now produced in the North, and in a far more salubrious climate, as shown by the census."

What is to be the destiny of the Africo-American when free, pressed on all sides by the competition of the more energetic white race, is a problem hard to be solved. Sure we are, however, that he is adapted by constitution and habit, to tropical and semi-tropical climes, and to certain species of labor, requiring patience and great muscular exertion. We have been told time and again by steamboat captains on our Southern rivers, that for firemen, deck hands, and laborers on the docks, no other people are to be compared with them. The use made of them in the pending struggle, has proved to our cost, their capability and endurance.

One fact has been demonstrated: the interests and the destinies of free white men on this continent, are involved in the preservation of the Federal Government. Let the working men of the North bear in mind three things:

First: This is a war between two systems of labor—slave and free. If the rebellion succeeds, free labor will be dishonored all over the country. It is a desperate war, we must conquer or be conquered. We must crush the rebellion where it is, or fight it in our own cities, and defend our own dwellings Free labor is respected now and well paid: it will not be under a slaveholding despotism. Be sure of that. *Second:* If slavery should be abolished at the south, the slaves would not come north; they would remain and labor where they are needed, where they best like to live, where there is less prejudice against their color; and there would be an exodus of free negroes from the north to the south, which is much more congenial to them.

So that if the condition of slavery did not exist in the south, the chance for white labor in the north would be still better than it is. But, *Third:* If by any fearful treason and compromise the south now in rebellion could be set off from the United States and preserve its slavery, the north would be overrun with escaped slaves, they would be constantly coming, and if there is any danger of a surplus of laborers, our laboring classes might fear it then.

——In short the quickest way to bring peace and permanent safety to the laboring interest, is to unite in conquering the rebels.

CASSIUS M. CLAY.

Cassius M. Clay made a speech at the Ladies' Soldiers Relief Fair, on the evening of the 12th. England, he says, is our bitterest enemy, with a malignant press suspected by the Government and truthfully representing its spirit. France is not unfriendly. Russia is our friend. The Czar is one of the greatest and wisest of monarchs, as evinced by his late beneficent emancipation policy. Mr. Clay urged an earnest prosecution of the war. He would strike only for liberty, and never draw sword for the protection of slavery for rebels.

Ruttan Railway Car Dusters and Ventilators.

The traveling public—and that includes "all the world and the rest of mankind," will be glad to learn that science is progressive, and that by the judicious application of certain fixed laws of nature, a car has been constructed and patented, thanks to our admirable Federal Government, which is a duster and ventilator, and by means of which the last great annoyance in railway traveling has been obviated.

The following description of this remarkable contrivance is clipped from one of the Chicago papers:

For some days past simple announcements of "Ruttan Dusters and Ventilators" have appeared in the city papers, and we, as well as the rest of mankind, were ignorant of their purport until the other day, when, on entering a railroad car at the Union Depot, our thirst for knowledge in regard to the "Ruttan Duster" was gratified.

It is a new patent contrivance, and we believe the Michigan Central is the only road which now has it in use. On the top of the car there is a self regulating bonnet or receiver, into which the air is gathered and conveyed by means of tubes on each side of the car into a reservoir or bed of water, about fifteen feet long and six inches deep, underneath the car, where all the dust, ashes and smoke are taken out; the air thus purified passes through flues on each side of the car, and is emitted through registers so adjusted that passengers can regulate the supply of fresh air according to the demand. After the air becomes impure, it naturally becomes heavier, sinks to the lower part of the car and is carried off through other flues underneath the seats. At no time while the train is in motion can the same air remain in the car longer than four minutes.

By this system of ventilation, the opening of windows and the use of fans and linen overcoats during the hot and dusty weather are entirely dispensed with. The car is, in fact, hermetically sealed while in motion, as there is only an aperture of 3x6 inches in the windows which can be opened, and these are of no use while the train is in motion, as the pressure of air in the car is greater than outside. Passengers will find the cars fitted up with the "Ruttan Duster and Ventilator" entirely free from dust, and to substantiate the fact, we have only to say that on the velvet cushion of a car which had first arrived over a dusty road from Detroit, we were unable to find any trace of dust. Altogether, this is the most perfect ventilator and exterminator we have yet seen or heard of, and the Michigan Central R. R. Co. deserves the patronage and thanks of the traveling public for their indefatigable exertions to promote the comfort of their passengers. The road is now entirely equipped with this kind of cars for day trains. On the night trains, the cars are provided with raised ventilated tops. All of the cars used by the Michigan Central have long six wheel trucks and are of superior finish throughout

RAPID PROGRESS.

William R. Marshall, of the PRESS, who commenced a company for the Ninth Regiment on Wednesday morning, has already sixty names enrolled, of whom fifty one have passed examination and been sworn in. This is a good four days' work.

The war excitement, like a mighty wave, has surged over the city during the week, its greatest force, immediately after the meeting at Ingersoll's Hall on Monday and Tuesday evenings.

THE CITY.

CHRIST CHURCH.—Services at 10 1-2 o'clock. Rev. D. D. Chapin, officiating. Sunday School at 9 o'clock.

REV. J. D. POPE will preach this evening at the Baptist Church, on the present state and prospects of the war.

REV. J. J. WAKEFIELD, of La Crosse, Wisconsin, will preach on Sunday morning, the 17th, at half past ten o'clock, in the Free Baptist Church in Minneapolis. All are invited.

REV. A. D. GRAVES, of Lake City, will preach, by invitation, on "The Times," at the Free Baptist Church in Minneapolis, on Sunday evening, the 17th, at 1-4 before 8. Let him have a good hearing.

THE Young Men's Guard organized last night by the election of Ald. Valentyne as captain, and Geo. W. Prescott, first lieutenant.

FOR THE FORT.—The steamer Pomeroy, Capt. E. Bell, will hereafter make three trips per day between St. Paul and the Fort. This will be a great public accommodation.

CLOTHING FOR TWO MORE REGIMENTS.—Quartermaster Saunders has received a dispatch stating that the clothing for two more regiments is on the way, and will be here in a few days

THE LARGEST SUBSCRIPTION.—Capt. W. F. Davidson has subscribed to the bounty fund for volunteers the sum of six hundred dollars. Good for the Commodore.

THE creditors of the "Bank of the State of Minnesota" will meet at the office of J. P. Kidder, (over Bidwell's Bank) to-morrow evening (Monday) at 1-2 past 7 o'clock.

WINONA IN THE FIELD.—A company, one hundred strong, came up in the Milwaukee yesterday morning. They were recruited in two days under the auspices of Dr. Sheardown. John Curtis, captain, A. H. Stevens, 1st Lieutenant, and A. A. Rice 2d lieutenant. Another company is nearly full, and will be here in a day or two.

WE are informed that Messrs. Ingersoll & Co. have concluded to sell their entire stock of Summer Dress Goods at cost. Ladies wishing to make purchases of Dress Goods, will find this a good opportunity to make their selections.

THE contest between the Union Guards, Capt. Grant, the Hickory Guards, Capt. Merriman, and McClellan Guards, Capt. Bailey, as to their rank in the 6th Regiment, has been decided by the Commandant at the Fort in favor of the St. Paul Co., and the boys now have the letter A. on their caps.

COMPANIES COMING IN RAPIDLY.—There were four companies received at the Fort yesterday. The Winona company, 100 men; Steele company, 90 men; Dodge Co. company, 70 men, and a company from the Minnesota Valley. Two full companies from Goodhue county, and three from the St. Croix will be here to-day.

DAKOTA RIFLES.—The Dakota Rifles, Lieut. Chapman, and the Castle Rock Guards, Capt. Aldrich have been consolidated—Leonard Aldrich, captain. The company is full, and known as the Dakota Rifles of the Ninth Regiment. Recruiting for the company commenced less than a week ago.

EIGHTH REGIMENT.—Among the commissions issued yesterday, was one to W. Byrnes, of Minneapolis. He is an intelligent and popular man with all classes, and will make an excellent officer. His company will soon be filled, and will probably rank as company A in the Eighth or Irish Regiment.

A MEETING of the War Committee was held at the City Hall last evening. A resolution was adopted, urging upon all persons who have not paid their subscription, the necessity of paying the same by Monday evening, as there is a deficiency of several hundred dollars. The names of all the delinquents are to be published on Tuesday morning.

The committee adopted a resolution requesting the Council to require all allotments for the benefit of families, to be made to the Mayor of the city.

COMMISSIONS.—The following Commissions were issued by the Adjutant-General yesterday:

Sixth Regiment—Hiram P. Grant, Captain, Co. A; Joseph Whitney, Captain Co. D; Daniel Albaugh, 2nd Lieut. Co. D; Orlando C. Merriman, Capt. Co. B.

Seventh Regiment—Chancellor Cutler, Rice Co., Capt. Co. A; Loel B. B. Hoag, Rice Co., 1st Lieut. Co. A.

Ninth Regiment—John S. Cady, Anoka, Capt. Co. A; M. O. Butterfield, 1st Lieut. Co, A; Natl.aniel Tibbetts, Sherburne Co., 2nd Lieut. Co. A.

Eighth Regiment—Dennis Cavanaugh, Rice Co., 2nd Lieutenant; Wm. Byrnes, Hennepin Co., 2nd Lieut.; Theodore G. Carter, Nicollet, 2nd Lieut.

Eleventh Regiment—Samuel Burwell, Dodge Co., 2nd Lieut.; Chas. L. Davis, Goodhue, 2nd Lieut.; Geo. Paton, Faribault, 2nd Lieut.; Wm H. Chamberlain, Hennepin, 2nd Lieut.; Spencer J. Willis, Waseca, 2nd Lieut.; Rufus C. Ambler, Steele, 2nd Lieut.

REV. J. G. RHELDAFFER subscribes to the county for volunteers, free tuition for one year to four pupils, daughters of as many soldiers who enlist in the 6th or 7th Regiments. The tuition of four pupils at the regular rates, is one hundred and sixty dollars for the year. Two pupils have already been accepted on the above terms, and we hope the four scholarships will be filled up before his seminary opens its winter session.

QUOTA FROM RAMSEY COUNTY FILLED.—The quota from Ramsey county is 374. Up to 12 M. yesterday the various organizations of the city reported the following number of men as recruited from Ramsey county:

Union Guards	78
Young Men's Guards	82
Sigel Guards	70
Sarsfield Guards	30
Corcoran Relief Guards	14
McClellan Guards	3
Washington Guards	9
Ramsey Guards	11
Minnesota Grenadiers	32
Marshall's Company	33
Gilfillan's Company	22
	384

The following statement shows the number of volunteers who have received bounty under the last call for 600,000 men, by the War Department:

	No. Men.	No. Families.
Sigel Guards	30	15
Young Men's Guards	52	20
Marshall's Company	28	16

Washington Guards	8	3
Union Guards	21	3
Sarsfield Guards	7	1
Total	208	99

STATE PASSES.—Since the application of martial law to the country, all persons traveling out of the State find it to their convenience to get a pass. The Governor has nominated Levi Nutting, of Rice county, as Provost Marshal from the State, and that gentleman has entered upon the discharge of his duties. This nomination is subject to the approval of the President of the United States. Attention is directed to the following:

PROVOST MARSHAL'S OFFICE, }
ST. PAUL, Aug. 16, 1862. }

The following rules have been adopted by the Provost Marshal, which will govern in all cases, of applications for passes, and from which there will be no deviation:

1st. Passes will be issued to persons residing in other States within the State, upon the oath of a loyal citizen of this State, known to the Marshal, or in case such person is a stranger, upon such other evidence as shall be satisfactory to the Marshal.

2d. To persons, for any cause exempt from service to the militia, upon clear and satisfactory proof of the nature of such exemption. The fact that any county has furnished its quota of volunteers under the calls of the President for 600,000 men, will not be deemed sufficient; nor will the certificate of a surgeon of any physical disability, in any case, be received and no physical disability will be regarded sufficient, unless so apparent and obvious as to preclude all doubt.

3d. To persons residing in this State, desiring to leave the State upon urgent business, and producing clear and satisfactory evidence of the nature of such business and of their intention to return to the State before the draft. In all cases embraced by this 3d regulation hereinbefore established, the Provost Marshal will require a bond in such sum as he may prescribe, signed by responsible sureties, conditioned that if drafted, the applicant will report himself for military service or provide a proper substitute.

4th. Passes to leave the State will in no case be issued to citizens of this State liable to military duty, intending to leave the State permanently, or for a period extending beyond the day fixed for the draft.

5th. Passes to pass from one county to another in this State, will be issued by the Sheriffs of the respective counties.

6th. Passes issued by the Provost Marshal will not authorize the bearer to leave the United States, as leaving the United States until the military draft is perfected, is absolutely prohibited.

LEVI NUTTING,
Provost Marshal, St. Paul.

General Headquarters, State of Minnesota.

Our Forces Steadily Advancing.

Jackson at Thoroughfare Mountain.

Gen. Banks Rapidly Recovering.

Gen. Pope Explains his War Orders.

The *Tribune* has the following:

HEADQ'RS, ARMY OF VIRGINIA, }
Near Cedar Mountain, Aug. 15. }

The latest sources from the front bring no news of skirmishes, or of any further movements of the enemy. It is ascertained that Jackson's forces have taken possession of and are now upon Thoroughfare mountain, southwest from Gordonsville.

The height of the Rapidan has somewhat delayed the movement of our forces. Gen. Sigel is in front. Gen. Banks is rapidly recovering and will be able to resume command of his corps in a week or two.

Gen. Pope has issued an order to the effect that General Order No. 5, requiring the troops to be subsisted on the country, has been grossly abused by many officers and soldiers. It is to be distinctly understood that no officer or soldier has a right to enter the house or molest the person or disturb the property of any person. Wherever it is necessary and convenient, provisions, forage, and such articles required will be used, but every seizure must be by order of the commanding officer there present and by the officer of the Department through which the issues are made. Any officer or soldier who rifles the house or molests the property of any citizen will be severely punished.

In nearly every house between Cedar Mountain and the Rapidan wounded rebels are found.

Contrabands report Jackson driving all colored people before him, and ordered that they be shot on attempt to escape.

The country near Orange is stripped of food, and forage; planters begin to fear starvation, and say they will endure it rather than the oath.

Scouting parties from Gordonsville report Jackson's entire army had reached there.

Deserters say that more than 5,000 conscripts have left Jackson, and are straggling into the woods.

Good News from Cumberland Gap.

There was no Surrender or Cutting to pieces of Federal force.

Battle at Tazwell, in which the Rebels were Whipped.

PARTICULARS OF THE FIGHT

LOUISVILLE, Aug. 15.

Capt. J. H. Ferry, division quartermaster, just arrived from Cumberland Gap. He reports that at noon, on the 9th, DeCourcy's brigade was attacked by Stevenson's rebel division at Tazwell and at Cochrane. The 14th Kentucky whipped four rebel regiments. Cochrane held his fire until they were within 150 yards and checked their advance. Federal loss, three killed and fifteen wounded. Fifty-seven of the 16th Ohio were taken prisoners. We took a rebel Lieut. Colonel for the fifty-seven prisoners. The rebel officers admitted a loss of 250 killed and wounded. We took 213 wagon loads of forage and 70 horses, and lost the knapsacks of two regiments. There has been no fight at Big Creek Gap as reported, nor any other engagement in the vicinity of Tazwell than the foregoing stories. The other engagements and of the cutting to pieces of Gen. Carter's and Col. Boyd's forces by the rebels, are utterly false. Gen. Morgan issued special order thanking Decourcy and Cochrane for their gallantry.

From Fortress Monroe.

FORTRESS MONROE, August 14.

The military telegraph to Fort Monroe has stopped working, and it is feared the cable is broken.

From the Richmond *Dispatch* of Aug. 12th we learn that three gunboats came up York river to West Point on Sunday morning last, and after remaining there a little while took their departure. The same day the Federals landed a force at Corre's farm, in King and Queen county. The object of these moves is a matter of consideration, though it is possible that troops are passing by that route from McClellan's army to the Rappahannock.

All the Federal officers, numbering about 140, captured in the recent battles before Richmond, including Generals McCall, Reynolds and Rankin, are to be sent down the river to-day under a flag of truce.

FROM TENNESSEE.

Gallatin Taken by Morgan.

NASHVILLE, Aug. 14.

Colonel Miller has just returned from Gallatin with his command. There is no Union telegraph operator in Gallatin, and the condition of affairs is not known

Morgan entered Gallatin at 4 o'clock A. M., after capturing the sentinels who were asleep. Col. Boone, the Union commander, was in bed; the surrender was conditional upon parole for officers and men alike, which was granted.

Col. Boone has gone to Kentucky. Prominent Union men arrested afterwards were discharged unconditionally.

Morgan is said to be still in possession of Gallatin.

Arrangements have been made for the restoration of the railroad and telegraph communication between Nashville and Louisville via Gallatin, which will be finished in about ten days.

WAR DEPARTMENT, ADJ'T GENERAL'S }
OFFICE, WASHINGTON, Aug. 12. }

GENERAL ORDER, NO. 103.

The following is an order of the President of the United States, dated June 26, 1862:

1st. The forces under Major Gen. Fremont, Banks, and McDowell, including the troops now under Brig. Gen. Sturges, at Washington, shall be consolidated, and form one army, to be called the army of Virginia.

2d. The command of the army of Virginia is especially assigned to Maj. Gen. John Pope as Commanding General. The troops of the Mountain Department heretofore under command of Gen. Fremont, shall constitute the first army corps under command of Gen. Fremont. The troops of the Shenandoah Department, under command of Gen Banks shall constitute the 2d army corps, and be commanded by him.

The troops under command of General M'Dowell, except those within the fortifications and the city of Washington, shall form the third army corps and be under his command.

FROM NEW ORLEANS

Gen. Butler Assesses the Wealthy Secesh.

NEW YORK, August 15.

Steamer Saxon from New Orleans has arrived. Gen. Butler issued an order setting forth the need of the relief of the destitute requires more extended measures and greater outlay than has yet been made, and that as a question of justice the burden should fall on their fellow-citizens, namely, those individuals and corporations who have aided rebellion with their means, and those who have endeavored to destroy the commercial prosperity of the city.

A subscription of $250,000 was made by corporate bodies, business firms, and persons whose names are given to defend the city against the Government of the United States, whilst the cotton brokers, whose names are also given, issued a manifesto in October, advising planters not to bring their produce to the city.

These parties are all assessd by Gen. Butler's order for the purposes above named to the amount of $342,000, of which over $312,000 is on private subscriptions to the $125,000 loan.

An intercepted letter states that a Dr. M. was organizing a secret Confederate army in New Orleans, and has 3,000 men enrolled.

Skirmish in Kansas.

KANSAS CITY, Aug. 16.

On Thursday morning Col. Penick, with a detachment of men attacked a camp of rebels just south of here. Loss of the rebels not known. Col. Penick's loss was 2 killed and 7 wounded. Two rebels who had been hauling supplies to Col. Penick, stated the day previous that there was no camp in the neighborhood, were taken in arms, and having Col. Penick's protection papers upon their persons were immediately hung.

Superior Items.

SUPERIOR CITY, Aug. 13th, 1862.

MR. EDITOR:—The splendid sea-built steamer Planet, from Cleveland and Detroit arrived on time yesterday. She started from Detroit with three hundred passengers for various ports on Superior. At least one hundred of them landed here, and were much gratified by their visit to the Lake Superior Agricultural Room, where the numerous specimens of choice winter and spring wheat, rye, oats, barley, etc., astonished those from Ohio and Michigan. The Planet hereafter will arrive regularly. The owner, Capt. E. B. Ward, of Detroit, is anxions to carry Minnesota cattle to the mines, or land at Superior, merchandize, sheep, etc., for Northern Minnesota,

A number of passengers remained at Superior; some intend visiting St. Paul via stage, and return home down the Mississippi.

The Ladies' Call to Arms.

For the Saint Paul Press:

Cheering in the extreme is the hearty response of the men of our State to the call of our President for more troops.—They are coming up manfully and boldly to the glorious work. Let not the women of Minnesota forget their patriotic mothers of long ago, but let them emulate their bright examples, and instead of withholding husbands, sons, and brothers now, when our country is so much in need of their services, let them urge them to go; and although it may be with aching hearts and overflowing eyes, let them buckle on on their swords and bid them God-speed.

We must have the spirit of the Spartan mother, who bid her son go, and return with his shield, or on his shield. If we would aid in the holy work of sustaining our Government, there must be no flinching—no holding back. It may be you have a family of little children, and feel you cannot be left all alone. So much the more reason why you should urge the father of these children to go, and help to secure for them a government under which alone they can be prosperous and happy. How dreadful will be their situation if this is not done; or if it is accomplished, and our country, with its government unimpaired, is again at peace, what will be the feelings of your children if they have it to say that father withheld his aid when it was sorely needed, because their mother could not let him go?

Now is the time when you can secure for these children, dearer to you than life, a heritage of which they may always be proud; their father's name untarnished by cowardice—bright and clear in the pages of their country's history. Surely this is worth living for, and if need be dying for. Seize the opportunity while it is yours—never let it be said that a daughter of the United States would not offer up all she held most dear, on the altar of her suffering country. No! let us give up all, if necessary, and when we weep to see them go, let it not be all for sorrow, but let tears of pride and patriotism baptize our loved ones: and let prayers of faith go up to God that he would shield them from evil—help on our righteous cause, and speedily terminate this unnatural war which demands such mighty sacrifice.

A SOLDIER'S WIFE.

The Enlistments in Rice County.

NORTHFIELD, Aug. 14, 1862.

Editors of the Press:

Two companies of volunteers have today left Rice county for the rendezvous at Fort Snelling. The first, which will be reported by Hon. M. Cook, commissioned recruiting officer for the 7th regiment, has been recruited in Northfield and East Prairie, mainly through the active exertions of our energetic townsman, Charles M. Goodsell, Esq., who has spared no needed effort to promote the object of the enlistment, and who has been heartily and efficiently aided by the active labors of the men themselves. This company numbered, on leaving Northfield, ninety-five men, and may be increased to one hundred on being mustered in. The officers are not yet chosen. The material of the company is unusually good; farmers, mechanics, and business men, mostly of mature age; the "bone and sinew" of the country. It will, I am confident, sustain comparison with any company in the armies of the Union.

The second company, which follows close on the heels of the first, and recruited in the southern part of the county, Capt. Pettit, of Faribault, commanding, numbers upwars of one hundred men, and is also apparently made of the best material. M. Hollister, Esq., Clerk of our District Court, is First Lieutenant of this company. Rice county has no fear that the men she sends to the field will do her dishonor. I hear that still another company is being recruited in Faribault and vicinity.

War News from Henderson.

HENDERSON, Sibley Co., Aug. 13.

To the Editors of the Press:

A large war meeting was held in this this place on Monday last for the purpose of aiding in getting recruits for the army. J. O. Stoever was chosen chairman, and A. P. Walker, secretary. The committee appointed at the meeting on Saturday last to solicit subscriptions for the families of volunteers, reported that in a few hours they received subscriptions to the amount of $1,322 50. A committee consisting of one from each town in the county, was then appointed to aid them. The County Commissioners met the same day and passed the resolution adopted at the last war meeting. Patriotic speeches were made by several gentlemen present, the meeting then adjourned. Recruiting is going on briskly here to-day by the Hon. Adam Buck, jr. I think if the time was extended for a few days, there would not be any need of drafting in this county.

Truly yours. A. K. WALKER.

ADJUTANT GENERAL'S OFFICE,
ST. PAUL, August 15, 1862.

[GENERAL ORDERS NUMBER THIRTY-SIX.]

In order to a clear understanding of the various orders issued by this office in relation to the enrollment and drafting of the militia of the State of Minnesota, and in pursuance of further instructions recently received from the War Department, the officers heretofore appointed under General Orders No. 25, will be governed by the following instructions:

The agent appointed by the commander in Chief, pursuant to General Order No. twenty-five, shall immediately visit each town and city, and ascertain if the assessor has made proper militia returns in accordance with orders No. 22, 23 and 25, and shall see that each Assessor perfects his enrollment lists, or if the Assessor fail or refuse to do so, the said agents shall proceed immediately to prepare the said enrollment lisis, in accordance with the following insructions:

The said enrolling officer, (assessor or agent,) shall prepare a list of all white male citizens between the ages of 18 and 45, whether presumed to be exempt or not by reason of physical disability or any other cause—stating, however, in the return under the head of general remarks, the nature of any apparent bodily defect, or presumed disqualification, and if in the service of the United States, state the capacity.

In case any doubt exists as to the age of the party, his name is to be taken. All foreign born persons who have declared their intentions to become citizens of the United States, are to be included in the returns; and in any case where doubt exists whether a foreign born person has been naturalized, or has declared his intention to become a citizen, his name must be taken.

The names of all persons who have enlisted from each township since July 20, 1862, under the recent calls for 600,000 men, and the designation of the regiment and company in which they have severally enlisted, are to be carefully ascertained and reported, by enquiring of each head of a family, and by such other means of information as are accessible to the agent or assessor.

The enrolling officers, (agents or assessors,) of each county must file their enrollment lists in the office of the Sheriff of the county on or before the 24th inst., and must therefore immediately notify the Commissioner that said lists have been filed.

See Sec. 5, of General Order No. 25, for the duties of Commissioners. The Commissioner will not, however, fix the time at which the draft shall be made as provided in General Order 25. In pursuance of a more recent Order of the War Department, the date at which drafting shall commence is hereby fixed on Wednesday the third day of September next.

In determing the sufficiency of proofs offered by persons claiming exemptions, the Commissioner will strike none from the lists, except (1) those producing a certificate of disability, signed by the Surgeon appointed for that purpose (2).—Such persons as are included in the second subdivision of section 5 of General Order No. 25; (3) such persons as shall furnish clear and satisfactory proof that they are not of the prescribed age—or (4) foreign born persons not naturalized, or who have not declared ther intentions to become citizens. Persons known to have exercised the right of suffrage, shall be presumed to be liable to military duty, unless the contrary be shown.

In examining a candidate for an exemption, the examining physician will be governed by article 1261 of the army regulations, which is in the following language:

"In passing a recruit, the medical officer is to examine him stripped—to see that he has free use of all his limbs—that his chest is ample—that his hearing, vision and speech are perfect—that he has no tumors, or ulcerated, or extensively cicatrised legs: no rupture or chronic cutaneous affection—that he has not received any contusion or wound of the head, that may impair his features—that he is not a drunkard, is not subject to convulsions, and has no infectious disorders nor any other that may unfit him for military service."

The agents, commissioners and surgeons appointed under General Order No. 25, for certain counties, will act also for the counties attached to them in pursuance of General Order No. 35, under which the said officers were appointed, and in apportioning the quotas among the several counties, all counties so attached will, with the county to which they are attached, be held as one county.

The Auditor of the county shall immediately upon the filing of the enrollment lists in his office, or before the 26th day of August, forward by special messenger to the Adjutant General a statement of the whole number of persons enrolled in each township, with the designation of the regiment and company in which each has enlisted.

It is necessary that the enrollment lists be completed and promptly forwarded to to this office by the time designated in order that the Governor may, if possible, apportion the quotas of the several counties on the basis of the enrolled numbers in each, in time for the draft in pursuance of a recent order of the War Department.

In case, however, the quota of each county, on the basis of the enrolled militia, should not be ascertained in time for the draft on the third day of September, the quota of each county is hereby provisionally fixed at one-thirty-second of the population of said county according to the census of 1860, less the number of volunteers furnished since July 20.

In view of the shortness of the time intervening before the day fixed by the General Government for the draft, it is now found impossible to apportion the quotas of the counties with any reference to the number of volunteers previously to the 20 of July.

The quota, however ascertained, shall be apportioned by the county auditor, subject to an appeal to the Commissioner among the several townships in proportion to the number of enrolled militia of each township; and in such apportionment, each township shall be credited with the number of volunteers which it shall have furnished since the 20 of July.

By order of the Commander-in-Chief.

OSCAR MALMROS,
Adjutant-General.

OUR COUNTRY'S FLAG.

Columbia's sons, protect the flag
That's waved in triumph on the sea,
And floated o'er the hosts on land,
A certain sign of victory.
The emblem of our nation's strength,
With all its stripes and all its stars,
Must e'er be borne in triumph on
Through foreign and domestic wars.

Foul, trait'rous hands have dared assail
The banner loved by all the free;
Have sought to rend its folds in twain,
To steep its stars in infamy.
Arouse, ye freemen, at the call!
To arms, ye foes of tyranny!
March to the field, and there engage
The power of boasted chivalry.

Wave, wave the flag, defiant wave,
Till rebels tremble at the sight;
Their arms grow weak, and hearts grow sick,
And they sink down, o'ercome with fright:
Nor grant them mercy till they pray
Forgiveness for all the past.
And pledge themselves, with firmness, to
Defend the flag unto the last.

OWATONNA, Minn., August 12, 1862.

My father was captured, with $20,000 of his private property, on the Chesapeake Bay, after serving as volunteer in the war of 1812. My grand-father bore the lead from the battle fields of '76, to his grave, in 1825. They were both slaveholders, preachers and soldiers. I am the only male descendent bearing this name, except my son, five years old last 4th of July. Like each of my predecessors, I have been a slaveholder and preacher, but not at the same time. We released over a hundred of our fellow-worms, without compensation except to the slaves. They found nothing incompatible in being soldiers and ministers at the same time.

I aspire to keep up the parallel and become a soldier, and ask only a musket and the salvation of my country. Any regiment, any company—if I must choose, send me to the First Regiment; and if transportation can be furnished, let me be there early next week.

A CARD.

The undersigned, having for a long time had pupils in the St. Paul Female Seminary, under the care of Rev. J. G. Rhieldaffer, pastor of the Central Presbyterian Church, beg leave to recommend this institution to parents who have daughters to be educated.

The course of study is as extended and comprehensive as in similar institutions in other parts of the country.

Thoroughness in all the branches taught, is a marked characteristic of the institution. The teachers are experienced and abundantly competent in their several departments.

Young Ladies boarding in the Seminary have a comfortable home and all the advantages that need be desired for their health and welfare.

The terms for board and tuition are as reasonable as such facilities can be afforded.

Mr. R. is making laudable efforts for the permanent establishment of a Female Seminary of a high order at the Capital of the State, and we rejoice in the prospect of its success. The school is now in the fourth year of its existence, and the intelligent can begin to judge of it by its fruits.

We would, therefore, after having made thorough trial of the St. Paul Female Seminary, recommend to all whom we may have influence, to aid with their patronage in the support of an institution for the education of our daughters, in our own healthful and invigorating climate.

IN CAMP, NEAR FLORENCE, ALA.,
August 14, 1862.

There are 14,000 officers and soldiers absent from their duty with the various Divisions of this army. Some of them have gone off without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in very many cases the cause does not exist, or ceases to exist, and men remain away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—

1. All officers and soldiers who are absent without proper authority from these Headquarters, the period for which has not transpired, will, on or before the 10th of July, proximo, join their companies or regiments, or are not satisfactorily accounted for as above by the 10th of July next, will be reported on their muster-roll as deserters, dating from the time they may have been absent without authority.

By Act of Congress every deserter forfeits all claim on the Government for pay and allowances, besides being liable to arrest and trial by Court Martial. Any person who apprehends and returns a deserter to the commanding officer of a military post is entitled to five dollars.

By command of MAJOR GEN. BUELL.

A. A. G., Chief of Staff.

FLORENCE SEWING
MACHINE AGENCY,

One door East of Davenport's Bookstore, on Third Street.

The "FLORENCE" SEWING MACHINES make TWO DIFFERENT stitches on one and the same machine. This the LOCK, or INTERLOCK, KNOT AND DOUBLE-KNOT, all of which make the seam alike on both sides of the fabric. Either of them can be produced while the Machine is in motion.

They have the REVERSIBLE FEED MOTION, which enables the operator to have the work carried either way, or to change the direction, and fasten the end of seams, welch, together with making a long and a short stitch, is done simply by turning a thumb screw.

Their motions are all positive. There are no springs to get out of order. They are so simple that the most inexperienced can work them perfectly and with ease. They are NOISELESS, and can be used where quiet is necessary.

They are the FASTEST SEWERS in the WORLD, making five stitches to each revolution. They will do all kinds of work, from the lightest of all, because of its combined ELASTICITY, STRENGTH and BEAUTY.

Prices No. 1, $47.00, No. 2, $57.00, No. 3, $67.00, No. 4, $72.00, No. 5, $77.00, No. 6, $82.00, No. 7 Cabinet opener, $90.00, No. 7 Cabinet cased, $95.00, Mahogany $97.00, Rosewood $105.00. Hemmers and all necessary tools included in the above prices.

NOTICE TO HOLDERS OF RAMSEY COUNTY BONDS AND SCRIP.

The following resolutions were adopted by the Board of County Commissioners, July 21st, 1862.

Resolved, That the County Scrip and all over due Bonds of this County, (except Fort Street Bonds,) may be exchanged for Bonds running fifteen years, bearing interest at the rate of seven per cent. premium, payable semi-annually in Cash; and the Board shall levy annually an amount sufficient to meet such interest.

Resolved further, That all Bond holders who are willing to receive such new Bonds may, if they desire so to, do apply one tenth of the over due Bonds so to be exchanged upon County Taxes prior to 1869.

MORTGAGE SALE!!—DEFAULT having been made in the conditions of a certain indenture of mortgage executed and delivered June 3rd, 1857, by Frank Weizel and Margaret Weizel, his wife, of the county of Ramsey then Territory, now State, of Minnesota, to Ira Bidwell, of the city of Adrian, in the State of Michigan, and duly recorded in the Registry of Deeds of said county of Ramsey, June 4th, A. D. 1857, at 2½ o'clock P. M. in Book "K" of Mortgages, on page 402, &c., and also duly recorded in said Registry of Deeds of said county of Ramsey, May 19th, A. D. 1858, at 3½ o'clock P. M. in Book "N" of Mortgages, on pages 90 and 91, conveying to said Ira Bidwell, the west half of section twenty-one (21), the west half of the northwest quarter and the north half of the southwest quarter of said section twenty-one (21), and the north half of the southwest quarter of section number twenty-two (22), in township number thirty (30) north of range number twenty-three (23) west of the fourth principal meridian, containing according to government survey, five hundred and sixty acres, more or less, situated in said county of Ramsey, and State of Minnesota, and upon which mortgage there is claimed to be due at the date of this notice, the sum of $6,571.47, as per note signed by F. Weizel & Co., to said Bidwell of the same date of, and secured by said mortgage, and no suit or proceedings at law or otherwise have been had to recover any part thereof;

Now, therefore, notice is hereby given, that by virtue of the power of sale in said mortgage contained, and pursuant to statute, the said mortgage will be foreclosed and the premises therein described sold at public auction, to the highest bidder, for cash, at the front door of the Court House, in the city of Saint Paul, in said county of Ramsey, and State of Minnesota, on the 30th day of September, 1862, at 10 o'clock A. M. to satisfy the amount then due on said note and mortgage, so far as the proceeds of said sale will pay the same, with the costs of sale.

Dated Saint Paul, August 18, 1862.

IRA BIDWELL, Mortgagee.
DAVID SANFORD, Attorney for Mortgagee, St. Paul, Minnesota. 19 au5-5w

NOTICE OF GUARDIAN'S SALE.—Notice is hereby given, that pursuant to the order or license of the Probate Court in and for the county of Ramsey, in the State of Minnesota, duly made the 5th day of September, A. D. 1861, I, the undersigned Guardian of Anthony Frenier, and Francis Chardon, minors, will offer for sale and will sell at auction to the highest bidder for cash, at the front door of the Post Office at Forest City, in the county of Meeker, and State of Minnesota, on the 30th day of August, 1862, at the hour of nine o'clock A. M. of that day, all of the following described real estate, situated and being in said county of Meeker, and particularly described as follows: The northwest quarter of section eight (8) and the southeast quarter of section six (6), in town one hundred and twenty (120) north, of range twenty-nine west; also the east half of the northeast quarter of section ten (10) in township one hundred and twenty (120) north of range thirty (30) west; the foregoing being the property of said minor, Anthony Frenier; also the northeast quarter of section twenty (20), the northwest quarter of section thirty, and east half of the southwest quarter of section thirty, all in town one hundred and twenty-one (121) north of range twenty-nine (29) west, the same being the property of said minor, Francis Chardon. Said parcels of land will be sold separately, and in the order above designated.

ANTOINE FRENIER,
Guardian of said minors, Anthony Frenier and Francis Chardon.

Dated July 30th, A. D. 1862. 1u a5-3w

IN PROBATE COURT STATE OF MINNESOTA, Ramsey County, Special Term, June 25, 1862.

In the matter of the estate of Joseph Charles, deceased.

On reading and filing the petition of Edward Webb, Administrator of said estate, setting forth the amount of personal estate, the amount of debts, and a description of the real estate of which said deceased died seized, and the condition and value thereof, and praying that license be to him granted to sell the whole of said real estate; and it appearing by said petition that there is not sufficient personal estate in the hands of said Administrator to pay said debts, and that it is necessary, in order to pay the same, to sell the whole of said real estate. It is therefore ordered that all persons interested in said estate appear before the Judge of this Court on the 4th day of August, 1862, at ten o'clock A. M., at the office of the Judge of Probate, then and there to show cause, if any there be, why license should not be granted to said Administrator to sell said real estate.

And it is further ordered that a copy of this order be published for four successive weeks prior to said day of hearing, in the saint Paul Press, a newspaper published at Saint Paul, Ramsey county. R. F. CROWELL,

This Society was organized in the year 1859, with a cash capital of $100,000 deposited irrevocably with the Insurance Department of the State of New York, in United States bonds, on which it allows but seven per cent. per annum to the stockholders, and the entire profits of the business is shared by the policy holders. The nett profits in two years amounts to $129,000, which shows an unparalleled success in the history of Life Insurance. Its operations are managed by a Board of Directors composed of the the ablest business men of the country, and its business is conducted entirely on the cash plan. HOME

INSURANCE COMPANY,

NEW YORK.

Extract from Third Annual Report of the Superintendent of the Insurance Department of the State of New York. WM. BARNES, Superintendent.

There are now ninety-five joint stock fire insurance companies incorporated by the State of New York, engaged in the transaction of business; of these companies, fourteen only received premiums during the last year, amounting to over one hundred thousand dollars; four only received premiums above the sum of two hundred thousand dollars, and the premium income of one only exceeded three hundred thousand dollars. The premium receipts of this Company, the HOME, with a capital of $1,000,000, were $2,920,633. The premium income of thirty of the smaller companies was $3,127,275.50 only, with capitals, however, amounting in the aggregate to the sum of $4,900,000.

The state of things should be improved; the premium income of the mass of our fire insurance companies is by far too small for their capitals, and inadequate to the proper support of a separate and independent corporation. The experience of the HOME, PHOENIX, (of Brooklyn) and some other companies, has demonstrated that, with proper skill, tact and sagacity, business can be increased and managed to an indefinite extent, with entire safety, and even additional security to the company. We have now the machinery and organization in working order for nearly one hundred joint stock fire insurance companies. In the course of a few years their business can be safely doubled, and even quadrupled, without doubling or quadrupling the yearly expenses. Any considerable expansion of business must of course be mainly effected through the instrumentality of reliable, safe, and well managed agencies. The premium income of the HOME amounts to nearly one-eighth part that of the ninety-five companies combined, so that eight corporations like the HOME could conduct the entire business of all these companies. If each company transacted the same amount of business as the HOME the aggregate premium income would reach the enormous amount of over seventy-eight millions of dollars per year. Our companies are not too numerous for the great future of this country, it managed on the progressive scale demanded by the spirit of the American people.

The annual statement of this our foremost local fire and inland company, made up to the first of January last, shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, President, A. F. Wilmarth, Vice President, and John Redeve, Secretary, those well accredited officers very justly say: "The well-known reputation of the HOME for fair and honorable dealing, together with its capital of one million dollars, and surplus of over half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our State, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the first of January last summed up to $1,521,265.05, against an actual liability of only $53,085.45; and, moreover, it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company's bonds and mortgages $916,249.53, secured on real estate worth $1,715,000, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,596. Any one not satisfied with the security of the HOME as an insurance institution, must be hard to please.

In 1861 the HOME wrote $4,067,745.48, taking $820,993 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of ten per cent. was paid on the million capital; and after reserving an ample reinsurance fund, the company shows a "nett surplus" of $166,661 clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

PACKET COMPANY.

SUMMER ARRANGEMENT

During the summer of 1862, till the close of navigation, the LaCrosse and St. Paul Packet Company, having completely equipped their Line and made large additions to their business facilities, will offer to shippers and passengers on the river greater inducements and conveniences, and QUICKER TIME, than was ever offered by any company on the river.

All the boats on the Chippewa, Minnesota, St. Croix and the upper Mississippi rivers, and the different lines of stages north of LaCrosse, will, the coming season run to connect with the Davidson boats and the LaCrosse and Milwaukee Railroad.

The LaCrosse and St. Paul Packet Company will run a

PASSENGER AND FREIGHT LINE.

The former will number two first class boats—the nicest and fastest on the river. They will be the McCLELLAN and NORTHERN BELLE.—The first will be the Lightning Line, making the run from La Crosse to St. Paul in EIGHTEEN HOURS, and returning will leave here in the morning, and arrive at La Crosse in twelve hours time to connect with the evening train, by which our passengers will make close connection and reach Milwaukee in time for cars, or boats on the Lake in TWENTY HOURS FROM ST. PAUL, and reach Chicago next morning, by Minnesota Junction or Milwaukee, in just TWENTY-FOUR HOURS FROM LEAVING ST. PAUL, and in time for close connection East! This will be the twelve hours the quickest time between these three cities ever made! Nothing but passengers, the mails, express matter, and express goods will be carried on these boats, which

THE VOLUNTEER'S SONG.

BY JUD JONES.

AIR—"*Brave Old Oak!*"

I.

A song for the land, the goodly land,
That God to our fathers' gave,
Who, with hearts of flame, won a deathless name,
In the old time, true and brave;
Our boy hearts burned, as we glowing turned
The page of our country's story;
We pined for the hours of manhood's pow'r,
To match our fathers' glory.
Here's hand of mine, for hand of thine,
Forget them we will never,
Their flag so grand, o'er sea and land,
Shall proudly flont forever.

II.

They rose in might, to defend the right,
'Gainst England's haughty crown;
Their thunder hurled—it shook the world,
And toppled tyrants down;
The Brave and the Fair, united were,—
No cravens *they* to flee!
All, *all*, they give, if they may live
As God had made them, *free!*
Here's hand of mine, for hand of thine,
Forget them we will never,
Their flag so grand, o'er sea and land,
Shall proudly float forever.

III.

That flag, lo, it stood an omen good,
To herald the nation's birth;
Advanced full high, it lights our sky,
The day spring of the earth;
By its guiding ray, men wend their way,
To the worship of Liberty.
'Tis a sacred thing, the gift they bring,—
Their heart's blood offered free!
Here's hand of mine, for hand of thine,
Forsake it? never—never!
That flag so grand, o'er sea and land,
Shall proudly float forever!

IV.

With trumpet shout, fling the old play out,
A battle cry we crave;
Let LIBERTY and UNION be
The watchword of the brave;
From shore to shore—tho' the battle roar—
From gulf to inland sea—
Let traitor knaves, find traitor's grave,
AND ALL THE LAND BE FREE!
Here's hand of mine, for hand of thine,
Disunion? never!—never!
Our flag so grand, o'er ALL the land,
SHALL PROUDLY FLOAT FOREVER!

NEVADA CORRESPONDENCE.

GOLD HILL, NEVADA TER., July 10, 1862.

Editors of the Press:

Enclosed please find some extracts from papers published at Virginia and Carson Cities, which will give you a faint idea of what is being done in this Territory.

Only about one-half of our mills are now in operation, yet nearly $1,000,000 in bars was shipped last week, as the extract from the Placerville paper shows. Good judges estimate the yield from Washoe alone, by the first of September next, at $2,000,000 per month, and perhaps will much exceed it.

Our Territory has not yet recovered from the effects of the terrible floods of last winter, but in sixty days more it will be all right.

I send you nothing in relation to many of our best mines, but may hereafter from time to time pick up items that may interest you if not your readers.

Estimates are made that would give the yield of bullion within two years at $50,000,000 per year. The Humboldt country, to the northeast one hundred miles, and Esmeralda, one hundred miles south, are thought to be equally as rich as the Washoe, but not much developed as yet: though enough to prove their vast wealth, which cannot be extracted for generations to come:

NO WASTE.—We have been informed that there is absolutely no waste rocks taken from our principal mines on the Comstock lead. Owing to improved methods of working, all is sufficiently valuable to bear manipulation in some manner. The owners of the mines assort their ore into five grades which they themselves work; the sixth quality, or what remains, is sold to various parties to who work it by the Patio process.

BULLION.—During the last seven days, 114 sacks of bullion have arrived in this city, estimated to be worth $137,760. During the last month bullion amounting in value to $935,840, arrived from Washoe. No money over there, eh?—*Placerville News, July 8th.*

IN OPERATION.—The Petaluma mill, Gold Hill, resumed work day before yesterday. J. C.

Characteristic Energy.

For the Press.

Capt. Aldrich, of the Dakota Rifles, is a man of indomitable energy and perseverance, and needs only to be known to convince any one that he is eminently qualified for the position he occupies, or for any position in the army to which he may be called.

When he commenced recruiting, Monday morning, he left 200 acres of wheat standing in the field, besides oats, grass, &c.

When asked by his wife, what was to be done, he said, "they must do the best they could. The country calls—he must go." But, said she, "who shall run the machine." He replied, "the boys may run it, or run it into the ground."

UNION SENTIMENT AT THE SOUTH.—It is frequently said, of late, that Union sentiment is now wholly dead at the south; and for all *practical* purposes, it is perhaps just as well to assume that it is so. We should, however, be very sorry to believe that the old faith does not still largely exist, diffused, as latent heat, throughout the Southern population. The Memphis correspondent of the Louisville *Journal*, whose facilities for getting at the true state of the case are unusually great, writes in the following confident and inspiring tone:

"With scarcely an exception, correspondents of Northern journals, writiug home from newly occupied Southern territory, declare that they can discover no Union sentiment. A greater mistake could not well be made. Since January 1 have traveled from New Orleans to Richmond, on business, and everywhere I found that Union sentiment for which your correspondents have 'searched in vain.' It grows luxuriantly throughout the South, and all the secession weeds and edicts have not been able to choke it out. They have kept it suppressed and hidden; more they were powerless to do."

— Five hundred Camp Douglas prisoners took the oath of allegiance on the 13th.

Commercial.

Milwaukee Market.

MILWAUKEE, Aug. 14.

The wheat market opened steady yesterday morning at the closing prices of Tuesday. About 15,000 bushels No. 1 changed hands at the depots at 98c in store and 99 delivered. Buyers offered 91c for No. 2 in store, but could not buy it at that figure.

There was no change in the market during the remainder of the day, except that Smith's receipts of No. 2 sold at 95c in the afternoon. Receipts of No. 1, both at Bigler's and Smith's, were in demand at 98c, but elsewhere were unsalable at that price. All the sales reported do not amount to over 22,000 bushels, including a few car loads of extra at $1.00. The lightness of receipts caused an usual degree of firmness on 'Change, and those who had any to sell were disposed to hold for better prices.

Flour was neglected. There was but little on the market, and that was held at figures considerably above the views of buyers.

Grain freights were dull and nominally 7c on wheat to Buffalo. There were a few vessels in port, but we heard of no engagements.

A dispatch from Chicago to the Chamber of Commerce quoted No. 1 wheat at 97c, No. 2 90@9[illegible]c, and freights 7c on corn to Buffalo.

THURSDAY, 10 A. M.

There was a fair demand for wheat this morning at yesterday's prices, 94@95c for No. 2 in store and 98c for No. 1. Only a few thousand bushels were sold at the depots. Receipts about 15,000 bushels.

Chicago Money Market.

CHICAGO, Aug. 14.

Financial affairs remain about the same as previously noted. There is a moderate demand for money, and all good commercial paper offering is placed at a discount of 7@10 per cent., according to maturity. The supply of currency is abundant and in excess of the demand.

The Gold market is firm and higher. Rates depend entirely upon the fluctuations of the New York market. The buying rates close here today an 112@112¾. The selling rate was nominal at 115@115½. There is no demand from outside parties.

Old Demand Treasury Notes were in good request and firmer at 99½@100 buying. Very few are offered. As these notes are rapidly disappearing, their value must steadily appreciate and approximate nearer to the value of gold.

Silver is scarce and firm. The countless number of shinplasters being shinplastless being circulated is driving all small change out of circulation. Postage stamps are generally complained of as a nuisance. They sell for silver range from 6@8 per cent.: selling 10@12 premium.

News Items.

— The career of one military charlatan has finally been cut short. Gen. Benham's name has been stricken from the rolls of the army. Those who have known him well have only wondered that the result did not come sooner.

— The instructions of Gov. Andrews to the city and town assessors throughout the state of Massachusetts are to make it their duty to include the colored citizens, as well as the white ones, in the rolls as those liable to the draft.

— The New York *Herald*, always foremost in deviltry, is urging Secretary Chase to violate the law, which he is sworn to obey, by immediately selling 500,000,000 of United States six per cent stock in Wall street at the market value.

— The New York *Tribune's* Washington correspondent says that the President will not reject colored regiments when offered by governors of states.

— The Secretary of War says that all foreigners who have voted at our elections are regarded as having exercised a franchise that subjects them to military duty. A man who votes must bear arms.

—The Louisville *Journal* says if the rebels compel a Federal army to go into their territory to preserve the Union, they should be made to feed it while it is there.

—Hon. C. Chapman, of Hartford, is reported to have said in a speech, delivered at Waterbury, that any man who would discourage enlistments "ought to be dead, and buried with his face downward, to show that he had turned away from his God."

—The Rev. J. B. Clark, of the Second United Presbyterian Church of Pittsburg, has recruited three hundred men within three days, and commands a company in person.

ARREST OF POLICE OFFICERS.—Two Police Officers, Wise and Allen of Washington, were arrested on the 12th by Gen. Wadsworth, charged with kidnapping.

—The Cincinnati *Commercial* has the following from its Memphis correspondent:

"The Rev. Dr. White of the Episcopal Church called upon the Provost Marshal a few days ago to know whether it would be considered treasonable to pray for Jeff. Davis in public. 'Well, I guess not very,' said the Marshal with the utmost *nonchalance*; 'you've been praying for two years now, and haven't done us much harm, and I don't know but you might as well keep on at it.' The reverend gentleman retired."

—In war a single hour may carry the fate of the nation in its hand.

—The remains of Major F. W. Matteson, arrived at Springfield, Ill., on the 11th inst. He was a young, brave and accomplished officer, and had won distinction in several battles. He died with typhoid fever near Corinth.

—We have it from good authority, from a prominent citizen of New Orleans, that the number of free blacks who pay a tax is 10,000, who pay it on $12,000,000.—Does this look as though the black man was not competent to take care of himself? Figures will not lie.

—The north is indignant and astonished—not without reason—that in her cause which she knows to be that of general humanity and civil liberty every where, she has so little foreign sympathy, even from those who might be expected to be her quick friends.

—The correspondent of the Cincinnati Gazette divides the cabinet into two parties: the one composed of Chase, Stanton, Smith and Welles, in favor of "vigorous measures;" the other composed of Seward, Blair and Bates, "adhering to to warfare by conciliation as the best means of restoring the *Union as it was.*" He also says Smith and Chase would resign if they could obtain a senatorship.

YALE GOLLEGE.—At the Commencement last week, the honorary degree of L. L. D. was conferred upon Hawley Olmstead, Esq., of New Haven: Rev. Dr. Barnas Sears, President of Brown University; and Count Gasparin, author of "The Uprising of a Great People," and "America before Europe." The new class numbers about ninety. Henry C. Kingsley has been appointed treasurer of the College, *vice* Mr. Herring deceased.

WILLIAMS COLLEGE COMMENCEMENT.—The exercises closed on Wednesday. The graduating class numbers fifty-two, among whom we notice from Connecticut, Franklin Carter, Æsthetical oration. Waterbury: Everett E. Lewis, natural history oration, Bristol, and James F. Spaulding, classical oration, Enfield. The degree of D. D., was conferred upon Rev. Henry M. Field of New-York, and Rev. Albert Traver of Poughkeepsie. The alumni address was by Hon. A. C. Paige of Schenectady, and Prof. A. J. Upson of Hamilton College, delivered one before the Sigma Phi.

BUSINESS LOCALS

WE are pleased to learn of the continued good success of the Mutual Life Insurance Company of Wisconsin, throughout the northwest. This, in fact, is the only Life Insurance Company, whose interests are identified with the northwest, and whose patrons are not liable to be affected by the high rates of exchange, that often rule in favor of eastern cities. This Company selects its risks with the greatest care, and confines its business to WISCONSIN, MINNESOTA, and NORTHERN IOWA, the healthiest section of our Union, and as a consequence the ratio of loss, to amount insured, is very small, amounting last year, to only a little over one-fourth of one per cent. It stands among the first companies in the country, in point of security for its policy holders, and first in promptness to pay losses. This Company grants WAR PERMITS to all its members, and to all who may insure, and afterwards enlist, or be drafted, into the service of the United States. For particulars enquire of O. CURTIS,

H. J. BRAINARD & CO.'S MILLS,

SITUATED ON PHALON'S CREEK, WHERE THE STILLWATER ROAD CROSSES.

This Mill is just completed, and is in good running order. Our machinery embraces all the latest improvements, and was got up in the East, without regard to expense. It has two run of Burrs, which will be kept running night and day so that farmers coming from a distance can be accommodated without much delay.

The need of a first class Mill of this kind has long been felt by the citizens of St. Paul and vicinity. We have secured the services of James Craigie, who has made milling the business of his life, and in whom we can place entire confidence.

All kinds of grain will be weighed when brought to the Mill, and also when taken away, if desired. We feel confident in saying to the public that we can make as good Flour and as great a yield to the bushel as any Mill in Minnesota, and respectfully solicit a fair trial.

Also a new Mill for grinding corn in the ear.

All work done at this Mill is warranted.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold TWENTY-SEVEN THOUSAND. These instruments are now in use not only in the United States and Canada, but also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held.

AT ALL INDUSTRIAL EXHIBITIONS THEY HAVE INVARIABLY BEEN AWARDED THE HIGHEST PREMIUM WHENEVER EXHIBITED IN COMPETITION WITH OTHERS.

We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

Agents for the sale of our Melodeons may be found in all the principal towns of the United States and Canada.

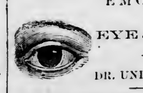
REMOVED.



EYE & EAR.

DR. UNDERWOOD

Of Chicago, Ill., the eminent and skilful operator on the Eye and Ear, whose name and fame is so extensively known throughout the United States, for his science, skill and success in performing formidable operations, and in removing difficult and dangerous diseases from those delicate organs, has arrived in St. Paul and may be consulted in INGERSOLL'S BLOCK for a short time only.

Dr. U., who is a regular Physician and Surgeon of the old school, has had an extensive experience in both hospital and private practice of twenty-eight years, and will be found competent to perform any operation necessary to restore lost sight or hearing, or by other mild and gentle means to remove any disease from those delicate organs within the reach of science and human skill.

CHRONIC DISEASES, of every grade and character, whether requiring medical or surgical treatment, POSITIVELY and PERMANENTLY CURED, when not clearly beyond the reach of science and human skill.

Dr. Underwood treats all diseases on regular and scientific principles as recognized by the medical profession both in Europe and America, and hence does not use or deal in those pretended new and never failing remedies—specifics, inhaling vapors, and clairvoyant prescriptions—which are so ostentatiously paraded before the public by those impudent traveling quacks and money-fleecing empirics, nine-tenths of whom never were inside of a medical college. Patients afflicted or laboring under diseases of long standing, can consult Dr. U. with the most confident hope and expectation of being perfectly cured, or receiving with unerring certainty all the relief that the highest skill, the most judicious and scientific treatment can possibly bestow.

CHEERING NEWS BY TELEGRAPH.

No general officers are to be appointed except for meritorious services, and with evidence of fitness and special qualifications for command.

We have important intelligence from the southwest—Baton Rouge is still in our possession. Gen. Breckinridge lost an arm; Gen. Lovell was killed.

The bearing of our troops was worthy of all praise, but the public will regret to learn that Gen Williams was killed.

THE ARKANSAS WAS DESTROYED BY THE ESSEX.

By order of Provost Marshal, the citizens of Kansas are to be enrolled en masse for military duty.

GENERAL ORDER NO. 36.

Attention is again called to General Order No. 36, prescribing the duties of the enrolling and drafting officers. Some typographical errors in it have been corrected for this edition of our paper. The most important is the institution of auditor for sheriff, in the sixth paragraph.

GOOD FOR AFTON.

The beautiful little town of Afton has proven herself the banner town of this State, if not of the United States in defining her position in this the hour of trial The town of Afton polls 87 votes; takes 23 daily papers; is without a single rum shop; and has furnished 57 actual residents as volunteers for the war. Three cheers for Afton and her enterprising, intelligent and patriotic citizens.

THE IRREPRESSIBLE AT NEW ORLEANS.

Gen. Phelps, commanding a brigade in Gen. Butler's corps, having refused to obey an order of Gen. Butler by Capt. Davis, has resigned.

Gen. Phelps, addressing Capt. Davis, says (July 31st): "I must decline to become the mere slave-driver which you propose, having no qualifications in that way."

The whole matter, with correspondence, &c., has been referred by Gen. Butler, to the War Department, for direction and action thereon.

BRIGADIER-GENERAL LANE.

A correspondent of the N. Y. *Tribune*, writing from St. Joseph Aug. 13, says that Gen. Lane has taken the field in person with 5000 cavalry.

He will be joined in the interior by 150 more troops, and will make the campaign against the guerrillas short and decisive.

THE UNION AS IT WAS.

The best thing we have seen on this subject is from Hon. Schuyler Colfax, of Indiana. At the great war meeting at South Bend, last week, he said that every thing was offered the Southern members of Congress—everything, even concessions which would have prostrated the Northern men in Congress, but in vain. In private conversation with two leading Southern representatives, they said, "If you would write your names on a blank sheet of paper, and give it to us to fill up, we wouldn't stay if Abe Lincoln is to be President." Yet Northern doughfaces—Northern men with bloodless livers—call for conciliation to dear Southern brethren!

Mr. Colfax alluded to the modern cry, "The Constitution as it is—The Union as it was," and said, "So I say. The old Constitution is good enough for me. I want nothing put into it! The Union as it was. No rod surrendered to traitors; not an inch given up to treason; the old flag floating from every hill; all under a Government constitutionally chosen. The Union as it was, from gulf to lake, from ocean to ocean, now and forever, one and inseperable."

DON CARLOS BUELL.—We see the following in the Washington correspondent of the N. Y. *Evening Post*:

"The complaints against Buell from the West are almost alarming. The government feels the pressure, and will compel Buell to move upon the enemy—or, out of the way."

THE ENCROACHMENTS OF SLAVERY.

That slavery is to come to an end at no distant day, throughout the civilized world, is indicated by the unering finger of destiny. The Northern States, under the impulse of the principles pervading the public mind during and immediately after the Revolution, abolished slavery. Neither Washington, Jefferson, nor any of the Fatbers of our country supposed that the institution would be permanent. A republican form of government, based upon slavery, is a Temple built on a foundation of sand. Said Jefferson, writing concerning slavery, "I tremble for my country when I remember that God is just." Did his prophetic vision have a glimpse of the present scene of confusion and fraternal strife, or did he anticipate and dread a rising of the slaves?

The founders of our government did not anticipate the permanence of slavery; and the tendency has been steadily and straggly towards, its extinction not only in this country but throughout Europe.

Denmark and Great Britain have at length done tardy justice to the children of the unhappy victims of their cupidity on the coast of Africa. Italy has arisen from the grave. Hungary is a giant struggling in chains. The serfs have been emancipated by the Czar of Russia, while Hayti, having obtained deliverance through seas of blood, and proved her capacity for self-government, is at last admitted into the family of nations; and of course will be represented by her embassadors at the several courts.

In contrast with this, there has been at the South, and among certain classes of the North, a pro-slavery crusade, prostituting the principles of the Constitution to the defence and support of the traffic in in human flesh and blood.

The encroachments made were insidious, but steady and persistent. The Declaration of Independence was pronounced to be in regard to human rights a mere rhetorical flourish. Senator Toombs boasted in the Senate chamber that his slave roll should be called at the foot of Bunkerhill; and the Dred Scott decision practically made slave territory of the entire public national domain.

One more decision of the court, with no greater infringement of the Constitution, would have carried the curse of slavery as a legalized institution over every Northern State of the Confederacy.

The plan was simple and direct, without one single alternative, viz: make slavery national, or failing in this, divide the government,—and establish a slaveholding Republic on the Southern coast and around the gulf, to embrace Mexico and Central America, with the motto inscribed upon the banner; slavery and despotism one and inseperable, arrayed against the free working men of the world,—and let all the rulers say *amen*.

The collision of these opposing currents has occasioned the fogs and storms which darken the sky and imperil our national existence.

That the great rebellion was a political accident or the result of the election by the Republican party of Mr. Lincoln, is a great mistake. Stephen A. Douglas declared that the result would not have been essentially different had he himself been elected.

Secession was a foregone conclusion, and resistance by the Federal authority was not anticipated. The rebels, assured of Northern sympathy and support, did not expect any serious opposition. Mr. Buchanan in his message, had said that, though there is no constitutional right of secession, there is no constitutional authority to prevent it; as if that Instrument had within itself the elements of self-destruction.

The first ostensible act of the rebels—nullification—was suppressed by President Jackson. The enemy was asleep, not dead. The spirit of rebellion, prevalent first in South Carolina, has been constantly gathering force and spreading throughout the Southern States. As long ago as 1845, Mr. Calhoun in his own house in Washington city, declared to a friend whom we happen to know, his unalterable conviction of the incompatibility of the interests of the North and South, and of the inflexible purpose of the people of the South to separate themselves from the Federal Union, and to establish a great slaveholding Republic around the Gulf.

The spirit of Mr. Calhoun still lives, and while his body sleeps peacefully in the grave, reappears as a mighty whirlwind in the great rebellion.

IMPORTANT TO NOTICE.

It is important that it be understood that according to General Order No. 36, the apportionment of the quotas of the various counties is to be made upon the basis of the enrollment lists returned to the Adjutant-General, if the returns are received in time for that purpose. It is only in case of a failure to receive the militia rolls in time that the Governor has provisionally fixed the quota of each county of one-32d of its population by the census of 1860. In the meantime, let the assessors and agents appointed by the Governor, hasten the completion of the militia rolls as rapidly as possible. Promptness and dispatch in all the officers concerned is of the utmost importance.

—The appointments for tax collectorships and assessorships under the New Tax law, are being crowded through rapidly at Washington. It is expected that they will be completed this week.

WAR MEETING AT MANTORVILLE---DODGE COUNTY ON HAND.

A large and enthusiastic war meeting was held at Mantorville, in Dodge county, on Thursday the 14th inst., at which over one thousand persons were present. George A. Nourse, Esq., of this city, was present, and addressed the meeting in a most effective speech.

The County Commissioners decided to give $100 bounty to each volunteer—a larger bounty, we think, than any other county has given.

At the close of the meeting nearly eighty recruits volunteered, and came through the same night to Red Wing, reaching St. Paul on Friday last. Enough more volunteered to fill up the whole quota of Dodge county under both calls, (one hundred and eighteen), and were to start yesterday morning for headquarters. Messrs. Edgerton and Burwell have been very efficient in the matter.

Mr. Nourse spoke again at Red Wing on Friday night. His speeches at both places are spoken of as most vigorous arguments, and rousing appeals to the patriotism of the people.

War Meeting in Winnebago City.

Editors of the Press:

The Faribault County War Meeting held in Winnebago City pursuant to a call, in Concert Hall, to take into consideration the propriety of raising a company of volunteers to assist in raising Minnesota's quota.

G. H. Goodnow, Esq., Chairman, and W. N. Towndrow Secretary. The object of the meeting was introduced in an agreeable and effective manner by the Chairman, after which the Hon, G. K. Cleveland, Mr. George Patten, Mr. Holley and others, addressed the meeting in thrilling and eloquent speeches; and the earnestnss of the meeting was fully evinced by the promptness and readiness with which every action of the meeting was indicated.

Mr. Blair, Chairman of the Board of County Commissioners, reported to the meeting that said Board had appropriated $1,000 as a bounty to volunteers of the county, and would appropriate more at a future meeting, if necessary.

Furthermore, a series of resolutions were introduced by H. W. Holley, Esq., expressive of the character of the meeting, and to raise funds to defray contingent expenses expended for our company of brave volunteers. Motion was adopted.

Resolved, That this meeting heartily endorses the policy of the National Administration in calling for 600,000 more men to crush out treason and suppress the rebellion.

Resolved, That there is no difference of opinion among the people on the subject of the prosecution of the war to the last extremity against the rebels; and that as traitors we hold them amenable to the law for the punishment of treason; and that it is the duty of the Government to resort to every means in its power, known to civilized warfare, for their complete and final subjugation.

Resolved, That the thanks of this meeting are given to the Board of County Commissioners of this county for their prompt and decisive action in voting twenty dollars bounty to volunteers from Faribault county.

Resolved, That a committee of three be appointed by the Chair to procure subscriptions for additional bounties and volunteers, and to pay expenses incurred by recruiting officers in boarding volunteers previous to their departure for Fort Snelling.

Resolved, That this meeting resolve itself into a committee of the whole "to encourage enlistments, procure subscriptions," and in fact, to aid in every manner possible, the raising of her full quota of volunteers from Faribault county.

The committee appointed by the Chair to procure and raise subscriptions were Messrs. Holley, Jesse Dunham, and L. A. Bonwell.

Messrs. Holley and Welsh subscribed handsomely—$100 each, and many others proportionally liberal. $285 in mony was subscribed; 225 bushels of wheat was subscribed. Mr. W. L. Young donates 1 pair of military gloves to each of the first 5 highest officers, worth $2,50 per pair. Mrs. Cady, and the ladies of Faribault county agree to make and present to the company a flag. All the ladies in the county are invited to contribute, and meet at Concert Hall, in Winnebago, on Thursday afternoon, at 3 o'clock. A committee of 12 ladies was appointed: Mrs. Cady; Mrs. Holley; Mrs. Goodnow; Mrs. Cleveland; Mrs. McArthur; Mrs. Davy; Mrs. Constans; Mrs. Robinson; Miss Coggswell; Miss Latee; Miss C. Miller, and Miss E. Mount.

The muster roll already counts 36 names and is still progressing.

Resolved, That a copy of these proceedings be sent to the South West *Minnesotian*, and to the St. Paul PRESS, for publication.

The meeting closed with every demonstration of enthusiasm.

H. W. Holley, Esq., Receiver of the Land Office has kindly promised to drill recruits every morning at 9 o'clock. He is a graduate of a military school, and fully competent to the task. Accomodation is made for all recruits to board at Law's Hotel, free of all expense, who may wish to do so.

Yours &c.,

N. W. TOWNDROW, Secretary.

—Gov. Corwin's friends here state that he is likely soon to return from Mexico, and are talking of a plan to have him returned to Congress again. He only went to Mexico to negotiate a treaty, and as the Senate is thought to have virtually rejected that, his friends think he will regard his work there as ended, and come home at once. He said when he went out that he did not expect to be gone more than a year.

General Headquarters, State of Minnesota.

ADJUTANT GENERAL'S OFFICE,
ST. PAUL, August 15, 1862.

[GENERAL ORDERS NUMBER THIRTY-SIX.]

In order to a clear understanding of the various orders issued by this office in relation to the enrollment and drafting of the militia of the State of Minnesota, and in pursuance of further instructions recently received from the War Department, the officers heretofore appointed under General Orders No. 25, will be governed by the following instructions:

The agent appointed by the commander in Chief, pursuant to General Order No. twenty-five, shall immediately visit each town and city, and ascertain if the assessor has made proper militia returns in accordance with orders No. 22, 23 and 25, and shall see that each Assessor perfects his enrollment lists, or if the Assessor fail or refuse to do so, the said agents shall proceed immediately to prepare the said enrollment lists, in accordance with the following instructions:

The said enrolling officer, (assessor or agent,) shall prepare a list of all white male citizens between the ages of 18 and 45, whether presumed to be exempt or not by reason of physical disability or any other cause—stating, however, in the return under the head of general remarks, the nature of any apparent bodily defect, or presumed disqualification, and if in the service of the United States, state in what capacity.

In case any doubt exists as to the age of the party, his name is to be taken. All foreign born persons who have declared their intention to become citizens of the United States, are to be included in the returns; and in any case where doubt exists whether a foreign born person has been naturalized, or has declared his intention to become a citizen, his name must be taken.

The names of all persons who have enlisted from each township since July 2d, 1862, under the recent calls for 600,000 men, and the designation of the regiment and company in which they have severally enlisted, are to be carefully ascertained and reported, by enquiring of each head of a family, and by such other means of information as are accessible to the agent or assessor.

The enrolling officers, (agents or assessors) of each county must file their enrollment lists in the office of the Auditor of the county on or before the 24th inst., and must thereupon immediately notify the Commissioner that said lists have been filed.

See Sec. 5, of General Order No. 25, for the duties of Commissioners. The Commissioner will not, however, fix the time at which the draft shall be made as provided in General Order 25. In pursuance of a more recent Order of the War Department, the date at which drafting shall commence is hereby fixed on Wednesday the third day of September next.

In determing the sufficiency of proofs offered by persons claiming exemptions, the Commissioner will strike none from the lists, except (1) those producing a certificate of disability, signed by the Surgeon appointed for that purpose (2).—Such persons as are included in the second subdivision of section 5 of General Order No. 25; (3) such persons as shall furnish clear and satisfactory proof that they are not of the prescribed age—or (4) foreign born persons not naturalized, or who have not declared ther intentions to become citizens. Persons known to have exercised the right of suffrage, shall be presumed to be liable to military duty, unless the contrary be shown.

In examining a candidate for an exemption, the examining physician will be governed by paragraph 1261 of the army regulations, which is in the following language:

"In passing a recruit, the medical officer is to examine him stripped—to see that he has free use of all his limbs—that his chest is ample—that his hearing, vision and speech are perfect—that he has no tumors, or ulcerated, or extensively cicatrised legs; no rupture or chronic cutaneous affection—that he has not received any contusion or wound of the head, that may impair his faculties—that he is not a drunkard, is not subject to convulsions, and has no infectious disorders nor any other that may unfit him for military service."

The agents, commissioners and surgeons appointed under General Order No. 25, for certain counties, will act also for the counties attached to them in pursuance of General Order No. 35, under which the said officers were appointed, and in apportioning the quotas among the several counties, all counties so attached will, with the county to which they are attached, be held as one county.

The Auditor of the county shall immediately upon the filing of the enrollment lists in his office, or before the 26th day of August, forward by special messenger to the Adjutant General a statement of the whole number of persons enrolled in each township, and the names of all volunteers who have enlisted therefrom since the 2nd day of July, with the designation of the regiment and company in which each has enlisted.

It is necessary that the enrollment lists be completed and promptly forwarded to to this office by the time designated in order that the Governor may, if possible, apportion the quotas of the several counties on the basis of the enrolled numbers in each, in time for the draft in pursuance of a recent order of the War Department.

In case, however, the quota of each county, on the basis of the enrolled militia, should not be ascertained in time for the draft on the third day of September, the quota of each county is hereby provisionally fixed at one-thirty-second of the population of said county according to the census of 1860, less the number of volunteers furnished since July 2d.

In view of the shortness of the time intervening before the day fixed by the General Government for the draft, it is now found impossible to apportion the quotas of the counties with any reference to the number of volunteers furnished previously to the 2d of July.

The quota, however ascertained, shall be apportioned by the county auditor, subject to an appeal to the Commissioner among the several towuships in proportion to the number of enrolled militia of each township; and in such apportionment, each township shall be credited with the number of volunteers which it shall have furnished since the 2d of July.

OSCAR MALMROS,
Adjutant-General.

OUR FORCES LESS THAN 2,500

Rebel Force 5,000.

NEW YORK, Aug. 18.

Steamers North Star and Roanoke from New Orleans, of the 10th inst., have arrived, bringing particulars of the defeat of the rebels at Baton Rouge, and destruction of the Arkansas.

A letter from Baton Rouge says that Nim's battery three times repulsed the foe with great slaughter.

Breckinridge lost right arm by a cannon ball.

Gen. Williams, who was killed, behaved like a hero.

We have taken three guns.

Another account says the rebel troops numbered from five to six thousand, under Generals Lovell and Breckinridge. Our loss was 250 killed, including large portion of officers. Rebel loss, according to prisoners, is immense. Among the killed was Gen. Lovell. The ram Arkansas was just above Baton Rouge, but dared not take any part in the conflict.

The official report of Colonel Cahill, who was wounded after the death of General Williams, stated the rebel force was about ten regiments.

After a fight of four hours the enemy were repulsed.

Gen. Williams was killed by rifle ball through the chest. The enemy has retreated several miles out and is still retiring. Our force engaged was less than 2,500. The enemy had at least 5,000, with 12 or 14 field pieces and some cavalry. The Ram Arkansas approached with the intention of engaging our gunboats but grounded at a distance of six miles, and to-day, the 6th, was engaged by the Essex and destroyed. A passenger from Baton Rouge states that our loss was 70 killed, 215 wounded.

Indian Expedition Moving North.

LEAVENWORTH, Aug. 18.

Owing to the presence of large bodies of rebels in Jackson county, Mo., and neighborhood, and a threatening attack on Kansas City, the Provost Marshal of this city, under orders from Headquarters Department of Kansas, has ordered citizens en masse to enroll and arm themselves for military duty. Any one failing to do so will be arrested.

Business is mostly suspended, and it is thought there will be a general compliance with the order.

The Federal troops composing the Indian expedition, with the exception of three Indian regiments, are supposed to be at Fort Scott, or marching north.

Will you please put this statement in your daily paper.

John Kennedy, Esq., has enlisted and sworn in 28 brave young men in that township on the afternoon of the 15th inst. Fifteen Germans from the New River Settlement, in that township, enlisted in less than one hour, encouraged by the worthy and patriotic Rev. M. Roeder, who was about erecting a church, but advised his members to apply this money for the encouragement of enlisting, by responding to the call of the President to crush out the rebellion; and fifteen hundred dollars bounty was raised for the town by subscription.

Respectfully Yours,

EDMUND EICHHORN.

—Last week the Jews of Chicago held a most spirited and enthusiastic meeting, at which it was resolved to raise $10,000 to organize immediately a company for the Hecker regiment, and possibly more than one company will be raised. This portion of our fellow citizens, who are generally much absorbed in business, are most thoroughly stirred up by a full appreciation of the duty that devolves upon all American citizens in this critical emergency.

Letter from New Orleans.

U. S. GUNBOAT CAYUGA,
New Orleans, July 14th, 1862.

On the 4th inst., we anchored off the entrance of Mobile Bay, where, in a most refreshing heavy shower and gale, we saw the phantom shapes of the blockading vessels, loaded with flags, and dancing and leaping about on the waves as if jubilant to welcome the national holiday. This blockading fleet consists of the steam frigate Susquehanna, (acting flag-ship.) sloop of war Preble, and the gun-boat Kanawha. It was the Preble that captured the first secession privateer in the Savannah over a year ago.

It was reported, when we left New York, that the mortar fleet had taken Ft. Mo gan; but when the shower ceased, we saw no vessels but those of the blockade, while above the fort, from which we lay four miles, we saw the hated ensign of the rebellion disgrace the blue sky on this great day. The mortar schooners had been there, and were waiting the arrival of the gun-boats, when they were ordered back to assist in the great work that will soon be accomplished at Vicksburg. The The Mississippi will then be open from Itasca Lake to the Balize. Mobile may receive our compliments soon after.—Many of the largest guns have been removed from Ft. Morgan and placed at Dog River Bar, twelve miles up Mobile Bay, where the rebels have driven in piles across the bay, except at the channel, and there stationed heavily armed vessels to assist a battery planted near by, either on the land or on a pier built near the channel. So there will be a second fight in the capture of Mobile.

On the 7th inst., after cruising along the coast, we entered Pass L'Outre, and came up to New Orleans. The great forts, Jackson and St. Phillip are a few miles above where the river separates into the delta. On either side of the river, from a mile below the forts to four miles above them, countless evidences, both great and small, of the severity and magnitude of the engagement will long remain. Burned out fire-rafts; broken rams; worthless hulks that were chained together across the river; gun-boats, and old line river steamboats, which were armed—some lying partly out of water, and some high and dry on the sand, the river having fallen. Here stood up a smoke-stack—there a steamboat wheel—masts in the sand, with the rigging tangled about them; furrows, deeper and straighter than a Minnesota breaking-team ever made—plowed by cannon shot, this way and that way through the land. I wouldn't be surprised if the next agricultural fair should take the hint and get up a plowing match, the work to be effected by nine inch Dahlgren guns, say twenty of 'em abreast.—They would loosen the ground right suddenly.

Passing on from this sad panorama of the desolation of war, we found the country adjacent to the river quite different from what is generally supposed. It is only below tue forts that it is all marsh. All the rest of the way up to the city, a distance of seventy miles, much the larger portion is arable land, making extensive suger plantations, while the orange groves and other groups of tropical trees often give a very pleasant appearance to the river side.

At this city we found the steam sloop-of-war, Pensacola, Commodore Morris, the acting flag ship. She was built at Washington Navy Yard, and just before she was ready for sea, last season, the rebels planted batteries on the Po.omac to blockade Washington from the sea, and prevent her getting out. It was feared she would have to lie useless at Washington till in the progress of the army of the Potomac the batteries should fall into our hands. But one dark night she ran past them at a venture, with all lights out, and st once entered upon a useful life. The steam frigate, Mississipi, is also at anchor in the river. I remember her of old, although I have not seen her for more than twenty years, until now. She was built with, and exactly like, the Missouri, in 1840, and both lay in Boston harbor the next season, for several weeks. They were then "the top of admiration" in our Navy. But, long has she borne our flag over the seas without meeting her twin sister.

The Missouri was burnt in the harbor of Gibralter, Aug. 28, 1844, where the charred hull was visible at every low tide till within a few years. Yet, here is the same old Mississippi, guarding the loyalty of New Orleans, in these days when "a wonderful and horrible thing is committed in the land." The gunboat, Itasca, with the Pensacola and Mississippi, constitute the naval force here stationed. The steamer, Tennessee, government transport, runs between here and the fleet up the river. As soon as there is a land force sufficient to hold the place, Vicksburg will be taken. Any details of news from that direction, doubtless, reach St. Paul by Cairo, about as soon as New Orleans.

The levee, which along its whole vast length used to be thronged with steamboats often two and three abreast, thickly covered with merchandise, and swarming with busy movements of a few thousand slaves and their teams,—this same levee now lies stretched along in front of the city miserable nakedness. Not a dozen river steamboats are here, and those are tug or job boats with little to do, except a single line of two boats just started between here and Baton Rouge. About thirty merchant vessels are here; half of them have come in since the blockade was raised. Some have brought flour, some ice, and one or two have added to the miscellaneous merchandise of this destitute spiritless city. They'll wait a long while for any cargo to take out. "To see the nakedness of the land have they come." It would be a difficult task to represent to Northern men the melancholy absurdity of talking about re-opening the trade of the lower Mississippi. The trade will be all on one side, for a year or two to come, at least.

The merchant steamships, Marion and Roanoke, are making very profitable trips between here and New York: the fare to that place being $105, and the steamers going full. It is not a high price, I assure you, for this is the most desirable city to emigrate from, that I ever saw. It looks as if it had just aroused from a long life-and-death struggle with delirium tremens, and hadn't got its eyes open yet. Large steamships chartered by the government, are arriving and leaving for New York every few days.

The far famed St. Charles Hotel, which was opened by Gen. Butler when he entered the city, that he and his suite might live in the right style, has been given up by him, and closed again. He found it too immensely expensive, besides inconvenient, and now resides in the late mansion of the traitor, Twiggs, on Camp street. The St. Louis Hotel, the next in size and popularity, has long been shut, as have half the others in the city.

The Custom House, begun fourteen years ago, in its fits of cumulative strength has threatened to attain the greatest dimensions of any Custom House in America; and if ever finished it will be so. It has been suitably arranged for Gen. Butler's headquarters, the military court, post-office, custom house, and comfortable barracks for the 13th Connecticut regiment, and one other. The 12th Maine regiment is quartered in the branch mint. There are about 20 regiments in all around the city. All the military force that could be spared has been sent up towards Vicksburg.

Secession sentiment is becoming quiet here, but is no doubt bitter as ever. People are deceived who think the loyalty among the resident population here amounts to anything. Ladies are tired of making expressions of contempt for United States officers and soldiers in the streets, and when we enter a hotel or store we age taken some notice of, and not treated gruffly.

Checks and scraps of paper, of various supposed values, from five cents upward, are still the prevailing currency, which is based on the possible responsibility of some railroad or financial company, or some business firm. No place of amusement has been open here for many months; full one-third of the stores are closed. Only two lines of city omnibuses have continued to run. The three or four horse railroads are in profitable operation. The construction of these are better calculated than in any other city I know of. They are laid in only the wide streets that have green malls in the center; it is in the mall, between two rows of beautiful rows of box-alders, that the cars run; they do not interfere with the other traffic of the streets, and the passengers and mules are always in comfortable shade.

New Orleans being built on low and level ground, has an appearance in its streets much like Chicago; the sidewalks, however, are not so ingeniously contrived as in that city. They are even, and everywhere of the same monotonous grade. How much more interesting to wear spikes in your shoes and climb the one, two and three story sidewalks of Chicago—sidewalks with basements, sidewalks with cellars, and sidewalks without either. I'll warrant the good people there feel conscious of the existence of Providence, especially when in the night they come to a crowd of policemen and citizens with ropes and lanterns, looking for a man who has lost his footing and fallen off the sidewalk. But here they never think of it, and see what they have come to! Treason and ruin. Speaking of this city in connection with Chicago, it amazes the natives to assure them that they have not one-tenth part so many elegant dwellings and splendid temples of trade as are in that youthful empress city of the imperial West.

The old French cathedral and convent here are the fullest of interest as to history, antiquity, and external beauties of the Romish church, of any similar institutions where I have had the privilege of being entertained. I looked in vain along the levee there for Pete Antoine's date-palm, though there are some vague accounts of it hanging around the cathedral.

We have taken another rifled gun on board our vessel—a 24-pounder, making an armament of seven guns for us. Our destination is Red river, where we are expected to shell out masked batteries along the shore, control its navigation, and capture any of its towns that may offer resistence or refuse to raise the national flag. An order form Commodore Farragut may be awaiting us at Baton Rouge, however, for us to come right to Vicksburg first, and take a hand in that game.

To-day we have news that throws us into an uncomfortable condition of consternation, dismay, and much triumphant joy. It is impossible to separate the secession from the Union colors in the doubted cartoon, and difficult to feel positive that either a repulse or victory has come upon our arms at Richmond. It all comes foom towards Vicksburg, and for to-day it is all.

M., in Book "Q" of Mortgages, on pages 420, 421, 422 and 423, whereby the said William C. Gray did grant, bargain, sell and convey (in mortgage) to said David Sanford, his heirs and assigns, the following described piece or parcel of land, situate, lying and being in said county of Ramsey, Minnesota, viz:

The north half [½] of the northeast quarter [¼] of section number twenty-two [22] of township number twenty-eight [28] of range number twenty-three [23] west, containing eighty [80] acres of land, according to the United States survey thereof, together with all and singular the hereditaments and appurtenances thereunto in any wise appertaining, to secure the payment of the sum of $800 and interest thereon, according to the condition of two promissory notes, dated said 23d day of May, 1859, executed by said William C. Gray, payable and delivered as follows: One to said David Sanford for $400, both due one year from the date thereof, and both now in the possession of and controlled by said David Sanford.

And, whereas, said William C. Gray did, on said 23d day of May, A. D. 1859, for a valuable consideration, also duly execute and deliver to said David Sanford an instrument in writing, which was also duly recorded at the same time with said mortgage in the office of the Register of Deeds of said county, in the Book in the pages above said, with said Indenture of mortgage, whereby said William C. Gray did, for himself, his heirs and assigns, duly waive and surrender to said David Sanford, his heirs and assigns, by virtue of and pursuant to "an act to regulate the foreclosure of real estate," approved March 10th, 1856, all his and their rights of redemption of, in and to said premises so mortgaged and every part thereof:

And, whereas, there is now, at the date of this notice, claimed to be due and is due on said promissory notes and mortgage, the sum of $1,020.64:

And, whereas, said David Sanford heretofore gave notice, according to law, of the sale of said premises, and the foreclosure of said mortgage, which sale and foreclosure was, on the 15th day of July, 1861, enjoined in an action commenced in the District Court of said county of Ramsey, wherein one George W. Armstrong was plaintiff, and said David Sanford defendant, and which said action, on the 9th day of October last, was dismissed on motion of said defendant:

And, whereas, said David Sanford also gave further notice, according to law, of the sale of said premises and the foreclosure of said mortgage, which sale and foreclosure was, on the 29th day of November, 1861, also enjoined in an action commenced in said District Court, wherein said Armstrong is plaintiff, and said David Sanford defendant, and the injunction issued therein has since been dissolved and vacated, on motion of said defendant, and judgment in said action rendered and entered up for costs in favor of said defendant and against said plaintiff:

And no suit or proceeding at law except as aforesaid, has been had or instituted to recover the debt secured by said mortgage, or any part thereof, and no part thereof has been paid:

Now, therefore, notice is hereby given, that default has been made in the payment of the said sum of $1,020.64, due as aforesaid, and that said mortgaged premises will be sold by the Sheriff of said county of Ramsey, at public auction, under and by virtue of a power of sale contained in said mortgage, to the highest bidder, for cash, at the front door of the Court House, in the city of St. Paul, in the county of Ramsey, and State of Minnesota, on the 18th day of September, A. D. 1862, at ten o'clock in the forenoon of that day, to satisfy and pay the amount due on said promissory notes and mortgage, at that date, and costs of foreclosure.

Dated August 2d, 1862.

DAVID SANFORD,
Mortgagee.

FLORENCE SEWING
MACHINE AGENCY,
One door East of Davenport's Bookstore, on Third Street.
The "FLORENCE" SEWING MACHINES make FOUR DIFFERENT stitches on one and the same machine. Thus the LOCK, DOUBLE-LOCK, CHAIN and DOUBLE-KNOT, all of which make the seam alike on both sides of the fabric. Either of all can be produced while the Machine is in motion.
They have the REVERSIBLE FEED MOTION, which enables the operator to have the work carry either way, or to change the direction, and fasten the end of seams, work, together while making a long and a short stitch, is done simply by turning a thumb screw.
Their motions are all positive. There are no springs to get out of order. They are so simple that the most inexperienced can work them perfectly and with ease. They are NOISELESS, and can be used where quiet is necessary.
They are the EASIEST SEWERS in the WORLD, making five stitches to each revolution. They oil no dresses. Their stitch is the wonder of all, because of its combined ELASTICITY, STRENGTH and BEAUTY.
Prices No. 1, $45.00, No. 2, $57.00, No. 3, $67.00, No. 4, $72.00, No. 5, $77.00, No. 6, $82.00, No. 7 Cabinet opener, $90.00, No. 7 Cabinet cased, $95.00, Mahogany $97.00, Rosewood $105.00. Hemmers and all necessary tools included in the above prices.

NOTICE TO HOLDERS OF RAMSEY COUNTY BONDS AND SCRIP.
The following resolutions were adopted by the Board of County Commissioners, July 21st, 1862.
Resolved, That the County Scrip and all over due Bonds of this County, (except Fort Street Bonds,) may be exchanged for Bonds running fifteen years, bearing interest at the rate of seven per cent. premium, payable semi-annually in Cash; and the Board shall levy annually an amount sufficient to meet such interest.
Resolved further, That all Bond holders who are willing to receive such new Bonds may, if they desire so to do apply one tenth of the over due Bonds so to be exchanged upon County Taxes prior to 1860.

GENERAL ORDERS—NO. 26.
HEADQUARTERS ARMY OF THE OHIO,
IN CAMP, NEAR FLORENCE, ALA.,
June 24, 1862.
There are 14,000 officers and soldiers absent from their duty with the various Divisions of this army. Some of them have gone off without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in very many cases the cause has notoriously ceased to exisi, and men remain away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—
1. All officers and soldiers who are absent without direct authority from these Headquarters, he period for which has not transpired, will, on or before the 10th of July, proxiino, join their companies or regiments wherever they may be. If ignorant of their locality, they will report to the commanding officer at Louisville or Nashville, by whom they will be directed to their regiments, or put on such light duty as they may be able to perform, if they are not entirely fit for active service; and these will be promptly reported to their regimental commanders by the officer so assigning them.
The cases of those who fail to join as above required, will be disposed of as follows:
2. If any absent officer or soldier, in consequence of sickness or wounds, is absolutely unable to report for duty as above required, he will forward by mail to "The Assistant Adjutant General, District of the Ohio, Nashville, Tennessee" a *Certificate of Disability*, according to the following form:
CERTIFICATE OF DISABILITY.
I declare on oath that I have carefully examined.....of Captain.....Company, Colonel.....Regiment of .....Volunteers, now at this place and under treatment by me, and find him incapable of performing the duties of a soldier for the following reasons: [Here state all the *facts* known concerning the disease or wound, or cause of disability; the time, place, manner, and all the circumstances under which the injury occurred or disease originated; the duty or situation of the officer or soldier at the time the injury was received or disease contracted; and whatever facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.]
Place:
Date: (Signed).
Surgeon [or Physician.]
Sworn and subscribed to before
This certificate must be subscribed and sworn to by a Surgeon or private Physician in good standing, and known as such by the magistrate or other officer by whom the oath is administered; and on it a discharge will be ordered from these Headquarters, or the case otherwise disposed o according to the circumstances.
3. The death of any officer or soldier which has occurred since the 1st of January last, while he was absent from his regiment or company, and which has been reported by the Surgeon of the Hotpital in which the death occurred, or by the friends of the deceased if not in Hospital, will be immediately reported by the Surgeon of the Hospital, or by the affidavit of friends, to "The Assistant Adjutant General, District of the Ohio, Nashville," setting forth the date of decease and other material circumstances.
4. All absent officers and soldiers who do not join their companies and regiments, or are not satisfactorily accounted for as above by the 10th of July next, will be reported on their muster-roll as deserters, dating from the time they may have been absent without authority.
By Act of Congress every deserter forfeits all claim on the Government for pay and allowances, besides being liable to arrest and trial by Court Martial. Any person who apprehends and returns a deserter to the commanding officer of a military post is entitled to five dollars.
By command of MAJOR GEN. BUELL.

This Society was organized in the year 1859, with a cash capital of $100,000 deposited irrevocably with the insurance Department of the State of New York, in United States bonds, on which it allows but seven per cent. per annum to the stockholders, and the entire profits of the business is shared by the policy holders. The nett profits in two years amounts to $229,000, which shows an unparalleled success in the history of Life Insurance. Its operations are managed by a Board of Directors composed of the the ablest business men of the country, and its business is conducted entirely on the cash plan. Dividends to the policy holders will be made every five years, and no Company in the country offers equal advantages to its dealers.

HOME
INSURANCE COMPANY,
NEW YORK.
Extract from Third Annual Report of the Superintendent of the Insurance Department of the State of New York. WM. BARNES, Superintendent.

There are now ninety-five joint stock fire insurance companies incorporated by the State of New York, engaged in the transaction of business; of these companies, fourteen only received premiums during the last year, amounting to over one hundred thousand dollars; four only received premiums above the sum of two hundred thousand dollars, and the premium income of one only exceeded three hundred thousand dollars. The premium receipts of this Company, the HOME, with a capital of $1,000,000, were $829,363.33. The premium income of thirty of the smaller companies was $854,278.65 only, with capitals, however, amounting in the aggregate to the sum of $4,900,000.
The state of things should be improved; the premium income of the mass of our fire insurance companies is by far too small for their capitals, and inadequate to the proper support of a separate and independent corporation. The experience of the HOME, PHOENIX, (of Brooklyn) and some other companies, has demonstrated that, with proper skill, tact and sagacity, business can be increased and managed to an indefinite extent, with entire safety, and even additional security to the company. We have now the machinery and organization in working order for nearly one hundred joint stock fire insurance companies. In the course of a few years their business can be easily doubled, and even quadrupled, without doubling or quadrupling the yearly expenses. Any considerable expansion of business must of course be mainly effected through the instrumentality of reliable, safe, and well managed agencies. The premium income of the HOME amounts to nearly one-eighth part that of the ninety-five companies combined, so that eight corporations like the HOME could control the entire business of all these companies. If each company transacted the same amount of business as the HOME the aggregate premium income would reach the enormous amount of over seventy-eight millions of dollars per year. Our companies are not too numerous for the great future of this country, if managed on the progressive scale demanded by the spirit of the American people.
The annual statement of this our foremost local fire and inland company, made up to the first of January last, shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, President, A. F. Wilmarth, Vice President, and John McGee, Secretary, those well accredited officers very justly say: "The well-known reputation of the HOME for fair and honorable dealing, together with its capital of one million dollars and surplus of over half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."
This is not saying one word too much for their company. The HOME is the crack company of our State, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the first of January last amount up to $1,521,268.08, against an actual liability of only $55,080.43; and, moreover, it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,431.14, very nearly enough to set up an ordinary company; bond and mortgages $9,0,210.53, secured on real estate worth $1,75,900, and then government and other stocks, equivalent to cash and convertible into cash any day, $820,635. Any one not satisfied with the security of the HOME as an insurance institution, must be hard to please.
In 1861 the HOME wrote $106,715,148, taking $829,993 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of ten per cent. was paid on the million capital; and after reserving an ample reinsurance fund, the company shows a "nett surplus" of $160,641 clear over capital and all claims, actual or possible, practical or theoretical.
The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

LA CROSSE AND ST. PAUL
PACKET COMPANY.
SUMMER ARRANGEMENT

During the summer of 1862, till the close of navigation, the LaCrosse and St. Paul Packet Company, having completely equipped their Line and made large additions to their business facilities, will offer to shippers and passengers on the river greater inducements and conveniences, and QUICKER TIME, than was ever offered by any company on the river.
All the boats on the Chippewa, Minnesota, St. Croix and the upper Mississippi rivers, and the different lines of stages north of LaCrosse, will, the coming season run to connect with the Davidson boats and the LaCrosse and Milwaukee Railroad.
The LaCrosse and St. Paul Packet Company will run a
PASSENGER AND FREIGHT LINE.
The former will number two first class boats—the nicest and fastest on the river. They will be the McCLELLAN and NORTHERN BELLE.—The first will be the Lightning Line, making the run from La Crosse to St. Paul in EIGHTEEN HOURS, and returning will leave here in the morning, and arrive at La Crosse in twelve hours time connected entirely on the cash plan. Dividends to the policy holders will be made every five years, and no Company in the country offers equal advantages to its dealers.

LIEUT. M. HOLL, of the Sigel Guards, was yesterday the recipient of a splendid sword, sash and belt, presented by his former employers and associates, Messrs. Borup & Champlin, and clerks.

ALLEN & COMSTOCK, of the New York Store, Minneapolis, are now receiving their Fall and Winter stock. New and beautiful styles of Delaines, Mohairs, Alpacaes, Scotch Plaids, Cloths and Cassimeres, &c., at former prices: also a variety of Ladies' Gaiters.

LE SUEUR HOSPITALITY.—We are informed that the people of the town of Le Suer have given free dinners to the various companies and squads of recruits, marching through that town for the Fort. Elder Saunders' Church was improvised into a dining hall for the occasion. Not less than 400 were thus fed in one day. We suspect the ladies had a hand in this.

FREEBORN COUNTY COMPANY.—The news of the levy of the second 300,000 was received in the remote county of Freeborn on Wednesday last, and in two days they had collected sixty men, and were on their way to Fort Snelltng, which they reached on yesterday. They were recruited by Captain James A. Robson, who seems to be the influential man among them.

MR. J. D. BROWN, Chief Clerk in the Surveyor General's Office, yesterday commenced recruiting for a company at Minneapolis for the Eleventh Regiment. Mr. Brown is a very competent and estimable young man, and will make an accomplished officer.

THE TREATY.—Commissioner Dole, Senator Wilkinson, Col. Thompson, and A. S. H. White, Esq., and others, left yesterday morning for Red River, to make a treaty with the Chippewas for the cession of the Red River country.

SPARTAN WOMEN.—If any State ever had cause to be proud of her women, that State is Minnesota. We hear of instances innumerable, of the heroic resignation of our women to the necessity which takes their husbands, brothers and sons to the ensanguined field. The men have left their acres of grain unshocked and often times uncut, to respond to their country's call, while the women have taken the field at home, keep their reapers agoing and take up and secure the grain; and soon, while the men are away thrashing the enemies of their country, they will be threshing out the golden harvest This is the most sublime era the world ever presented—the men abroad fighting, destroying and consuming, and the women toiling at home for their support. God bless our noble, patriotic women.

THE RUSH OF MEN TO ARMS.—From all parts of the State, "the cry is still they come." From the remotest corner and sparsely settled counties, squads, and even whole companies have made their appearance at the Fort—in many cases it being the first intimation that any attempt at recruiting had been made in those localities. On Sunday and yesterday large bodies of men were continually pouring in. There were three companies from the St. Croix, one from Goodhue, one from Wabashaw, one from Winona, one from Mower, one from Freeborn, one from Houston, and several from the Minnesota Valley. There are now reported at Fort Snelling over three thousand men.

In the Sixth Regiment, Captains Grant, Merriman, Baily, Whitney, Schoneman, and McLaren are full; Captain Bromley only lacked one or two men yesterday afternoon, and the Grenadiers are filling rapidly. Captain Woodward, from Houston county, is on the ground with nearly a full company.

In the Seventh Regiment, the Rice County Guards were reported full on Saturday. The Winona Rifles are full. Burt's company from Washington, and Chisago is full. Kennedy's company from Dakota county is reported full. The Goodhue Tigers number eighty-four. Gilfillan's company is to be consolidated with Buck's company at Henderson, and will then be full.

In the Eighth, there is no company yet filled.

In the Ninth, the Anoka Guards are full, the Young Men's Guards full, and Folsom's Washington County Guards full. Marshal's company numbers about sixty.

There are several other full companies, that have not been assigned position in any regiment—among them Capt. Davis' company from Blue Earth, numbering 118 men, and a great many squads from 30 to 75 men each.

The vicinity of the Fort is the most busy scene day and night. Squads and companies o f men are gathered in every direction, drilling, exercising or doing "heavy standing around."

ITEMS FROM THE FIFTH REGIMENT.—A private letter received at the recruiting office in this city for the Fifth Regiment, from a member of the regiment at Camp Clear Creek, near Corinth.

Capt. Eddy, of Company G, has been very sick, but is now on his feet again.

Capt. C. E. Clark, of Co. H, is still unfit for duty, on account of ill health.

Lieut. Houston, of Stillwater, the senior officer of Co K, is very sick.

Henry G. Baily, of Co. G, has been promoted to 4th sergeant of his company.

W. N. Barnes, of Co. I, has been promoted to hospital steward, in place of Ethridge, discharged.

Commissary Sergeant, Henry E. Wilkinson, has been discharged on account of ill health. Sergeant A. Remington, of Co. A, takes his place.

Col. Borgesrodie is still with the regiment.

Rev. John Ireland is still sick.

The boys *now* have plenty of peaches and apples, thanks to a change of policy.

LE SUEUR COMPANY.—A company from this county, organized under the auspices of Elder Saunders, who turned both his churches into recruiting offices, came to the Fort on Saturday, numbering 56 men. The elder returns immediately in company with G. W. Stewart to fill the company, and believes he will get the balance of his church. We stated the other day that Mr. Stewart had been commissioned Second Lieutenant, which was an error. Our misapprehension arose from the fact that Mr. S. was urged to take it, and we were not aware that it had been declined.

Put this on Record.

SHAKOPEE, Aug. 16, 1862.

Editors of the Press:

Lieut. Joseph R. Ashley, of the 10th regiment, late County Auditor of our County, has sworn in, up to this evening, 83 able bodied men. I learn that George Bradley, of Belle Plain, has sworn in 83 men. This is commendable for Scott County.

Scott County has furnished for the regiment already in the field, and for the two companies above stated, 309 men.—Put this on record—Shakopee has furnished, out of that number, 76 men. *Loyal* Shakopee; may God bless her.

Yours,
UNION.

Movements of Cassius M. Clay.

There will be a shade of disappointment felt by those who had hoped that the return of Cassius M. Clay would add to our army a live, fighting general, when they learn that, instead of entering the military service, he is about to resume his former position as Minister to the Court of St. Petersburg. Probably Mr. Clay, whose opinions on the subject of emancipation are so well known, is convinced that the recent decision of President Lincoln and the present policy of the government would debar him from carrying out his own views, and would render his mibtary system as obnoxious to the Government as was that of Fremont. He is personally popular with the Czar Alexander, and at the Court of Russia can, under the present circumstances, do better service to his country than in the field.

Mr. Clay will return to Russia about the first of October. He has been earnestly invited to give public expression to his views on the present crisis, and will speak in this city on Thurday or Friday of this week.

Mr. Cameron has already notified the Government of his desire to leave Russia, and, indeed, it is well known that he only intended to fill the position of United States Minister at St. Petersburg for a few months.—*Evening Post.*

STATE OF MINNESOTA, COUNTY OF RAMSEY—DISTRICT COURT, SECOND JUDICIAL DISTRICT.

Mary Magdalena Gable against Jacob Gable, Summons.

In the name of the State of Minnesota.

To Jacob Gable, the above named Defendant:

You are hereby summon d and required to answer the complaint in this action, which is filed in the office of the Clerk of said Court, and to serve a copy of your answer to the said complaint on the subscribers, at their office, in the city of St. Paul, within thirty days after the service of this Summons upon you, exclusive of the day of such service; and if you fail to answ-er the complaint within the time aforesaid, the Plaintiff in this action will apply to the Court for the relief demanded in said complaint.

H. J. BRAINARD & CO.'S
MILLS,
SITUATED ON PHALON'S CREEK, WHERE THE STILLWATER ROAD CROSSES.

This Mill is just completed, and is in good running order. Our machinery embraces all the latest improvements, and was got up in the East, without regard to expense. It has two run of Burrs, which will be kept running night and day, so that farmers coming from a distance can be accommodated without much delay.

The need of a first class Mill of this kind has long been felt by the citizens of St. Paul and vicinity. We have secured the services of James Craigie, who has made milling the business of his life, and in whom we can place entire confidence.

All kinds of grain will be weighed when brought to the Mill, and also when taken away, if desired. We feel confident in saying to the public that we can make as good Flour and as great a yield to the bushel as any Mill in Minnesota, and respectfully solicit a fair trial.

Also a new Mill for grinding corn in the ear.

☞ All work done at this Mill is warranted.

Milwaukee Market.

MILWAUKEE, Aug. 15.

There was a fair demand for wheat yesterday morning at Wednesday's prices, 94@95c for No. 2 in store, and 96c for No. 1. Only a few thousand bushels were sold at the depots.

Under the influence of favorable advices from the East and the probability of lower freights, prices advanced 1@1½c on Change. No 1 sold at 95½@95½c in store, No. 1 at 98c in store, and the same qualities delivered at 96c@1.00. The market closed firm at 96c for No. 2 and 99c for No. 1 in store—sellers generally holding for 97½@1.00.

Holders of flour were firmer, but there was no perceptible improvement in the demand, and no sales reported.

Coarse grains were firm, and oats and corn quoted 2c@c higher.

Wool firm at our quotations.

Grain freights were very dull. Vessels were offered freely at 7c for wheat to Buffalo, but could not get over 6½c.

A dispatch from Chicago to the Chamber of Commerce quoted No. 1 wheat at 99c, No. 2 at 93c and freights—erroneously—at 9c on corn to Buffalo. Private dispatches reported freights dull at 7c.

FRIDAY, 10 A. M.

Under the favorable tone of last evening's report from New York, the wheat market opened at a further advance of 1c this morning. There was a good demand for No. 1 spring at $1.00 in store, and for No. 2 at 97c. The same grades delivered sold at 98c@1.00. About 25,000 bushels changed hands at the depots. Receipts will not be much over 80,000 bushels.

BUSINESS LOCALS

WE are pleased to learn of the continued good success of the Mutual Life Insurance Company of Wisconsin, throughout the northwest. This, in fact, is the only Life Insurance Company, whose interests are identified with the northwest, and whose patrons are not liable to be affected by the high rates of exchange, that often rule in favor of eastern cities. This Company selects its risks with the greatest care, and confines its business to WISCONSIN, MINNESOTA, and NORTHERN IOWA, the healthiest section of our Union, and as a consequence the ratio of loss, to amount insured, is very small, amounting last year, to only a little over one-fourth of one per cent. It stands among the first companies in the country, in point of security for its policy holders, and first in promptness to pay losses. This Company grants WAR PERMITS to all its members, and to all who may insure, and afterwards enlist, or be drafted, into the service of the United States. For particulars enquire of

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold TWENTY-SEVEN THOUSAND. These instruments are now in use not only in the United States and Canada, but also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held.

AT ALL INDUSTRIAL EXHIBITIONS THEY HAVE INVARIABLY BEEN AWARDED THE HIGHEST PREMIUM WHENEVER EXHIBITED IN COMPETITION WITH OTHERS.

We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

Agents for the sale of our Melodeons may be found in all the principal towns of the United States and Canada.

REMOVED.

EYE & EAR.

DR. UNDERWOOD

Of Chicago, Ill., the eminent and skilful operator on the Eye and Ear, whose name and fame is so extensively known throughout the United States, for his science, skill and success in performing formidable operations, and in removing difficult and dangerous diseases from those delicate organs, has arrived in St. Paul and may be consulted in INGERSOLL'S BLOCK for a short time only.

Dr. U., who is a regular Physician and Surgeon of the old school, has had an extensive experience in both hospital and private practice of twenty-eight years, and will be found competent to perform any operation necessary to restore lost sight or hearing, or by other mild and gentle means to remove any disease from those delicate organs within the reach of science and human skill.

CHRONIC DISEASES, of every grade and character, whether requiring medical or surgical treatment, POSITIVELY and PERMANENTLY CURED, when not clearly beyond the reach of science and human skill.

Dr. Underwood treats all diseases on regular and scientific principles as recognized by the medical profession both in Europe and America, and hence does not use or deal in those pretended new and never failing remedies—specities, inhaling vapors, and clairvoyant prescriptions—which are so ostentatiously paraded before the public by those impudent travelling quacks and money-fleecing empirics, nine-tenths of whom never were inside of a medical college. Patients afflicted or laboring under diseases of long standing, can consult Dr. U. with the most confident hope and expectation of being perfectly cured, or receiving with unerring certainty all he has promised, or that the highest skill, the most liberal and the relief scientific treatment can possibly bestow.

NEWS OF THE MORNING.

The most intense excitement prevailed, to a late hour last evening, respecting the news from the Indian agency, reported in our columns. Gov. Ramsey has sent troops to the scene of action.

The telegraphic news is interesting and important.

Intervention is shelved for the present.

Garibaldi seems determined to strike for Rome.

Col. Corcoran represents the strength of the rebels as greater than ever before, and the peril of the hour imminent.

Two rebel steamers have escaped the Tuscarora.

Federal forces are reported as successful in the South, but defeated, probably, near Lexington, Missouri.

COLONEL OF THE SIXTH REGIMENT.

We learn that a commission has been issued to Captain Anderson D. Nelson as Colonel of the Sixth Regiment of Minnesota Volunteers. It is a good appointment; none better. Although an officer of the regular army, Captain Nelson has been so long on duty in Minnesota, (almost continually since 1848,) that he may rightfully be considered a Minnesotian.—Captain Nelson graduated at West Point, July 1st, 1841, and entered the service as second lieutenant in the eighth infantry. He has thus been in the service over twenty one years—fourteen of which, as above, have been spent in Minnesota.

QUARTERMASTER OF THE SIXTH REGIMENT.

Hon. Henry L. Carver, who volunteered in the Young Men's Guard of this city, has been commissioned Lieutenant and Quartermaster of the Sixth Regiment. Mr. Carver is an excellent business man, and will make an accomplished officer.

His appointment will be hailed with satisfaction by a multitude of friends, for there are few men in the State possessing the personal popularity of Henry L. Carver.

YELLOW MEDICINE AGENCY.

We publish in another column an interesting letter from Rev. S. R. Riggs, respecting the Dakota bread riot, at the Indian Agency.

We are apprehensive that the conflict has been renewed since the date of that letter. A gentleman now in the office, reports that a messenger has just arrived from the Agency, stating that there was a disturbance on Sunday; that Major Lynd has been shot, that Mr. Galbraith has disappeared, no one know when nor where, that fears are entertained for his safety, and that Gov. Ramsey has just started to the Fort, for the purpose of sending troops to the Yellow Medicine Agency.

PINE ISLAND.

This little town in Goodhue county has never cast more than 148 votes; yet it had furnished 76 men for the war a week ago, and we since learn that the number has gone up to 90!

Besides this, over $500 were contributed at a war meeting lately held there, by those who stay at home, for the aid of the families of the soldiers.

Bully for Pine Island!

Who Will Not Volunteer!

We clip the following from the Boston *Journal*, and commend it to the attention of all who have refused or hesitated to volunteer in defense of our country:

"Hereafter, when the Union shall have risen redeemed and renewed from this baptism of blood, how will these delinquents feel? Will they want to rehearse to their children any of the stirring passages of this drama which will then have almost superceded in interest the story of the Revolution of '76! 'Did *you* ever see a battle?' 'What part of the army was you in?' 'What! a million of soldiers called for, and you not go at all—why?' Who wishes, in his declining years, to face a battery of such questions? But it is not alone in domestic circles that the heavy penalty of present recreancy will have to be paid. We may be sure that hereafter, in politics, in business and in the regards of the community, a wide distinction will be drawn, separating from all others, the young man who had no valid excuse for staying away from this war and yet did so. Common rectitude and common sense require that this should be so. What, the country in imminent peril and saved only by the blood of thousands, yet those who turned their backs upon her to be regarded as well as those who ran every risk in her service? Never! Let no young man delude himself on this point."

TO ENROLLING AND DRAFTING OFFICERS.—It will be seen from General Order 99 of the War Department and 25 of this State, that all reasonable and necessary expenses incurred in the enrollment and drafting of the militia, will be paid by the General Government, and proper compensation for the services of officers.

DISFRANCHISEMENT OF THE SOLDIER.

The *Pioneer* of yesterday calls attention to this subject. It is not the least of the hardships of the citizen soldier, that he is practically deprived of the opportunity of exercising the right of suffrage—all the more his right, from the fact that he is willing to sacrifice his life for the defence of the country.

When all the regiments called for from the commencement of the war shall have been filled to their maximum, there will have gone into the field from this State, twelve thousand men; of whom, at least ten thousand may be supposed to have a legal right to a voice in the selection of representatives in the State and National Councils. These men are absent from the State for the public weal, at the call of the country, and for the defence and maintenance of our institutions; and yet while in the field, there is no law, so far as we know, authorizing them to participate in the formation of the laws, and direction of the government of the State and nation.

They are for the time being, practically, disfranchised. It may be a small matter, that the partizan politics of a county or State be changed, on account of the absence of so large a number of the legalized voters: it is a serious matter that the citizen soldier is deprived of the prerogative of a freeman—the right of suffrage, especially when it is considered, that he must be governed and his interests affected by the laws which may be made, not only while in the field, but after his return home.

We agree with the *Pioneer*, that the difficulty should in some way (if possible) be obviated, and heartily concur in commending the subject to the attention of the proper authorities.

We do not see how the object can be accomplished without an extra session of the Legislature. But would not an extra session be more than justified by the necessities of the case? Without it, *one-third of the entire voters of the State are disfranchised*—the patriotic men all deprived of the highest privilege of citizenship, and the administration of civil government surrendered to the unpatriotic and semi-disloyal who remain at home. It is notorious that entire classes of the people are not volunteering at all. Are these semi-traitors to be left to control elections? It would be an outrage upon the loyal and patriotic that no consideration could justify. Let the press of the State speak out on this question, and demand, in behalf the noble men who have gone forth to fight the battles of the nation, that they be not disfranchised, and that prompt action be taken to remedy the impending evil. The time is short, but the Legislatures can be convened in 30 days—the election postponed until November, and measures adopted for taking the votes of all our volunteers.

Says the *Pioneer*:

There ought to be some means devised by which the volunteer can have his rights saved to him, and the free and full enjoyment of them guaranteed. The act of enlistment, which marks him a hero, ought not, also, to brand him as inferior to the meanest coward who ties himself to apron strings that he may not be spirited away from the safe seclusion of home. The volunteer should be a voter; and none the less that he is a brave man and a patriot.

And, profoundly impressed, as we are, with the rights and wrongs involved in this question, to the thousands of brave volunteers who have gone, and will soon go, beyond our borders, to preserve our own security, and the unity and honor of the nation, we earnestly commend it to the attention of the State authorites, for their earnest and prompt consideration.

AN INDIAN RAID.

Yesterday noon Mr. Wm. H. Shelley arrived in this city from St. Peter, which place he left Monday evening, with dispatches from Thos. J. Galbraith, U. S. Sioux Indian Agent, stating that there had been an outbreak among the Sioux at Red Wood, firing into stores, buildings, and killing and laying waste everything within their reach. Before evening, other messengers arrived bringing the following dispatches:

(Copy.)

HEADQUARTERS, FORT RIDGLEY, MIN., Aug. 18—8 P. M.

COMMANDING OFFICER, FORT SNELLING:

Capt. Marsh left this post at 10½ o'clock this morning, to prevent Indian depredations at the Lower Agency. Some of the men have returned. I learn from them that Capt. Marsh is killed, and only thirteen of his Company remaining. The Indians are killing the settlers, and plundering the country. Send reinforcements without delay. Respectfully,

THOS. P. GERE, 2d Lieut., Co. B, 5th Reg. Min. Vol.

Please hand this to Gov. Ramsey.

ST. PETER, Aug. 19—4 P. M.

GOVERNOR, SIR:—A second dispatch has arrived from the Fort. Capt. Marsh, on hearing of the fight at Redwood, went with 50 of our Company—only thirteen came back. The Capt. was wounded and drowned.

The messenger is at the door, and I close. I leave in half an hour for the Fort, with fifty armed men.

N. K. CULVER, 1st Lieut., 5th Reg. Min. Vols.

P. S.—Five hundred men are needed.

Messengers have also arrived from Mankato, bringing information from New Ulm that the Indians were on Monday marching from Red Wood down to that place, murdering the people, destroying grain, and creating the greatest consternation throughout the valley.

Mr. George C. Whitcomb, of Meeker county, also came to town yesterday, bringing news of an Indian massacre in the town of Acton, in that county, some forty or fifty miles from the scene of the other disturbance. It seems that seven or eight Indians came to the house of Mr. Jones, the post-master, on Sunday last, and evincing an unfriendly disposition, Mr. J. locked up his house, and with his wife went to the house of Mr. Howard Baker, a neighbor, where they were followed by the Indians. The Indians proposed to go out and shoot at a mark, and after getting out of the house, all of a sudden they turned and fired upon the party, mortally wounding Mr. and Mrs. Jones, Mr. Baker and a Mr. Webster. Mrs. Baker, with a young child, got into the cellar and escaped. The Indians then returned to Jones' house, which they broke into, and killed an adopted daughter of Mr. Jones, who had been left there. Those wounded all subsequently died.

On the receipt of the foregoing, the Governor last evening ordered four companies from Fort Snelling immediately to the scene of action. They were placed under the charge of ex-Governor Sibley, whose long acquaintance with the Sioux, it is supposed, renders him the man for the emergency, in case it is deemed policy either to negotiate, or to fight.

The steamers Antelope and Pomeroy were yesterday detained to take the troops to Shakopee, from which point they will be furnished with land transportation,

THE RESERVE.

Heretofore, in the conduct of the war, our commanders in the field have been without an available heavy reserve, so that, as at Manassas, the day was lost, even after a victory seemed to have been won.

When General McClellan, before Richmond, asked for reinforcements, there were none to send, as Mr. Lincoln states in his speech at the war meeting at Washington. So extended is our line, that it requires an immense force to maintain it—and when the enemy, massing and concentrating his troops, assails any particular point, there is danger of defeat. The attempt has been made to conquer a peace with an army just large enough to do the work, without an adequate reserve from which to supply any want from defective distribution, or to meet any unexpected exigency.

The second call for 300,000 troops by draft will, it is supposed, supply this service, and form an army not only grand and massive in its assailing front, but also in its protecting rear; so that any menaced position can be strengthened without weakening the main line.

THE HUNTER-PHELPS IMBROGLIO.

We referred in a former number of THE PRESS, to the difficulty between our commanders in the Southern Department, in regard to the use to be made of the negroes coming within our lines.

The following letter from Gen. Butler to Gen. Phelps, throws more light on the subject:

HEADQUARTERS, DEPARTMENT OF THE GULF, NEW ORLEANS, August 2, 1862.

GENERAL—I was somewhat surprised to receive your resignation for the reason stated.

When you were put in command at Camp Parapet, I sent Lieutenant Weitzel, my chief engineer, to make a reconnoissance of the lines of Carrolton, and I understand it was agreed between you and the engineer that a removal of the wood between Lake Pontchartrain and the right of your entrenchments was a necessary, military precaution.

The work could not be done at that time because of the stage of the water and the want of men. But now both water and men concur. You have five hundred Africans organized into companies. You write me this work they are fitted to do. It must either be done by them or my soldiers, now drilled and disciplined. You have said the location is unhealthy to the soldiers—it is not to the negro. Is it not best that these unemployed Africans should do the labor. My attention is especially called to this matter at the present time, because there are reports of demonstrations to be made on our lines by the rebels; and, in my judgment, it is a matter of necessary precaution thus to clear the right of your line, so that you can receive the proper aid from the gunboats on the lake, besides preventing the enemy from having cover. To do this the negroes ought to be employed, and in so employing them I see no evidence of slave driving or employing you as a slave driver.

The soldiers of the army of the Potomac, did this very thing last summer, in front of Arlington Heights. Are the negroes any better than they? Because of an order to do this necessary thing, to protect your front, threatened by the enemy, you tender your resignation and ask immediate leave of absence. I assure you I did not expect this, either from your courage, your patriotism, or your good sense. To resign in face of an enemy has not been the highest plandit to a soldier, especially when the reason assigned is that he is ordered to do that which a recent act of Congress has specially authorized a commander to do—*i. e.* employ the African to do the necessary work about a camp or upon a fortification. General, your resignation will not be accepted by me; leave of absence will not be granted, and you will see to it that my orders, thus necessary for the defense of the city, are faithfully and diligently executed, upon the responsibility that a soldier in the field owes to his superior. I will see that all proper requisitions for the food, shelter and clothing of these negroes at work are at once filled by the proper department. You will also send out a proper guard to protect the laborers against the guerrilla force, if any there be in the neighborhood.

BENJAMIN F. BUTLER, Major General Commanding.

WHEAT CROP OF OHIO.

The wheat crop just gathered in Miami county, and for the most part throughout the State, is the best and largest produced in Ohio since 1850, when it was 31,000,000 bushels. The crop of this year will probably be equal in amount to that.—After 1850, the crop of Ohio declined until 1854, when it was only a little more than one-third of the maximum, viz: 11,889,110 bushels. The consumption of the State, for food and seed, is about 13,000,000 bushels, leaving a surplus this year for export at 17,000,000 bushels.

THE CITY.

MERRILL has received Army Regulations; Handy Book for Soldiers: Atlantic Monthly for September. This is an excellent number, containing Gabriel's defeat and many other interesting papers. Also, a supply of Harpers' Magazine for August.

EXCURSION TRIP.—The Clara Hine will make an excursion trip to the Fort next Sunday afternoon, leaving at half past one, and returning at 6 in the evening. The Great Western Band will be "thar."

THE Goodhue Guards, numbering 97 men, have been organized by the election of R. N. McLaren, Capt.; H. B. Wilson, 1st Lieutenant, and Geo. W. Parker, 2nd Lieutenant.

TWO Companies from Fillmore county are full; one recruited by Judge Marsh for the 7th regiment; one by Sam McLarty of Chatfield, which has not been assigned as yet to any regiment. They have not yet left the county.

ALL the members of the Young Men's Guards, Ninth Regiment Minnesota Volunteers whose furloughs expire on the 21st inst., will report to Lieut. Chas. J. Stees at Fort Snelling at 5 o'clock P. M. on that date. D. H. VALENTINE, Capt.

ORLO ROGERS, O. S

St. Paul, August 19th, 1862.

WAR COMMITTEE'S FUNDS.—At the meeting on Monday evening, the Treasurer of the War Committee submitted a statement showing the number of bounties paid to be 235—making a disbursement of $11,750, and $358.82 above the amount collected. The total amount of subscriptions are $13,418, leaving a balance to be paid in of $1,674.

HON. H. W. BURT'S Stillwater Company was organized yesterday by the election of Mr. Burt Captain, Carpenter A. Winslow 1st Lieutenant, Frank H. Pratt (late of the Taylor Falls *Reporter*) 2nd Lieutenant.

The Company is composed of noble stalwart men, and numbers 101—full to the maximum.

A GOOD SUGGESTION.—The *Pioneer* suggests that the War Committee buy up a large amount of wood now while it is cheap, for the benefit of the families of volunteers this winter. This is a practicable suggestion, though perhaps more appropriate for the city to undertake. The city will have to pay $5 a month to more than one hundred families this winter, and these families will on an average consume six cords of wood. Now if the city should purchase 500 cords at $2.50 per cord, and let these families have it at cost, it would save them perhaps one dollar on each cord, and be no expense to the city. This will bear looking into.

A GOOD SUGGESTION FROM THE MAYOR.—The Mayor embodied a suggestion in a communication to the Council, yesterday, which we approve very much. It is that the police be all discharged, with the exception of Chief and Captain, and that a volunteer night patrol be employed, to consist of sixty citizens from each ward, two of whom from each ward to be employed each night, without pay. It is believed the night police would be very much improved by this operation, and the expenses of the city reduced about $250 per month—equal to the aid furnished to fifty families.

BOUNTY FOR RECRUITING THE OLD REGIMENTS.—At a meeting of the War Committee on Monday evening, it was resolved, inasmuch as the quota of Ramsey county for the new levy had been filled, to offer a bounty of $25 per man for enough men to make up our quota for filling the old regiments. It is supposed that it will be necessary to raise sixty men. The bounties which each recruit will receive, therefore, are $25 from the War Committee, $20 from Government, and $13 advance pay, making $67 money down. Those desiring to enlist can have their choice of regiments, by applying to the proper recruiting office.

TO CANDIDATES FOR SURGEON AND CHAPLAIN.—Candidates for surgeons and assistant surgeons in the regiments now forming must remember that the Examining Board meets at the Capitol on the 23d inst., and that they must procure certificates of competency from this Board before they can be appointed. It is also important to bear in mind that chaplains are not appointed by the Governor, but by the officers of the various regiments, upon consultation with the privates.

General Headquarters, State of Minnesota.

ADJUTANT GENERAL'S OFFICE, ST. PAUL, Min., Aug. 19, 1862.

[SPECIAL ORDERS NO. NINETEEN.]

In view of reported Indian Difficulties in the counties of Meeker, Brown and Renville, calling for the immediate interference of Government, Col. Henry H. Sibley is hereby directed to take charge of a military expedition for their prompt suppression, and to restore the peace and quiet in those settlements.

I. Col. Smith, commanding the place of General Rendezvous, at Fort Snelling, will forthwith detail four companies of his command to be placed under charge of Col. Sibley.

II. Col. Sibley will proceed without delay with said four companies to our frontier, and will collect in addition on the way such forces of mounted infantry as he may deem advisable.

III. Col. Sibley is hereby authorized to provide all necessary subsistence and transportation for the troops under his command.

IV. Capt. Webb will act as Adjutant to Col. Sibley on said expedition.

V. Mr. Mills is hereby appointed Quarter-Master for this expedition.

By order of the Commander-in-Chief.

LATEST NEWS.

BY TELEGRAPH TO ST. PAUL.

WINSLOW'S LINE.

FROM WASHINGTON.

Rumored Movement of Troops.

RETURNED PRISONERS.

Speeches of Col. Corcoran and Others.

WASHINGTON, Aug. 18.

[*Special to Times.*]—The *Times* of this morning says, of various reports of movements of the army of the Potomac, the explanation is simply that McClellan stayed till the last, and that the Government Department gave prominence to his location, while permitting nothing to be said about that of his army.

Apprehensions begin to be expressed that rebels finding it impossible to pursue McClellan, for want of transportation, will suddenly concentrate by means of their arms in Pope's front at Gordonsville and make a desperate effort to overwhelm him before support can now reach him. No fears are expressed of danger from such a plan, but the probability of its being attempted causes the expectation of a speedy removal of active work beyond Culpepper.

It is stated that at the rate new levies are now moving forward to their destination, sixty thousand reinforcements could be given Pope and McClellan within a week.

The demonstration to-night in honor of returned prisoners, was very enthusiastic. Hon. Alfred Ely first spoke, and was followed by Cols. Corcoran and Wilcox.—The latter said he believed the rebellion is greater now than six months ago; and gave his views to show that so far as the resources of the enemy being less, they are greater than when everything was lying around loose; but the rebels have organized and systemized their plans. We must rise and put down this rebellion, or it will put us down. He was followed by Lieut. Col. Bowman, and others.

FROM THE PENINSULA.

Harrison's Landing Evacuated.

NEW YORK, August 19.

(*Tribune's Letter.*)—Harrison's Landing is evacuated without a struggle, without a blow, without even the loss of a single man. The immense army of the Potomac, officers and men, and baggage stores, tents, horses, ammunition and contrabands, are now far away from Harrison's Landing, leaving it deserted and desolate.

All agree that the whole affair was admirably executed on Monday last. McCall's division received orders to strike tents, provide six days' rations, and be ready to move at a moment's notice, at 9 o'clock at night. The whole division arrived at the wharf and embarked quickly on steamers, and left the Landing sometime during the night for Acquia Creek, as is supposed.

At Fortress Monroe orders were given that no more vessels loaded with supplies should proceed farther than Fortress Monroe; and on Wednesday ten days rations were served to the army, which was required to be in readiness to move at an hours notice. On Thursday the army commenced evacuating. All the seige guns were removed from the front, and safely embarked on Thursday on board of barges and schooners. Porter's corps led the van of the overland portion of the army. Thursday night and Friday evening every tent was struck, and then for the first time was it generally understood that the whole army was about to evacuate Harrison's Landing.

On Thursday night fifty sail vessels left the different wharves, loaded with stores, and yesterday the remainder of the stores were placed on boats and steamers.

All the cavalry that remained, before the final departure of the land forces, acted as pickets, and a strong rear guard of infantry and artillery was placed to protect the baggage train.

The sick and wounded who remained in the different hospitals were placed on board the regular steamers belonging to the Sanitary Commission, at Long Wharf, and were among the first to move out into the stream.

Contrabands were shipped on barges, schooners and pontoon boats.

Gen. McClellan and most of his staff went by land.

Important from Missouri.

REBEL WAR ORDER.

LEXINGTON, Mo., August 18.

Brigadier General Lane has reached here with reinforcements, rendering the safety of this place certain.

The gunboat Werner is also here, which can do valuable service in case of an attack.

Some of Quantrell's general orders have been found near here. They ask all persons wishing to escape being drafted into the Federal army to join his camps, where they will find arms and ammunition to operate against the Federal troops at every possible point. They also state that every man liable to be drafted into the United States army who is found going into a Federal military post, or any person who is known to have reported to any military post the whereabouts of any Southern men shall be shot wherever found. Also any one known to have paid money to the Federal Government to exempt him from military duty, is liable to have his chattle property taken for the use of the Southern army.

These orders emanated from the commander of forces recognized as regular soldiers by the rebel Secrtary of War.

Nomination for Congress.

Union Convention assembled here today, unanimously nominated Hon. M. R. Waite, of this city, to represent this district in Congress.

SLIDELL AND NAPOLEON!

Lord Palmerston---No Intervention!

The Times on Paper Currency.

Two Rebel Steamers Escaped.

Garibaldi Going to Rome.

Per Europa: It is urged that in Slidell's interview with the Emperor Napoleon, upon whom he urged the recognition of the Southern Confederacy, Napoleon is said to have admitted the cogency of the arguments held forth by Slidell in favor of such a course, but said the greatest barrier to the South had been the objections of England.

Lord Palmerston, in a speech delivered at Sheffield, again advocated no interference in American affairs.

Mr Roebuck made a speech on the same occasion, but took an opposite view from that of Lord Palmerston, and urged the claims of the Confederacy to be such as entitled them to recognition by England.

Another account says that the rebel envoys at Paris and London had demanded the recognition of the Southern Confederacy, and it is said that England refused the demand, but France had not yet replied.

The Paris Bourse closed very dull on Saturday. Rentes are quoted 68f. 2c.

ST. JOHN, August 19.

The United States steamer Tuscarora arrived at Kingston on the 9th.

The *Times*, of Saturday, has an editorial expatiating on the diminutive paper currency in America. In another article it reviews the conduct of America in regard to the commerce of Nassau. It questions the policy of carrying out their powers to their full extent, but says Lord Palmerston is perfectly right in tolerating a claim which it may be hereafter the interest of his own country to enforce.

The Confederate steamers Merrimac and 290 both succeeded in escaping from the Tuscarora.

Breadstuffs closed quiet but steady.

It is stated that Garibaldi refuses to obey Victor Emanuel's proclamation. It is also stated that he held a council of war on the 4th, at which it was determined to march to Rome, notwithstanding remonstrance from Turin. The enthusiasm for Garibaldi in Sicily was tremendous, and it was reported that he would soon be at the head of 50,000 men.

Rumors of Battle near Lexington.

State Forces Defeated by Rebels.

ST. LOUIS, August 19.

Hon. John S. Phelps, Military Governor, and Wm. W. Stwitzler, Secretary of State of Arkansas, left yesterday for Helena, Arkansas.

Colonels McNeil and Guitar have been promoted Brigadier Generals of enrolled militia, for recent battles with guerrillas.

The city was full of vague rumors yesterday, that a fight occurred on Friday last near Lexington, between about 800 Federals and Quantrell's Hays' and Hughes' guerrillas, in which the Federals were defeated, but no official advices have as yet been received. Passengers by the Pacific railroad however bring reports that a fight did occur on Friday at Lone Jack, Jackson county, about twenty miles southwest of Lexington, between a party of Colonels Phillips' and Crittenden's regiments of State troops 800 strong, and about 3,000 rebels under Quantrell and other guerrilla chiefs, resulting in the defeat of the State forces with a loss of 200 killed and wounded, and two pieces of artillery. The official accounts are expected to-day.

Rebel Forces at Cedar Mountain.

Officers Killed at Baton Rouge.

NEW YORK, August 18.

From an official report made by Col. John S. Clark, aid-de-camp to Major General Banks, it is shown that the total force of the rebels engaged in the recent battle near Cedar Mountain, was 24,913.

A Baton Rouge letter in the *Times* says, that among the officers killed were Lieutenants Latham and Salye, Lieut. Col. Keath, Major Hays, Captains Campbell, Grimsley and Kellor.

Gen. Stone at Liberty.

NEW YORK, Aug. 19.

The *Times* says, we learn that Col. Chas. P. Stone, U. S. A. and Brig. Gen. of Vols, who has been for many months confined in Fort Lafayette, is at liberty and stopping with his family in this city. It not being certain whether Gen. Stone was or was not guilty when imprisoned, his discharge untried throws a fearful burden of responsibility upon the Government.

Our Pickets driven in near Romney

BALTIMORE, Aug. 19.

A dispatch from Gen. Kelley at Cumberland says that his pickets were fired on at Romney road yesterday P. M. and one man mortally wounded. A force sent in pursuit, overtook a party of bushwhackers, near North River Mills, attacked them and killed the notorious guerrilla Bob. Edwards, the rest escaped.

Vallandigham and Rebel Sympathizers.

MEMPHIS, August 16.

The Grenada *Appeal* of the 13th, states that the federals took possession of Bayou Sara on Monday the 11th, seizing all the sugar and molasses, and quartering a garrison there; also that the rebels have been reinforced in Arkansas, that the ordnance stores have been increased, and that Gen. Holmes has assumed command of that State.

The *Appeal* contains a long editorial, in which it says the sooner we cease to look for foreign aid or European interference, the better for all concerned. The writer also designates Vallandigham, Wood, Pierce, and Seymour, of Connecticut, with some half dozen other prominent men, as the only true friends the South can count upon in the North.

A Village Destroyed.

NEW YORK, Aug, 19.

There was recently a village named Donaldsonville, formerly the capital of Louisiana, on the Mississippi River, 82 miles above New Orleans, having become infested with rebel guerrillas, who made a business of firing upon Union boats, even upon transports filled with sick and wounded. The Captain of the sloop-of-war Brooklyn, on the 9th inst., sent word to have the women and children removed, and the village of Donaldsonville was obliterated by fire.

The Dakota Bread Riot.

For the St. Paul Press:

You will have heard before this of the riot which took place at the Yellow Medicine Agency on Monday, the 4th, inst., which resulted in the breaking in of the door of the warehouse where the Indian goods and provisions are stored, and taking therefrom a number of bags of flour.

There was then in the neighborhood more than four thousand Indians They had been waiting then three weeks for their annuity money. Eight days had passed since the agent had enrolled them. Provisions had been given out to them at several different times, in quantities not large, compared with the number of hungry mouths to be filled. On Saturday morning they had received the meat of five beef cattle, which gave them hardly a pound apiece. Some of them were getting a little flour from the trading houses, on credit. Some also shot a few pigeons and ducks. But with the majority of these four thousand Indians, what was received from the agent was eked out only by what they stole from the fields of half grown potatoes. I think their necessities were not fully understood.

Of the transactions of Monday morning I only heard by the hearing of the ear; but I can readily imagine the men in force, some on horseback, some on foot, with guns and hatchets, marching down and taking the white soldiers, as well as the agent and employees, by surprise—the crowd rushing on without much delay to the door of the warehouse, and when one fell to cutting it with an axe, others were called upon to help; and after a while the soldiers in camp are aware of what is being done, and a field piece is turned around toward the multitude, and and a squad of soldiers are marched up to the warehouse, who stop further proceedings, but are not able to retake the flour that is already carried out. I can imagine all this, and how *near* both parties came to a deadly conflict of arms, which did not take place.

On the morrow I was personally cognizant of the state of things as it existed both at the agency and in the Indian camps. It was a state of fear on both sides. When the Indians flocked down to the agency on Tuesday morning, as at other times, a couple of arrests were made, which drove them all back in hot haste to their camps. In a very short space of time the white tents that covered the plain in the vicinity of the Yellow Medicine, were struck and removed to a distance of from two to four miles. This was reported at the agency as a war movement. A corresponding move was made at the agency. Some of the ladies were sent down to Red Wood for safety, and others were gathered into the agency building; the guns and pistols were loaded; the field pieces and troops to cover them were placed in a position of defense; picket guards were thrown out, and everything looked like war.

In the mean time word had been carried to the Indian camp that seven men had already been put under guard, and that the soldiiers were coming for the others who had been engaged as principals in the affair of yesterday. Between the parties so excited, and so in fear each of the other there was need of a mediator. The commanding officers desired, if there was any thing between the lids of the Bible which would bring the Indians to their right minds, it might be brought to bear upon them. The task was not impossible; it required a little time and work.

In the evening, when the sun went down, the thirty-six Dakota Chiefs here had talked with their father, (the agent,) and had acknowledged their offense, and expressed their sorrow and shame on account of it, and again this part of the Indian empire was *peace*.

I may say in regard to the Indians, Mr. Galbraith has managed this thing prudently—wisely.

A Defense of Colonel Lester.

ROCHESTER, MINN., Aug. 14th, 1862.

Editors of the Press:

I enclose, herewith, an article from the Winona *Republican* of the 13th inst., which I respectfully ask you to publish in the PRESS. The sentiments therein expressed are, I believe, reiterated by every officer of the Third Regiment who was not prejudiced against Col. Lester, previous to the unfortunate affair at Murfreesboro. There are some, I am sorry to say, who, having been justly dealt with by Col. Lester, are now ready to deprive him of his hitherto unstained character: and what is still more contemptible, their charges are made at a time when he is a prisoner in the hands of the enemy, and consequently has no chance to defend himself.

As Adjutant of the Third Regiment, and Acting Assistant Adjutant General for the two months Col. Lester was in command of the 23d Brigade, my connection with him has been continuous since January last; and I have yet to discover in his character any trait that borders in the least upon cowardice. Indeed, his gallant conduct at Bull Run and Ball's Bluff is sufficient to refute the statements of his slanderers. And again there are those who love to cling to him for what he has been, *and still is*. Until some more conclusive evidence appears than that yet presented, of his inability to command, I shall be most happy to count myself among that number. It is my firm belief that, upon his release, he will completely exhonorate himself from the malignant assaults of his enemies: and until that time arrives, I respectfully ask that the public withhold their opinion.

Respectfully Yours,
C. H. BLAKELY.
Adjutant Third Minnesota Volunteers.

Hitherto we have, for sufficient reasons, said nothing to counteract the fierce crusade entered into against the character of Col. Lester, of the Third regiment, by certain persons connected with the regiment, and not a few in this State, who have taken up the loose and indiscriminate charges of his accusers, spreading them abroad with all the celerity, and in the most exaggerated form, possible. And even now we desire only to enter our protest against the unjust policy of maligning a brave man while he is known to be in a position where he can neither expose the false assertions of his enemies nor say a single word in his own behalf. We still designate him by the term "brave," notwithstanding he is unqualifiedly charged with cowardice: and we are justified in so doing, if for no other reason, simply because no man should be deemed guilty of an offense until he is proved guilty by competent witnesses. Should it be authoritatively shown hereafter that Col. Lester really exhibited cowardice, or any other unsoldierly quality, we shall of course regret the fact, but shall, nevertheless, not seek to pervert the truth by extenuating his faults.

Our readers are doubtless all familiar with the charges so vaguely preferred against Col. Lester, in connection with the surrender at Murfreesboro. The most virulent assault upon him was made by the surgeon of the regiment, a certain Dr. Butler, who, we are credibly informed by an officer of the same regiment, had been reproved by Col. Lester for unskillfulness in his profession, and subsequently sought, in the manner intimated above, to vent his spleen against the unfortunate commanding officer. Dr. Butler himself, be it remembered, is charged with having, at the time of the surrender, basely deserted the wounded soldiers, and of seeking safety for his carcass in flight. Another accuser was a person named Martin, from Wabashaw county, who entertained a spite against Col. Lester because of his (Martin's) reduction to the ranks for habitual drunkenness. Such is the character of the men who, openly and over their own signatures, have attacked Col. Lester. We ask, are such accusations made by accusers like these, to weigh against the character of a man who has both proved himself an accomplished soldier on the battle field, and a most worthy citizen at home?

In honorable contrast to the policy of thus meanly attacking a man who is without the opportunity of saying a word in self-defense, we find that other members of the regiment, with no private resentments to gratify, come forward to the defense of their imprisoned commander, and with authority which should be held at least equal to that of his assailants, maintain that he was fully justified in the course pursued. We quote, from a number of communications which have appeared in the papers of our own and other States, one or two extracts, to give the public an opportunity to know that the current does not all tend in one direction. A member of the regiment writes to the Lake City *Times* as follows:

Most of the regiment blamed Lester for surrendering. We all wanted to fight it out with them. I think that we could have whipped them, but it would have taken many lives to have done it. I believe that Lester thought he was doing the best thing he could for us when he surrendered. It was with the greatest difficulty that he kept from crying as he looked around upon his men—men that he knew to be brave and willing to fight. Dr. Butler pronounces him a coward. I beg leave to differ with him there. He was at every post of duty during the day, and gave his orders distinctly, and was as cool as he would have been were it a battalion drill, instead of a fight with the enemy. Again Dr. Butler says that we were surrendered to one thousand guerillas armed with shot-guns. This every man knows (to be plain) to be a *falsehood*; for at the lowest figure they were two thousand strong, armed, some of them, with shot-guns, of course, a great many had Sharp's carbines, and every man had a pair of Colt's revolvers, and some of them had sabres, and for men that wanted to fight they had the Michigan Ninth's guns; and when it came to giving no quarter, every man had his Mississippi dagger. Our regiment was nearly out of ammunition.

Another writes to the St. Louis *Democrat*, while the regiment was passing through that city for Jefferson Barracks, in this language:

An article appeared in yesterday's *Republican* reflecting severely upon the conduct and bravery of Colonel Lester, at the surrender of the Third Minnesota at Murfreesboro. I ask in simple justice to Colonel Lester and the officers under him, who are now prisoners of war, that the public suspend their opinion of that surrender until he and they may be heard from, remarking that the correspondents of the regiment, (without an exception,) who were either on the ground or near the fight, give an entirely different version from that furnished the *Republican* by a paroled member of that regiment. Col. Lester distinguished himself at Bull Run, as captain of Company K, First Minnesota; and for personal bravery on that and other occasions, was promoted to the Colonelcy of the Third Minnesota; and the thorough discipline insisted on by him at all times, has doubtless *made him some enemies among those who should have been pleased at the proficiency they had made, mostly through his efforts.*

These statements, with others of a similar nature which we might quote, should be sufficient to induce a suspension of public opinion with reference to the unfortunate surrender at Murfreesboro. If Col. Lester has been guilty of any unsoldierly conduct, let him have a trial before a competent military tribunal when he shall have been liberated from a rebel prison, and by the issue of that trial let him stand or fall. Until then we shall firmly believe, knowing the man as we do, that he has been foully, causelessly, and dishonorably slandered.

The Battle of Cedar Mountain---Details of the Fighting---Jackson's Tactics---Pluck of our Troops.

Correspondence of the N. Y. Tribune.

HEADQUARTERS ARMY OF VIRGINIA,
Camp 6 miles beyond Culpepper, Aug. 10, '62.

The battle yesterday between General Banks' corps and the rebel force under Stonewall Jackson and Ewell, was so sudden and fierce that it began before it was suspected at these headquarters to be more than a skirmish, and was ended before Gen. Pope could reach the field with McDowell and part of his corps as reenforcements. Gen. Bayard with his cavalry brigade, the 1st New Jersey, 1st Pennsylvania, 1st Rhode Island, and 1st Michigan Regiments, had the day before been as a reconnoissance to the Rapidan, and owing it is said to the negligence of pickets, had been nearly surprised and surrounded. By prompt movements he eluded the enemy, and brought off his command with loss of one killed and two wounded. Capt. Janeway of the 1st New Jersey captured and carried off twenty prisoners. The brigade fell back to camping ground near yesterday's battle-field, and on the morning of the battle being still in advance, were nearly all day more or less actively engaged in skirmishes and maneuvers. Cannonading began in the morning and continued with intervals during the day. Gen. Banks' advanced batteries were engaged at long range in the afternoon, while the rest of his command was coming up and taking position. His whole corps advanced to the field, and the attack was made by him and not by the rebels. It is nevertheless true that the rebels by their advance from the Rapidan had assumed the offensive: and the battle coming on as the natural result of the day's skirmishing, the actual final advance was only a question of tactics.

Gen. Pope was at Culpepper, seven miles away from the field. It was known that Jackson had crossed the Rapidan with a strong column, but no battle was expected that day. Gen. Bank's corps was sent forward to hold the position of advance, then only defended by the weak cavalry brigade of Gen. Bayard. During the afternoon cannonading, Gen. Banks was all the while of opinion that the enemy were not in front of him in force, and that he should be able to maintain himself without re-enforcements. In fact the battle did not seriously begin till about six o'clock. The cannonade which all the afternoon had been desultory and light, suddenly broke into prolonged and heavy reports, and dispatches coming nearly at the same moment from Gen. Banks, Gen. Pope mounted and with his staff started for the field. Gen. McDowell had previously been ordered to put in motion a portion of his corps, and the two Generals rode together to the front.

The narrow, rough, and hilly road from Culpepper was filled with the advancing troops of McDowell. The two Generals and their staffs rode the whole distance in the fields near the road, and as General Pope was distinguished by the troops, he was welcomed by regiment after regiment with salutes and ringing cheers. The regiments halted in the road, faced to the field, presented arms, and cheered with unmistakable enthusiasm and courage. Never were troops in better spirits or more eager for a fight.

The number of the enemy is variously estimated at from 15,000 to 20,000. Gen. Roberts, chief of cavalry on Gen. Pope's staff, who was on the ground, and all over it during the battle, puts the enemy at 30,000. He is an experienced officer, and his judgement is entitled to confidence.—Gen. Augur, who was severely wounded, also an old officer, estimates at 10,000. Whatever their strength, it was carefully concealed till the close of the day: then, when Gen. Banks advanced and the infantry fight began, it was suddenly developed in overwhelming numbers.

Against these unexpected masses of the enemy, our troops fought with the most determined courage. I hear from every quarter only the most enthusiastic praise of their behavior, during most of the engagement. Regiments advanced across open fields to attack an enemy of unknown strength, concealed in the woods, and when met by a most terrible fire, still persisted in the effort until they were almost destroyed. The 2d Massachusetts left the field with 80 men. The 5th Connecticut, the 27th Indiana, and the 48th Pennsylvania were so severely cut up that they could scarcely be called regiments. The 102d Pennsylvania lost nearly all its officers. In Gen. Crawford's brigade every regimental officer is said to be killed, wounded, or prisoners. Gen. Geary is badly wounded in the arm, but may save it. Gen. Augur is severely wounded. Gen. Prince is missing. The whole of the right wing, under Gen. Williams, was very severely handled.

Major Pelonze, Gen. Bank's Adjutant General, a regular army officer, took command of a regiment which was ordered forward in support of another hardly pressed, but which was hesitating, and the Colonel of which refused to lead his men into such a galling fire as awaited them. It was only a leader they wanted, for they followed Major Pelonze gallantly till he was wounded. Two bullets struck him—one on the belt plate, the other entering his side and severely wounding him. He still kept his seat, and went on; but was obliged to give up from the loss of blood and weakness.

Gen. Banks was in command all day, and during the battle was almost constantly under fire. I hear nothing but praise of his skill and courage; that he did all that with his force was possible; showed himself a capable General in the field, as he has for the broader manœuvers of a campaign.

The rebels under Jackson, aware of the advance beyond Culpepper, suddenly threw a strong column across the Rapidan, hoping by swift attack to fall upon and crush an isolated corps beyond the reach of immediate reinforcements.

Gen. Bayard with his cavalry checked their advance during the day. General Banks, pushing forward his artillery and following with infantry, finally, about 6 o'clock, came upon the whole strength of the rebels, hidden and strongly posted, and fought them for an hour and a half with only a fraction of their numbers, and when he found them too strong to be driven from their position, withdrew his troops and reinforced them on his original ground. Some regiments, not those I think that suffered most severely, left the field in disorder, but when Gen. Pope arrived he found Gen. Williams still holding his wing firmly, though his was the division which had fought hardest and longest and had lost most heavily. The enemy's losses, especially by our artillery fire, are immense. Their effort and confident expectation to overpower Gen. Banks by weight of numbers failed entirely. He held his ground, and inflicted as much loss as he suffered. If aware of the rebel strength he would not, I suppose, have attacked them when he did. Their strategy seems to have been meant to draw him upon an impregnable position, then destroy him at a blow. Good generalship on his part, and the fortitude of his troops saved the fortunes of the day, so that when reinforcements came up the battle was without decisive issue.

The rebels were reinforced at almost the same instant by the arrival of General Hill with 17,000 troops, but they made no serious attack afterward. McDowell's troops came on the field with loud cheers, and were rapidly thrown into position, taking the ground held by General Williams' exhausted men. Jackson's son saw that his effort was a failure, and abandoned the game.

For some hours in the early night there was more or less cannonading on both sides. The moon was full, the sky cloudless, and there was light enough for a General familiar with the ground, as Jackson was, to manœuvre as he pleased.

Later in the evening, Gen. Pope and Gen. Banks had a narrow escape. They, with their staffs and body-guards, were gathered on a hill which gave a good view of the grounds, and, although it was in front of their lines, retained the position after the lines were formed. As the troops passed, they cheered loudly and repeatedly, and probably drew the Rebels' attention to the spot, and led them to suspect the Generals' presence. A battery in the woods near by opened suddenly upon the hill, and kept up a rapid but inaccurate fire for perhaps 20 minutes. As the shell all went over and exploded in the field beyond, Gen. Pope did not change his position. The battery ceased its fire presently, and the Rebel guns elsewhere were also silent. On the left of the hill was an open valley, ascending on the other side to a hill which half-way up was covered with woods. The edge of the woods was not more than a quarter of a mile from the hill where Gen. Pope stood.

Very suddenly, while the fire was every where still, a volley of musketry came out of the woods, and a battallion of cavalry dashed from the cover and charged down the hill at a gallop, discharging their carbines as they came. Generals, staffs, and escorts mounted and started without much delay, riding straight for our own lines, but scattering to avoid the rebel fire. But the moment the rebels came in sight, the nearest infantry, ignorant or careless of their generals position, opened fire along the whole line. It checked the rebels, and did not kill many friends; but for four or five minutes the cross-fire under which generals and all were compelled to pass was rapid and hot. The sight of a sheet of flame from the line whose protection we sought, and the whiz of friendly bullets was a little startling; but there was nothing to do but keep on, for the fire continued, and the longer we waited the worse it would be. Two of Gen. Pope's body guard were killed, and one wounded. Gen. Banks was severely wounded by a runaway cavalry horse, which struck him in the side, but he kept his seat and remained in the field all last night and this morning. Col. Ruggles, Gen. Pope's Chief of Staff, had his horse shot under him. Col. Morgan, aid-de-camp to Gen. Pope, and Major Perkins, Banks' Chief of Staff, both had bullets through their hats.

It was destined to be a night of adventure. Gen. Sigel had been sent for to report to Gen. Pope, but as his position had been thus suddenly changed, the aid who carried the order could not find his General. While they were in search of him, the cannonade, stimulated by the infantry fire, had again become general. Some enterprising artillery captain who was stationed to the left and rear, began shelling without orders, and firing directly over Gen. Sigel's head, was endangering him and his officers by the premature explosion of shells, and seemed to be aiming in mistake at the advanced lines of our own troops. His performances were stopped quickly. Capt. Ball, of Gen. McDowell's staff, riding gallantly up to the battery in face of its fire and arresting the captain in command.

By 12 o'clock at night the field was quiet. Gen. Pope, Gen. Banks, and Gen. Sigel were in conference together on a hill which seemed to have been chosen as quarters for the night, for of course everybody was to sleep on the field. Notwithstanding his recent experience, Gen. Pope was again near the front of his lines, having only one battery beyond him on the right and nothing at all to the left. I had given my horse to an orderly, and was nearly asleep, when half a dozen rifle bullets brought the whole party to their feet and into their saddles, headquarters were moved half a mile further to the rear, and Gen. Pope gave over doing picket duty in person for the rest of the night.

H. J. BRAINARD & CO.'S MILLS,

SITUATED ON PHALON'S CREEK, WHERE THE STILLWATER ROAD CROSSES.

This Mill is just completed, and is in good running order. Our machinery embraces all the latest improvements, and was got up in the East, without regard to expense. It has two ran of Burrs, which will be kept running night and day, so that farmers coming from a distance can be accommodated without much delay.

The need of a first class Mill of this kind has long been felt by the citizens of St. Paul and vicinity. We have secured the services of James Craigie, who has made milling the business of his life, and in whom we can place entire confidence. All kinds of grain will be weighed when brought to the Mill, and also when taken away, if desired. We feel confident in saying to the public that we can make as good Flour and as great a yield to the bushel as any Mill in Minnesota, and respectfully solicit a fair trial.

Also a new Mill for grinding corn in the ear.

GENERAL ORDERS—NO. 26.

HEADQUARTERS ARMY OF THE OHIO,
IN CAMP, NEAR FLORENCE, ALA.,
June 24, 1862.

There are 14,000 officers and soldiers absent from their duty with the various Divisions of this army. Some of them have gone off without any authority; others with the permission of officers not authorized to grant it. In general, sickness is given as the cause of absence, but in very many cases the cause has notoriously ceased to exist, and men remain away, drawing the same pay as their comrades who are faithfully performing their duty. To correct this abuse it is ordered—

1. All officers and soldiers who are absent without direct authority from these Headquarters, the period for which has not transpired, will, on or before the 10th of July, proximo, join their companies or regiments wherever they may be. If ignorant of their locality, they will report to the commanding officer at Louisville or Nashville, by whom they will be directed to their regiments, or put on such light duty as they may be able to perform, if they are not entirely fit for active service; and those will be promptly reported to their regimental commanders by the officer so assigning them.

The cases of those who fail to join as above required, will be disposed of as follows:

2. If any absent officer or soldier, in consequence of sickness or wounds, is absolutely unable to report for duty as above required, he will forward by mail to "The Assistant Adjutant General, District of the Ohio, Nashville, Tennessee" a *Certificate of Disability*, according to the following form:

CERTIFICATE OF DISABILITY.

I declare on oath that I have carefully examined.....of Captain.....
Company, Colonel.....Regiment of .....Volunteers, now at this place and under treatment by me, and find him incapable of performing the duties of a soldier for the following reasons: [Here state all the *facts* known concerning the disease or wound, or cause of disability; the time, place, manner, and all the circumstances under which the the injury occurred or disease originated; the duty or situation of the officer or soldier at the time the injury was received or disease contracted; and whatever facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.]

(Signed).
Place:
Date: Surgeon [or Physician.]

Sworn and subscribed to before

This certificate must be subscribed and sworn to by a Surgeon or private Physician in good standing, and known as such by the magistrate or other officer by whom the oath is administered; and on it a discharge will be ordered from these Headquarters, or the case otherwise disposed of according to the circumstances.

3. The death of any officer or soldier which has occurred since the 1st of January last, while he was absent from his regiment or company, and which has been reported by the Surgeon of the Hospital in which the death occurred, or by the friends of the deceased if not in Hospital, will be immediately reported by the Surgeon of the Hospital, or by the affidavit of friends, to "The Assistant Adjutant General, District of the Ohio, Nashville," setting forth the date of decease and other material circumstances.

4. All absent officers and soldiers who do not join their companies and regiments, or are not turned as absent without authority, by the 10th of July next, will be reported on their muster-roll as deserters, dating from the time they may have been absent without authority.

By Act of Congress every deserter forfeits all claim on the Government for pay and allowances, besides being liable to arrest and trial by Court Martial. Any person who apprehends and returns a deserter to the commanding officer of a military post is entitled to five dollars.

By command of MAJOR GEN. BUELL.

FLORENCE SEWING
MACHINE AGENCY,
One door East of Davenport's Bookstore, on Third Street.
The "FLORENCE" SEWING MACHINES make FOUR DIFFERENT stitches on one and the same machine. Thus the LOCK, DOUBLE-LOCK, KNOT AND DOUBLE-KNOT, all of which make the seam alike on both sides of the fabric. Either or all can be produced while the Machine is in motion.
They have the REVERSIBLE FEED MOTION, which enables the operator to have the work carry either way, or to change the direction, and fasten the end of seams, welch, together with making a long and a short stitch, is done simply by turning a thumb screw.
Their motions are all positive. There are no springs to get out of order. They are so simple that the most inexperienced can work them perfectly and with ease. They are NOISELESS, and can be used where quiet is necessary.
They are the FASTEST SEWERS in the WORLD, making five stitches to each revolution. They oil no dresses. Their stitch is the wonder of all, because of its combined ELASTICITY, STRENGTH and BEAUTY.
Prices No. 1, $47.00, No. 2, $57.00, No. 3, $67.00, No. 4, $72.00, No. 5, $77.00, No. 6, $82.00, No. 7 Cabinet opener, $90.00, No. 7 Cabinet cased, $95.00, Mahogany $97.00, Rosewood $105.00. Hemmers and all necessary tools included in the above prices.

NOTICE TO HOLDERS OF RAMSEY COUNTY BONDS AND SCRIP.
The following resolutions were adopted by the Board of County Commissioners, July 21st, 1862.
Resolved, That the County Scrip and all over due Bonds of this County, (except Fort Street Bonds,) may be exchanged for Bonds running fifteen years, bearing interest at the rate of seven per cent. premium, payable semi-annually in Cash; and the Board shall levy annually an amount sufficient to meet such interest.
Resolved further, That all Bond holders who are willing to receive such new Bonds may, if they desire so to do apply one tenth of the over due Bonds so to be exchanged upon County Taxes prior to 1860.

This Society was organized in the year 1859, with a cash capital of $100,000 deposited irrevocably with the insurance Department of the State of New York, in United States bonds, on which it allows but seven per cent. per annum to the stockholders, and the entire profits of the business is shared by the policy holders. The nett profits in two years amounts to $129,000, which shows an unparalleled success in the history of Life Insurance. Its operations are managed by a Board of Directors composed of the the ablest business men of the country, and its business is conducted entirely on the cash plan. Dividends to the policy holders will be made every five years, and no Company in the country offers equal advantages to its dealers.

HOME

INSURANCE COMPANY,

NEW YORK.

Extract from Third Annual Report of the Superintendent of the Insurance Department of the State of New York. WM. BARNES, Superintendent.

There are now ninety-five joint stock fire insurance companies incorporated by the State of New York, engaged in the transaction of business; of these companies, fourteen only received premiums during the last year, amounting to over one hundred thousand dollars; four only received premiums above the sum of two hundred thousand dollars, and the premium income of one only exceeded three hundred thousand dollars. The premium receipts of this Company, the HOME, with a capital of $1,000,000, were $829,963.33. The premium income of thirty of the smaller companies was $851,578.65 only, with capitals, however, amounting in the aggregate to the sum of $4,900,000.

The state of things should be improved; the premium income of the mass of our fire insurance companies is by far too small for their capitals, and inadequate to the proper support of a separate and independent corporation. The experience of the HOME, PHOENIX, (of Brooklyn) and some other companies, has demonstrated that, with proper skill, tact and sagacity, business can be increased and managed to an indefinite extent, with entire safety, and even additional security to the company. We have now the machinery and organization in working order for nearly one hundred joint stock fire insurance companies in the course of a few years their business can be safely doubled, and even quadrupled, without doubling or quadrupling the yearly expenses. Any considerable expansion of business must of course be mainly effected through the instrumentality of reliable, safe, and well managed agencies. The premium income of the HOME amounts to nearly one-eighth part that of the ninety-five companies combined, so that eight corporations like the HOME could conduct the entire business of all these companies. If each company transacted the same amount of business as the HOME the aggregate premium income would reach the enormous amount of over seventy-eight millions of dollars per year. Our companies are not too numerous for the great future of this country, if managed on the progressive scale demanded by the spirit of the American people.

The annual statement of this our foremost local fire and inland company, made up to the first of January last, shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, President, A. F. Wilmarth, Vice President, and John McGee, Secretary, those well accredited officers very justly say: "The well-known reputation of the HOME for fair and honorable dealing, together with its capital of one million dollars, and surplus of over half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our State, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the first of January last summed up to $1,521,268.08, against an actual liability of only $55,080.43; and, moreover, it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company; bonds and mortgages $910,219.53, secured on real estate worth $1,715,900, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,630. Any one not satisfied with the security of the HOME as an insurance institution, must be hard to please.

In 1861 the HOME wrote $106,715,148, taking $829,963 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of ten per cent. was paid on the million capital; and after reserving an ample reinsurance fund, the company shows a "nett surplus" of $160,644 clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

LA CROSSE AND ST. PAUL

PACKET COMPANY.

SUMMER ARRANGEMENT

During the summer of 1862, till the close of navigation, the LaCrosse and St. Paul Packet Company, having completely equipped their Line and made large additions to their business facilities, will offer to shippers and passengers on the river greater inducements and conveniences, and QUICKER TIME, than was ever offered by any company on the river.

All the boats on the Chippewa, Minnesota, St. Croix and the upper Mississippi rivers, and the different lines of stages north of LaCrosse, will, the coming season run to connect with the Davidson boats and the LaCrosse and Milwaukee Railroad.

The LaCrosse and St. Paul Packet Company will run a

PASSENGER AND FREIGHT LINE.

The former will number two first class boats—the nicest and fastest on the river. They will be the McCLELLAN and NORTHERN BELLE.—The first will be the Lightning Line, making the run from La Crosse to St. Paul in EIGHTEEN HOURS, and returning will leave here in the morning, and arrive at La Crosse in twelve hours time to connect with the evening train, by which our passengers will make close connection and reach Milwaukee in time for cars, or boats on the Lake in TWENTY HOURS FROM ST. PAUL, and reach Chicago next morning, by Minnesota Junction or Milwaukee, in just TWENTY-FOUR HOURS FROM LEAVING ST. PAUL, and in time for close connection East! This will be the twelve hours the quickest time between these three cities ever made! Nothing but passengers, the mails, express matter, and express goods will be carried on these boats, which will be furnished in the best of style. Passengers will then have daylight

General News.

THE tunnel of Mount Cones, beneath the Alps, which, when completed, will be seven and a half miles long, is progressing slowly but energetically, under the direction of the Italian Government. The drilling of the rock is done by machines moved by compressed air, which is supplied by air pumps outside the tunnel, worked by water power. The compressed air is conducted to the drilling machine through pipes, and not only works the drills, but, escaping from the engine after its expansive force has been utilized, renews the air of the tunnel. The drilling is executed with great rapidity, but much delay is occasioned by the removal of the broken rocks after each blast, and the time, (six years) which was at first supposed to be sufficient for the completion of the work, is now doubled.—*Boston Courier.*

THE Franklin Literary Society of the Presbyterian College at Canonsburg, Pennsylvania, where Vallandigham graduated, has recently expelled him by a unanimous vote.

THE Caledonia *Mercury*, a leading Scotch paper, has a very judicious article on American affairs. It denounces the efforts of the London *Times*, and other papers, to make capital for the Confederacy, exhorts ministers to "speak out like men against the horrors of slavery, the guilt of aiding or abetting the slaveholder," and expresses its belief in the certainty of Northern success—"a success which recent events may have postponed, but cannot prevent. If Great Britain or France attempts at any stage to interfere, it would be repeating on a more gigantic scale the blunders of the French revolution."

DUKE PASQUIER, the oldest statesman in France, the very Nestor of publicists, has died at the age of 96. He was born, April 22, 1767—two years earlier than Wellington and Napoleon. At that time George III had reigned seven years: Louis XV had been 54 years on the throne on France; the Empress Catharine had been six years at the head of public affairs in Prussia; Joseph II was Emperor of Germany; Frederick the Great had reigned 27 years in Prussia, and, truly greater than any of these, Lord Clive was in the third year of his sway as first Viceroy of India. When Pasquier was nine years old, the Declaration of Independence was signed and proclaimed in Philadelphia. Into the life of this one man, extended so long beyond the natural term, were crowded the events of the world's history for nearly a century.

FORMS OF SALUTATION.—Most modern forms of salutation and civility are derived from chivalry, or at least from war, and they all betoken some difference, as from a conquered person to the conqueror: just as in private life we still continue to sign ourselves the very humble servants of our correspondents. The uncovered head was simply the head unarmed: the helmet being removed, the party was at mercy. So the hand ungloved was the hand ungauntleted: and to this day it is an incivility to shake hands with gloves on. Shaking hands itself was but a token of truce, in which the parties took hold each of the other's weapon hand, to make sure against treachery. So also a gentleman's bow is but an offer of the neck to the stroke of the adversary; so the lady's courtesy is but the form of going on her knees for mercy. The general principle is marked, as it ought naturally to be, still more strongly in the case of military salutes. Why is a discharge of guns a salute? Because it leaves the guns empty, and at the mercy of the opponent. And this is so true that the saluting with blank cartridge is a modern invention. Formerly, salutes were fired by discharging the cannon balls, and there have been instances in which the compliment has been nearly fatal to the visitor whom it meant to honor. When the officer salutes, he points the drawn sword to the ground: and the salute of the troops is, even at this day, called "presenting arms"—that is, presenting them to be taken.

War News.

GOV. KIRKWOOD AND THE NEGRO.—The Mansfield (Ohio) *Herald*, reports Gov. Kirkwood, of Iowa, as saying in a speech at that place that:

"For his part he preferred that in this war negroes rather than whites should be killed."

This is giving the negro a new turn and we shall expect to see him practice on this idea.

WANTS TO KNOW.—The Nashville *Union*, Andrew Johnson's organ, asks: "Is it not as constitutional for the Federal Government to use negroes in putting down this rebellion, as it is for the rebels to use them in carrying on the rebellion? Or, is it a fact, as some people seem to believe, that the rebels have all the constitution on their side and the loyal people have none?"

OHIO'S QUOTA FULL.—We learn that Ohio's quota for the 300,000 volunteers is full, and that Governor Tod declines receiving any more, as it is decided at Washington to draft for the second 300,000.

LITTLE RHODY is a trump—a brick among States—an example to be followed everywhere. The number of her people enrolled for military duty is about 20,000. This includes her whole population of able-bodied men, omitting such as are exempt for official or professional reasons. She has sent into the service about 6,000 in her three years' regiments, and about 1,300 have entered regiments out of the State, or enlisted in the navy. She is now raising 2,400 for her three years' quota under the new call, which will make 9,700 in all, or nearly one half of her population liable to military duty. But this is not all. She has sent to the field for three months service three regiments, two batteries and two cavalry companies. She will now furnish cheerfully her 2,400 nine months militia, which, omitting the three months men just named, will make her total number of men in service over 12,000.

THE WICKLIFFE FAMILY.—Secessionism has struck its roots deep in the family of President Tyler's Postmaster-General. Colonel Wickliffe, one of the sons, commands the Fifth Kentucky regiment in the Confederate army; another son, Ben. Wickliffe, ex-Governor of Louisiana, with his nephews, also joined the rebel standard. Another one, Col. Charles Wickliffe, was killed at Shiloh, and Capt. Nat. Wickliffe, who was aid to Gen. A. Sidney Johnston. is still in the service.

THE New York *World* intimates that Jackson's retreat was not in consequence of defeat sustained by him at the battle of Cedar Mountain, but because of the heavy reinforcement of Pope's army subsequent to the battle.

BANNER TOWNS.—The town of Gridley, McLean county, Illinois, has 180 voters. Of that number 120 have enlisted. The town of Highland, Grundy county, has eighty voters; seventy-eight have enlisted. Can this be beaten?

THE CITY.

COUNCIL PROCEEDINGS.—The regular semi-monthly meeting of the Common Council was held yesterday.

The Mayor submitted a list of the volunteers who had accepted the bounty of $20 to the number of 75, showing the number of families to be 25, who would apply for further aid.

The Committee of Ways and Means reported the further issue of $1,515 in change scrip, and a cancellation of the like amount of the old orders—making the whole amount ot small change in circulation $5,000.

Ald. Paine offered the following:

Resolved, That the Committee of Ways and Means be directed to cause to be issued three thousand more of change scrip of the same denominations as last issued, and that the same be disposed of by said Committee for a like amount of bank bills; and that the amount so received together with the city scrip now in the hands of said Committee be used by the City Treasurer to pay the current expenses of the city; the scrip issued under this resolution shall be receded for all dues to the city, and shall be redeemed by the City Treasurer when presented in sums of five dollars in current bank notes.

Adopted—ayes 6, noes 4.

The fine of $20 imposed upon John Burch, by the City Justice, was remitted.

A resolution was adopted requiring all allotments made for the support of families to be made to the Mayor.

A resolution was adopted making an appropriation for the purpose of purchasing swords for Alds. Grant and Valentine on behalf of the city.

The seat of Wm. Corcoran, of the 4th Ward, was declared vacant, and a resolution adopted authorizing a special election to fill the vacancy on Thursday, the 28th inst.

The Council decided that it was not expedient to paint the bridge this year, and also, to take no further steps to grade the Upper Levee.

Wm. Paist, Justice of the Peace in the 4th Ward, sent in his resignation, on account of having volunteered in the army, and recommended H. M. Dodge as a suitable person for his successor. Mr. Dodge was elected.

MAJOR-GENERAL BANKS.—The bearing and skill of Major-General Banks in the battle of Saturday are mentioned with applause by the telegraph. "Banks," say the despatches, "was on the field throughout the action and constantly under fire. His handling of his troops and personal gallantry are praised by his officers." This praise does not surprise us. Banks is no humbug. He is a genuine man. He is a successful man. He has succeeded excellently and eminently in everything he has ever undertaken. He is a strong, brave, quick, sagacious, live man. We have faith in him.—*Louisville Journal.*

We are pleased to learn of the continued good success of the Mutual Life Insurance Company of Wisconsin, throughout the northwest. This, in fact, is the only Life Insurance Company, whose interests are identified with the northwest, and whose patrons are not liable to be affected by the high rates of exchange, that often rule in favor of eastern cities. This Company selects its risks with the greatest care, and confines its business to WISCONSIN, MINNESOTA, and NORTHERN IOWA, the healthiest section of our Union, and as a consequence the ratio of loss, to amount insured, is very small, amounting last year, to only a little over one-fourth of one per cent. It stands among the first companies in the country, in point of security for its policy holders, and first in promptness to pay losses. This Company grants WAR PERMITS to all its members, and to all who may insure, and afterwards enlist, or be drafted, into the service of the United States. For particulars call on or address

State News.

NEW WHEAT.—Mr. G. A. Beireis, of the town of LeRay, brought to the Mankato Mill, on Tuesday last, a load of new wheat, which would class as No. 1 in any market in the world. It was a winter variety, and weighed 66 1-2 pounds to the measured bushel.—*Mankato Independent.*

THAT fruit can be grown in Minnesota can no longer be denied. We lately saw an apple that grew upon the farm of Mr. George Post, of Wacoota, which for beauty, size, and everything that pertains to good fruit, would be hard to beat. If our farmers would pay a little more attention to raising fruit, we could soon supply our own market.—*Red Wing Republican.*

ALL our exchanges speak of the large number of emigrants pouring into our State. The Glencoe *Register* says:

"Never since the lively times of 1857, have we seen claim seekers so plenty. It looks natural, and reminds of the days before hard times. We notice the surveyors around again, busy as they used to be. The compass has had a long rest in these parts for the past few years, and it is very proper to call the service of surveyors into use. The prairie fires have burned up all the government stakes, and the lines of the public land have to be run over again."

THE CROPS.—The harvest of spring wheat commenced here the fore part of last week, and the bulk of the crops will be cut by the end of this week. As far as we have been able to learn the crops generally will average a larger yield this year than any previous year. The yield of different fields of wheat is variously estimated at an average of from 20 to 35 bushels per acre. The whole average yield in this and neighboring counties will doubtless run over 25 bushels per acre. Here and there a field of wheat has been somewhat injured by smut and rust, but this is the exception and not the rule. The great bulk of the wheat crops is unusually good. Barley, oats and corn will also yield abundantly.—*St. Peter Statesman.*

RETURNED.—Thos. G. Jones, Esq., has returned from Washington. We are informed that he has received the appointment of United States Collector for the Second Congressional District. It is a lucrative position, and we are pleased to be able to congratulate friend Jones in securing it. He will make a good officer.—*Anoka Rep.*

WE hear from all parts of the State, and particularly from this county, the most encouraging reports about the new crops. It is expected that it will equal if not surpass the crop of two years ago.—*Rochester Post.*

NORTHWESTERN COLLEGE.—Rev. Alvin D. Williams, A. M., President, with a Board of ten competent instructors. The Northwestern College is located at Wasioja, Dodge county, Minnesota, on the direct line of travel from Winona and La Crosse to Owatonna, Faribault, Mankato, and St. Peter—being on the line of the Transit Railroad, and near that of the Minneapolis and Cedar Valley road.

Legal Notices.

THE STATE OF MINNESOTA, COUNTY OF GOODHUE — DISTRICT COURT—FIRST JUDICIAL DISTRICT.

In the matter of the application of Isaac Nichols, an Insolvent Debtor, for a discharge from his debts, pursuant to the provisions of Chapter 79 of the Compiled Statutes of the State of Minnesota, entitled "Relief of Insolvent Debtors."

To the creditors of said Isaac Nichols, an insolvent debtor:

Please take notice, that upon reading and filing the petition, schedule, inventory and affidavit of Isaac Nichols, a resident of said county and State, praying to be discharged from his debts, pursuant to the provisions of Chapter 79 of the Compiled Statutes of the State of Minnesota, entitled "Relief of Insolvent Debtors," an order was made on the 26th day of May, A. D. 1862, by the Hon. S. J. R. McMillan, Judge of the District Court for the First Judicial District of said State, requiring the creditors of said Isaac Nichols to show cause, if any they have, before the said Judge, at the Court House, in the city of Red Wing, in said county on the 2nd day of December, A. D. 1862, at 10 o'clock of that day, why an assignment of the said insolvent's estate should not be made, and he be discharged from his debts, pursuant to the said Chapter of the Compiled Statutes, and that notice thereof be given by publishing the contents of said order in the newspaper published in the city of St. Paul, Ramsey county, the seat of government of said State, called the "St. Paul Press," and in the "Goodhue Volunteer," a newspaper published in Red Wing in said Goodhue County, and in the "Albany Argus," a newspaper published at the city of Albany, the seat of government of the State of New York, for ten successive weeks, once in each week before such application.

Dated at Red Wing, Goodhue county, Minnesota, this 26th day of May, A. D. 1862.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold TWENTY-SEVEN THOUSAND. These instruments are now in use not only in the United States and Canada, but also in Europe, Asia, Africa, South America and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held.

AT ALL INDUSTRIAL EXHIBITIONS THEY HAVE INVARIABLY BEEN AWARDED THE HIGHEST PREMIUM WHENEVER EXHIBITED IN COMPETITION WITH OTHERS.

We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

Agents for the sale of our Melodeons may be found in all the principal towns of the United States and Canada.

REMOVED.

EYE & EAR.

DR. UNDERWOOD

Of Chicago, Ill., the eminent and skilful operator on the Eye and Ear, whose name and fame is so extensively known throughout the United States, for his science, skill and success in performing formidable operations, and in removing difficult and dangerous diseases from those delicate organs, has arrived in St. Paul and may be consulted in INGERSOLL'S BLOCK for a short time only.

Dr. U., who is a regular Physician and Surgeon of the old school, has had an extensive experience in both hospital and private practice of twenty-eight years, and will be found competent to perform any operation necessary to restore lost sight or hearing, or be other mild and gentle means to remove any disease from those delicate organs within the reach of science and human skill.

CHRONIC DISEASES, of every grade and character, whether requiring medical or surgical treatment, POSITIVELY and PERMANENTLY CURED, when not clearly beyond the reach of science and human skill.

Dr. Underwood treats all diseases on regular and scientific principles as recognized by the medical profession both in Europe and America, and hence does not use or deal in those pretended new and never failing remedies—specifics, inhaling vapors, and clairvoyant prescriptions—which are so ostentatiously paraded before the public by those impudent traveling quacks and money-fleecing empirics, nine-tenths of whom never were inside of a medical college. Patients afflicted or laboring under diseases of long standing, can consult Dr. U. with the most confident hope and expectation of being perfectly cured, or receiving with unerring certainty all the relief that the highest skill, the most judicious and scientific treatment can possibly bestow.
